DE LA MONTERAT'S COLUMBIAN VEGETABLE SPECIFIC.

For the Cure of Consumptions, Asthma, Spitting of Blood, and Pulmonary Affections of every kind. The most valuable remedy ever yet discovered for the cure of Consumptions and all diseases of the breast and lungs leading to consumptions. To all afflicted with these troublesome affections, an immediate use of this highly celebrated specific is only necessary to convince the most incredulous of its possessing qualities superior to any other medicinal preparation yet discovered. This specific is obtained by extraction from herbs, roots, plants, &c.: in combination of those most valuable herbs it becomes a balsam of superior value to the human family. It heals the injured parts, opens the pores, and composes the disturbed nerves; and while it cleanses and heals it also gives strength to the tender lungs, improves digestion, repairs the appetite, and improves the spirits. This specific is always given in safety—it is mild and pleasant to the taste, and may be safely given to women in whatever condition, the most delicate circumstances not excepted. A great many well authenticated certificates could be obtained: the proprietor is opposed to any thing like puff, and prefers to risk it on its own merits alone. The public will please be cautious of a spurious article:—none are genuine without the signature of the proprietor alone, which will accompany each bill of direction.—Price one dollar.

DR. RUSH'S ANTI-DYSPEPTIC, OR SOUR STOMACH PILLS

Have stood the test of experience, and are found to be an infallible Cure for Indigestion. These pills have been highly approved of by those who have used them for the above disease.—They act as a powerful tonic, neutralizing the acid upon the stomach—give strength to the debilitated organs of digestion—restore the appetite—and remove nausea and sickness at the stomach, habitual costiveness, head-ache, despondency of the mind, paleness of the countenance, palpitation of the heart vertigo or giddiness, belching up of water which is sometimes tasteless but most commonly sour, and many other nervous affections. They do not contain mercury in any form, nor do they sicken the stomach as most purgative medicines do, but perform the office of a safe and mild cathartic. There is no restriction in diet or drink, or exposure to wet or cold, while using them. They are therefore particularly calculated for family use. The proprietor of these pills was one of the most eminent practitioners of medicine in the United States, and used them successfully in his practice for many years.
