NORTH CAROLINA SENTINEL.

The Superior Court for this county, the Honorable Judge SETTLE presiding, commenced its fall term on Monday last.

INTERNAL IMPROVEMENT MEETING.

In pursuance of one of the resolutions adopted at the late town meeting, the Chairman called upon the citizens of the town and county to meet at the Court House on Monday evening last. The call was promptly and generally obeyed. William Gaston in the Chair, and James W. Bryan, Secretary.

The Chairman having explained the object for which we had again assembled, caused the proceedings of the late district convention held at Kinston. to be read, together with the Report adopted by the same.

Mr. Gaston then addressed the meeting in a forci ble and eloquent manner, calling upon our citizens by every consideration of patriotism, duty and interest. to move forward to the accomplishment of the important work upon which they were now deliberating, the great utility and necessity of which, he forcibly impressed upon them. J. H. Bryan then offered the following resolutions, which were unanimously adopted :

Resolved, That this Meeting do earnestly recommend to the Legislature of this State to extend libeand provide for the gradual payment of them by taxation.

Resolved, That it be recommended further to the Legislature, to subscribe for two-fifths of the Stock in any company hereafter to be incorporated for the purpose of Internal Improvement, which may tend to create and improve markets within the limits of this State.

Isaac Croom, John C. Washington, and William but which contains nothing more than a calm and happiness of the natives of India, and by the opening B. Kilpatrick, were appointed Delegates to the Convention under the first Resolution.

The business for which the meeting was convened having been thus disposed of, Isaac Croom, Esq., af. ter a pertinent address to the meeting, submitted the following Resolutions, which were adopted :--

Resolved, That in the opinion of this meeting, is is expedient and just, that the ensuing Legislature recommend a Convention to the people of North Carolina, for the purpose of making the specific amendments to our State Constitution proposed by our Western brethren Resolved, That our Representatives be instructed to lend their

aid and concurrence in the adoption of any measure, securing hese objects, with the express proviso however that the Convention be strictly confined to the proposed amendments.

B. COLEMAN, Chr'n. LEWIS C. DESMOND, Sec'ry.

To the Editor of the Sentinel.

I would suggest to the members elect in the next General Assembly of this State, the propriety of calling meetings in their several Counties, to ascertain as far as may be practicable, the views of the people upon the subject of Rail Roads, as it is likely to be the all-absorbing question at the next Session.

It is known to every old member of that body, that much indifference is always manifested by members when called to act upon any leading question, if it has not been agitated amongst the people at home. And to that cause may be attributed the total failures that have attended every effort to improve the condition of the State.

I therefore, beg leave to say to the people of Onslow County, that a very convenient opportunity will offer about Tuesday of our next Court, for an expression of their sentiments upon the subject.
