

THE SENTINEL.

NEWBERN: WEDNESDAY, MARCH 23, 1836.

REPUBLICAN TICKET.

FOR PRESIDENT, MARTIN VAN BUREN. FOR VICE PRESIDENT, RICHARD M. JOHNSON. FOR GOVERNOR, RICHARD D. SPAIGHT.

We publish to-day, the speech of the Hon. ISAAC HILL in the Senate of the United States, on the subject of the Abolition petition. It is one of the soundest and most convincing speeches that has ever been delivered on the subject, and is particularly recommended to the perusal of those who are inclined to believe that the Abolition societies embrace any respectable number of the citizens of the North.

Opposition Honesty.—Mr. Calhoun, who seeks every opportunity to injure the prospects of Mr. Van Buren, took occasion a short time since, to introduce into the Senate chamber a paper printed at Utica, N. Y., bearing at its head the flag of Van Buren, and supporting the views of the Abolitionists with great zeal.

The late speech of Mr. Mangum on Mr. Benton's resolutions, is certainly one of the strangest tirades ever delivered in a Legislative Assembly. Its disconnected digressions, contradictions, quibbles, and malignant spirit, shew very plainly that the recent Senator from North Carolina, after having wilfully abandoned the safe path of duty and common sense, is lost in the wilderness of error, and like the stag in the fable, has hung himself by the horns.

The attention of our readers is invited to the annexed extract from Mr. CLAY'S speech delivered in the Senate a few days ago. Speaking of the right of Congress to abolish slavery in the District of Columbia, he said, "On the subject of the right of Congress to abolish slavery in the District, he was inclined to think, and candidly required the avowal, that the right did exist though he should take a future opportunity of expressing his views in opposition to the expediency of Congress, with respect to the District of Columbia, all the powers not prohibited by it, and was directly contrary to that provision of the same instrument with respect to the States, which prohibited the exercise of powers not granted and reserved them to the States and their people."

It will be recollected that Gen. Dudley denounces Mr. Van Buren upon the ground that he entertains sentiments similar to the above.

LENOIR COUNTY.

A respectable number of the Democratic citizens of Lenoir County met at Moseley Hall on the 12th March, 1836, and was organized by calling J. ROUSE, Esq., to the Chair, and appointing WILLIAM GRAY, Esq., Secretary. On motion, it was unanimously Resolved, That it be recommended to the Democratic Republicans of all the counties composing this Electoral District, to appoint Delegates to meet in Convention at the Court House in Newbern, on Tuesday of Craven Superior Court, for the purpose of nominating some person as a candidate for Elector of this District, who will, in the event of his election, vote for MARTIN VAN BUREN as President, and RICHARD M. JOHNSON as Vice President of the United States.

Resolved, That Needham Whitfield, James Cox, Jesse Hutchins, Charles Westbrook and George Whitfield, Esqrs., be appointed Delegates from Lenoir County to said Convention. Resolved, That we view His Excellency RICHARD DOBBS SPAIGHT as the candidate of the Republican Party for Governor of this State; and having the fullest confidence in his abilities, integrity, and devotion to Republican principles, we cordially recommend him to the voters of North Carolina for re-election.

Resolved, That WILLIAM D. MOSELEY, Esq. is entitled to the thanks of this meeting for the able manner in which he has discharged the duties devolving on him as Senator from this county for several years past; that his zeal to promote the good of the people generally, and his tried abilities, together with his sound and unwavering republican principles, entitle him to our fullest confidence. We therefore nominate and recommend him to the freeholders of Lenoir and Green as a suitable candidate to represent them in the Senate of the next General Assembly.

Resolved, That we fully approve of the course of our representatives in the last Legislature, and do hereby nominate WINDAL DAVIS as a candidate for re-election as member of the House of Commons.

Resolved, That the proceedings of this meeting be published in the Sentinel at Newbern, the Raleigh Standard and other papers in this State friendly to the Republican cause.

J. ROUSE, Chairman. WILLIAM GRAY, Sec.

PUBLIC MEETING.

The Citizens of Craven County, who are friendly to the election of MARTIN VAN BUREN for President, and RICHARD M. JOHNSON for Vice President, and RICHARD D. SPAIGHT for Governor, are requested to meet on Saturday evening next, at 7 o'clock, in the building lately used as a Reading Room, adjacent to the Post Office, on which occasion Delegates will be chosen to represent Craven County in a District Convention to be held at the Court House in Newbern, on Tuesday of our next Superior Court, for the purpose of selecting a candidate for Elector of this Electoral District at the approaching Presidential election.

Many Citizens. Newbern, March 23d.

RAIL ROAD CONVENTION.

TRENTON, March 15th, 1836. This being the day for the meeting of the Convention, the Delegates from the several counties having appeared and produced their credentials, took their seats. On motion of John Hammond, Esq., Bridges Arendell, Esq., a delegate from the County of Carteret, was appointed President, and Nathan Foscoe, Esq., Secretary. The President, after returning thanks for the honor conferred upon him, explained the object for which the Convention was called.

The following resolutions were unanimously adopted, after the meeting had been addressed by several of the delegates. Resolved, That whilst we are the advocates of any system of Internal Improvement which will promote the interest and welfare of any portion of North Carolina, we cannot but regret the want of unanimity among our citizens upon such a system as will build up a market within our own State, develop our own resources, and secure to ourselves the advantages which our climate, soil and seaport towns, are so well calculated to afford. Resolved, That we believe that the construction of a Rail Road from the port of Beaufort, through Trenton, and thence westward, would not only promote the prosperity of North Carolina, by staying the tide of emigration and increasing the wealth of her citizens; but in a political point of view, would be the means of making us a contented, united and happy people, and of giving to our good old State, a character and standing equal with that of her sister States, which her want of Internal Improvements, and consequent dependence, have so long unfortunately deprived her of.

Resolved, As the sense of this Convention, that we will use all honorable means to promote the construction of this Rail Road, and in furtherance of that object, that a Committee be appointed by the Chair to draft a Memorial to the next General Assembly of this State setting forth the great necessity, utility and advantages of this Rail Road, and praying the General Assembly, for an appropriation in money to carry the same into operation. Resolved, That our Representatives in the next General Assembly be instructed to procure the passage of an act of incorporation for said Rail Road, to present the said Memorial to the said General Assembly, and to use all honorable means to obtain an appropriation as aforesaid.

Resolved, That our sister counties throughout the State, be respectfully solicited to co-operate with us, in this great and important undertaking, and that copies of these resolutions be sent to the Chairman of every County Court in the State. Resolved, That 500 copies of the Memorial be printed, and sent to every member elect of the next General Assembly.

PENNSYLVANIA SPEAKING OUT.

On the 1st inst., a democratic meeting was held in Reading, Pennsylvania, at which the following named persons, who, we are informed, are of the highest respectability, presided: "William Schener, Esq. President; John Riter, Col. John Miller, Peter Nagle, and Jacob Gehr, Esqs. Vice Presidents; and Gen. George M. Keim, and Dr. Heister H. Muhlenberg, Secretaries."

The following preamble and resolutions were unanimously adopted: Whereas, a bill to recharter the United States Bank has been passed by the Legislature, in opposition to the known and often repeated expression of the will of the people; "And whereas, in the form and manner of its introduction to the House, treachery and fraud are openly manifested, the bill having been brought in suddenly and without a single petition in its favor, and under cloak of a title to extend the improvements of the State, and to repeal taxes which have expired by their own limitation; and moreover, having been forced through the House hurriedly and without debate, by means of the previous question, or gag law, before the people had time to express an opinion on a bill of such magnitude, and so dangerous to their liberties;

"And whereas, this bill has been the favorite measure of an administration elected by a minority of the people, which administration, through fear of the people, is withholding the Convention bill, thereby endeavoring to suppress a measure resolved on by a decided majority, and thus to prevent the overwhelming expression of public indignation against men whose first act has been to sell our liberties and those of our posterity forever, to a hateful monied aristocracy;

"And whereas, all laws passed, and all corporations chartered, since the declaration of the people in favor of a convention to revise and amend our State constitution, are subject to the decision of that convention, and must be declared null and void, if contrary to its decisions, or unless renewed by a subsequent legislature;

"And whereas that dangerous enemy to our liberties, the United States Bank, has been rechartered since the measure of a convention was resolved on, and it has therefore accepted its charter knowingly, and with its eyes open to the fact of its being subject to the decision of the convention;

"And whereas, the said Bank in particular, has been repeatedly declared against by the people, as dangerous to their liberties, and its charter has been gained by open bribery, and attempts at bribery, either by its agents or known friends, or, in the language of the honorable traitor from Cumberland, 'by terrifying the timid, and buying the venal'; Therefore,

"Resolved, That the United States Bank is hereby warned, that it pay no moneys to the State, under its present charter, and that if it does so, it is done at its own peril, and should such payments be demanded or received by the Governor, it is done on his own responsibility, and not as the agent of the public.

"Resolved, That in the opinion of this meeting, the charter of the Bank may rightfully be annulled by the convention of the people to revise the constitution, and if so, it would be a just, legal, and necessary act, and one which we will support at all hazards.

"Resolved, That should the Convention bill not pass the House, or be postponed to a late period as there proposed, it would be right and proper to take the matter into our own hands, and proceed to elect delegates in May, to meet and act according to the requirements of the bill, as passed by the Senate.

"Resolved, That the Democratic party should be cautioned to keep an eye on the movements of the Legislature, lest the Convention bill be suddenly passed at the close of the session, and the election of delegates be gone into immediately, or before the people generally could become acquainted with the passage of the law.

"Resolved, That the Democratic central State committee, is hereby advised to recommend the call of meetings in all the counties, for the purpose of choosing delegates, to meet in Convention, according to the usages of the Democratic party, there to devise ways and means of effectually opposing the monster bank and procuring a repeal of its charter, and to regulate the method of electing delegates to the Convention to amend the Constitution of the State, if it should become necessary so to do.
