NOTICE.

WANTED for the United States Army, a few able-bodied citizens, between the ages of 18 and 35 years, being above 5 feet 6 inches high, of good character, and of respectable standing among their fellow-citizens. None need apply to enter the service, but those who are determined to serve the period of their enlistment,—which is only three years—honestly and faithfully.

Table showing pay for Discretionary Soldiers, when mounted, and Pay of Artillery and Infantry Soldiers and Dragoons when serving on foot. Columns include Pay per month, Pay per year, and various allowances.

Besides the monthly pay, as above stated, one ration per day is allowed every soldier, which is amply sufficient for his subsistence—also, a large supply of comfortable and genteel clothing. Good quarters and fuel are at all times furnished; and every attention will be paid to making those men who may enlist, and are determined to serve their country in good faith, comfortable and contented with their situation. The best medical attendance is always provided for the sick soldier; and no deduction of pay is made during the period he is unable to perform his duty. By the above it is seen that the pay and allowances are respectable, and that, with prudence and economy, the monthly pay of the soldier may be paid up—as every thing requisite for his comfort and convenience, is furnished by the Government, including his sugar and coffee. The prudent soldier, therefore, may readily save from \$300 to \$500 during his short enlistment of three years; and at the expiration of the term he can, if he chooses, purchase a small farm in any of the western States, and there settle himself comfortably, on his own land, for the rest of his life.
