PROSPECTUS
OF THE
CAROLINA SENTINEL.

I pledge myself to give my utmost support to the present Administration, while it shall continue to act as it has hitherto acted—for the good of the People; while it continues to deserve what it has hitherto deserved—the thanks of the People. I believe that any encroachment of the delegated powers of the General Government, upon the State Sovereignty, is destructive of Liberty. I care not by what pretence it may be adorned, by what names it may be supported, I believe it to be contrary to the tenor of the Constitution, contrary to the immutable principles upon which the Constitution is based, and I therefore will firmly and fearlessly oppose any such encroachment. I believe that Industry can protect itself, and that high pseudo protecting duties never can attain such a desirable end. I believe that the self-styled American System is false and foolish in theory, and ruinous in practice. These are the principal articles of my political creed, and I will defend them as well as I can. I will not be the bigotted or knavish tool of any Party, but I will, to the best of my ability, tell the truth, and the whole truth, and nothing but the Truth, concerning Public Men and Public Measures.

THE CAROLINA SENTINEL will be published every Saturday at \$2 50 a year, if paid in advance, or \$3, if paid at the end of the year. Any person who shall obtain five subscribers, and guarantee the payment thereof, shall have the sixth paper gratis.
Advertisements inserted at the usual rates.

FAMILY LIBRARY.

T. WATSON has for sale a few copies of **"THE HISTORY OF THE JEWS,"** by the Rev. H. H. Milman, in three volumes, 18mo. illustrated with original maps and plates. The following are but a few of the numerous testimonies of approbation which Mr. Milman's History of the Jews has received in Europe:
"The editors have been most fortunate in engaging on this work the pen of a scholar, both classical and scriptural, and so elegant and powerful a writer, as the Poetry Professor. Few theological works of this order have appeared either in ours or in any other language. To the Christian reader of every age—and we may add of every sect—it will be a source of the purest delight, instruction, and comfort; and of the individuals who open it merely that they may not remain in ignorance of a work placed by general consent in the rank of an English classic, is there not every reason to hope that many will lay it down in a far different mood."—*Blackwood's Magazine*.
"Though the subject is trite, the manner of treating it is such as to command our deepest attention. While the work has truth and simplicity enough to fascinate a child, it is written with a masterliness of the subject and an elegance of composition that will please the most refined and fastidious reader."—*Edinburgh Saturday's Post*.
"It cannot help being one of the most deeply interesting works of the day: it is invaluable to the Christian scholar."—*Birmingham Journal*.
"The most popular history of the sons of Israel that has hitherto been published. The highest encomium we can pass upon the work under notice, is to urge its purchase, from a conviction of its striking and permanent worth."—*Berk. Chron.*
"We are acquainted with no work which we can more heartily recommend to our readers; to the younger part of them especially, we are sure it will prove a most acceptable present."—*London Literary Gazette*.

NOTICE.—The celebrated strengthening Plaster, for pain and weakness in the breast, back, or side; also, for Rheumatic Affections, Liver Complaints, and Dyspepsia, for sale at No 38 Beekman street. This medicine is the invention of an eminent surgeon, and so numerous are the instances in which the most salutary effects have been produced by it, that it is with the utmost confidence recommended to all who are afflicted with those distressing complaints. The sale of this remedy commenced in May, 1827, from this establishment, and the sales have been very extensive. It affords as great pleasure in stating, notwithstanding a condition was annexed to each sale, that if relief was not obtained, the money should be returned, out of those numerous sales, from the period above mentioned, up to the present time, ten only have been returned; and those upon strict enquiry, were found to be diseases for which they were not recommended. This, we trust, when fairly considered, will be the strongest evidence that could possibly be given of its utility.
Where the applicants are known, no money will be required till the trial is made and approved; where they are not known, the money will be returned, provided the benefit above stated is not obtained.
Apply at 38 Beekman, corner of William street. New York. 2d April, 1830.

And every other article in his line of business.
He returns his unfeigned acknowledgments for the liberal encouragement he has heretofore received, and hopes, by renewed diligence, to be enabled to give satisfaction to those who may think proper to favor him with their orders.
He continues to make, when called for, COFFINS, of mahogany and common wood, in the neatest manner, and at the lowest prices; and will attend to the interment of the Dead.

GOLD MINES, LANDS, NEGROES, &c.
THE Subscriber wishing to remove from the neighborhood, offers for sale his valuable Plantation, four miles west of Charlotte. The tract contains two hundred and eighty-two acres of land, a large part of which is as good as any in Mecklenburg county; about one hundred acres are first, second and third crop ground, of the best quality.
The Plantation nearly adjoins the celebrated Capps' Gold Mine; and the opinion seems to be well founded, that Gold abounds in two hills particularly, on the plantation. A branch runs through it for three quarters of a mile, which, it is thought by men of judgment, is as rich in the precious metal as any of the Burke Mines. There is also on the plantation good Water Power, and an excellent Mill Seat for mining operations, also a Dwellinghouse, two Barns, Stables and other necessary out-buildings.
Also, twenty or twenty-five likely young Negroes for sale, or a part of them,—such as may not wish to follow me.
Any person desirous of purchasing, can call and view the premises: or enquire of Mr. Robert J. Dinkins or Dr. J. D. Boyd, of Charlotte, for a description, &c.
WILL: BOSTWICK.
Charlotte, N. C. March 29, 1830.
N. B. The Editors of the North Carolina Journal, North Carolina Sentinel, and Milton Gazette, will please give the above twelve insertions in their respective papers, and forward their accounts as above directed, for payment.

THE MEDICAL COMPANION,
OR
FAMILY PHYSICIAN;
TREATING OF THE
DISEASES OF THE UNITED STATES,
With their symptoms, causes, cure, and means of prevention: common cases in Surgery; the management and diseases of Women and Children; a Dispensatory, for preparing Family Medicines, and a Glossary explaining Technical terms—Also, the Nurse's Guide.

Revised, enlarged, & very considerably improved
BY JAMES EWELL, M. D.
On the important subject of domestic medicine, many books have been written, which, though excellent in other respects, have greatly failed of usefulness to Americans; because they treat of diseases which, existing in very foreign climates and constitutions, must widely differ from ours. The book now offered to the public has, therefore, the great advantage of having been written by a native American, of long and successful practice in the southern states, and who, for years past, has turned much of his attention to the composition of it.
To every family, more especially those in remote situations, the possession of this book must unquestionably, be of incalculable value; for, conducted by such a guide, it will not be presumptuous to say that any person of tolerable capacity, and reasonable attention, may be enabled to practice with safety and advantage, in those cases of simple diseases most incident to our climate.
RECOMMENDATIONS.
In testimony of the merits of this work, the following commendations, by some of the most distinguished medical characters of the United States, are inserted.
Baltimore, Nov. 18, 1822.
DEAR SIR: I have been truly gratified in the perusal of the Sixth Edition of your *"Medical Companion, or Family Physician."*
The improvements made in this new impression of your work, compared with the former editions, are indeed extensive and important. Independent of your having enlarged considerably on diseases generally, you have introduced additional matter which greatly enhances its value. The introduction of the Nurse's Guide, as also the treatise you have given on the management of female complaints, will have the most happy effects in correcting the gross errors daily committed by ignorant persons, and thereby save many valuable lives.
I do not hesitate to say, that this new edition of your *Medical Companion*, is decidedly the best popular treatise on medicine, that has ever been published; and considering it, as I verily do, a safe and useful guide for heads of families, as well as for young practitioners of medicine, I take much pleasure in recommending it to the attention of our fellow citizens, both in town and country.
I will only add, if your book meets with that encouragement, to which it is justly entitled, you will very soon be called upon, by the public, for another edition.
I am, dear sir, with much respect, your friend and servant
COLIN MACKENZIE, M. D.
Dr. James Ewell.

Philadelphia, August 13, 1816.
DEAR SIR: I have looked over, with some care, the copy of the *Third Edition* of the *"Medical Companion"* which you did me the favor to present to me.
By the additions and revisions given to this new impression of the work, it is not only enlarged, but exceedingly improved.
After stating so much, I need hardly repeat an opinion, which I publicly expressed on a former occasion, that I consider it, as indisputably, the most useful popular treatise on medicine with which I am acquainted.
Compared with the European Books of the same nature, it has, especially in relation to the treatment of the diseases of our own country, a very decided superiority.
I trust that the success of this literary enterprise may be equal to your very generous and benevolent disposition.
With great respect, I am, dear sir, yours, &c.
N. CHAPMAN, M. D.
Philadelphia, December 31, 1807.
DEAR SIR: I have carefully perused your *"The Medical Companion,"* and take much pleasure in expressing my entire approbation of the plan, and of the utility with which you have conducted your inquiries. Your book cannot fail to be a very acceptable present to the public in general, and especially to our own countrymen. I am really of opinion, that you are entitled to much praise for the pains which you have taken in furnishing us with a work, the want of which has long been experienced among us.
Your friend, &c.
B. S. BARTON, M. D.
