RECOMMENDED BY THE FACULTY.  
**DR. HARRELLS'**  
TOMATO AND SLIPPERY ELM  
PILLS.

THERE are many family medi-  
cines now before the public, some  
of which, from their intrinsic virtues have  
justly gained the confidence and gratitude  
of thousands; but in the light of contrast,  
and in the scale of Curative merit Dr.  
Harrells' Tomato and Slippery Elm Pills  
stand preeminently above them all; nor is  
any apology offered for taking this high  
ground, unless it is the fact of their superi-  
or, and almost miraculous effects in the  
cure of disease. They produce, when tak-  
en, a deep and lasting impression that  
they stand at the head of all other prepared  
medicines of the day. Fevers, Liver af-  
fections, Jaundice, head-ache, loss of appe-  
tite, costiveness, female complaints, and  
every disease within the reach of human  
means, yield readily to the powerful, yet  
gentle operation of these pills. As a  
cathartic they are copious and free, as an  
aperient they are mild and certain, as a  
tonic they are prompt and invigorating, and  
as an alterative they are superior to Calomel  
or any other known remedy, and as a pu-  
rifier of the blood they are unequalled in  
the history of medicines. There is no disease  
that can withstand their life-giving en-  
ergy when taken in time, or interrupt the  
system at all when they are administered  
as a preventative. During Sickly seasons,  
and the prevalence of epidemics, their  
occasional use will preserve the body from  
attacks of disease. 50 cents per box,  
\$54 per gross.

Druggists, Booksellers, and Merchants  
are requested to become agents for the  
sale of the above medicines.

All orders (post paid) directed to Dr. A.  
Harrell Elizabeth City N. C. will receive  
strict attention.

**WARRENTON MALE ACAD-  
EMY.**

THE subscriber having procured the  
use of the large and commodious  
Academy in this place, begs leave to  
inform his numerous friends and the pub-  
lic generally, that the exercises of the  
institution will commence on Monday  
the 29th inst.

No situation in the State possesses  
greater advantages than Warrenton, for  
the establishment of a large and perma-  
nent seminary of learning—Contiguous  
to the lower parts of Virginia and  
North Carolina and easily accessible by  
means of the Raleigh & Gaston Rail  
Road running within three miles of the  
village, and at the same time, as health-  
y as any town in the State, surrounded  
by a population distinguished for intel-  
ligence, morality, and wealth—Warrenton  
presents to the people of the lower coun-  
try superior advantages for the educa-  
tion of their sons and wards.

The subscriber flatters himself that he  
is so well known in North Carolina, as an  
instructor of youth, that it is necessary  
only to say that, if an experience of ten  
years in proved to the best advantage in  
the management of large public institu-  
tions, a mode of instructions  
the most thorough and exact,  
and a devotion of his undivided time  
and attention to the interests of the  
Academy can entitle one to public pa-  
tronage, he will certainly merit success.  
Of the strictest moral habits himself, he  
will enforce, with discretion but firmness,  
the most rigid discipline in the school  
in order to ensure a correct moral de-  
velopment on the part of the boys con-  
trasted to his care.

Terms of Tuition for the session of  
five months:

For the Latin and Greek  
Languages and Mathematics \$20.00  
For the various English  
branches of learning \$15.00

Board may be had in respectable fam-  
ilies in the village and its vicinity at  
\$3 to \$10 per month.

Charge will be made from the time of  
admission to the termination of the ses-  
sion.

**A Real blessing to Mothers.**  
**DR. W. EVANS' CELEBRA-  
TED SOOTHING SYRUP,**  
For Children Cutting their Teeth.

This infallible remedy has preserved  
hundreds of Children, when thought  
past recovery, from convulsions. As  
soon as the Syrup is rubbed on the  
gums, the child will recover. This  
preparation is so innocent, so efficacious,  
and so pleasant, that no child will refuse  
to let its gums be rubbed with it. When  
infants are at the age of four months,  
though there is no appearance of teeth,  
one bottle of the Syrup should be used  
on the gums, to open the pores. Pa-  
rents should never be without the Syrup  
in the nursery where there are young  
children; for if a child wakes in the  
night with pain in the gums, the Syrup  
immediately gives ease by opening the  
pores and healing the gums; thereby  
preventing Convulsions, Fevers, &c.

**PROOF POSITIVE OF  
THE EFFICACY OF DR.  
EVANS' SOOTHING SYRUP.**

To the Agent of Dr. Evans' Sooth-  
ing Syrup: Dear Sir—The great benefit  
afforded to my suffering infant by  
your Soothing Syrup, in a case of pro-  
tracted and painful dentition, must con-  
vince every feeling parent how essential  
an early application of such an invaluable  
medicine is to relieve infant misery  
and torture. My infant, while teething,  
experienced such acute sufferings, that  
it was attacked with convulsions, and  
my wife and family supposed that death  
would soon release the babe from an  
anguish, till we procured a bottle of your  
Syrup; which as soon as applied to the

gums, a wonderful change was produced,  
and after a few applications the child  
displayed obvious relief, and by contin-  
uing in its use, I am glad to inform  
you, the child has completely recovered  
and no recurrence of that awful com-  
plaint has since occurred; the teeth are  
emanating daily and the child enjoys  
perfect health. I give you my cheerful  
permission to make this acknowledgement  
public, and will gladly give any  
information on this circumstance.

WM. JOUSON.

A gentleman who has made trial  
of Dr. W. Evans' Soothing Syrup in  
his family, (in case of a teething child,)  
wishes us to state that he found it entire-  
ly effectual in relieving pain in the gums  
and preventing the consequences which  
sometimes follow. We cheerfully comply  
with his request. — [N. York Sun.

We believe it is generally acknowl-  
edged by those who have tried it, that  
the Soothing Syrup for Children Cut-  
ting Teeth, advertised in another col-  
umn, is a highly useful article for the  
purposes for which it is intended  
highly respectable persons, at any rate,  
who have made use of it, do not hesi-  
tate to give its virtues the sanction of  
their names.— [Boston Traveller.

### A SEVERE CASE OF TEETHING, WITH SUMMER COMPLAINT, cured by the infal- lible American Soothing Syrup of Dr. W. Evans.

Mrs. M. Pherson, residing at  
No. 8, Madison street, called a few  
days since at the medical office of Dr.  
W. Evans, 100 Chatham street, N. Y.,  
and purchased a bottle of the Syrup for  
her child, who was suffering excruciat-  
ing pain during the process of dentition,  
being momentarily threatened with con-  
vulsions, its bowels too were exceeding  
loose, and no lovel could be retained on  
the stomach. Almost immediately on  
its application, the alarming symptoms  
entirely ceased, and by continuing the  
use of the syrup on the gums, the bowels  
in a short time became quite natural.

As a tribute of gratitude for the benefit  
afforded the child; the mother came  
of her own accord and freely sanctioned  
publicity to the above. Pray be particu-  
lar in applying at 100 Chatham  
street, as there are several counterfeits  
advertised. No other place in the city  
has the genuine for sale.

**Important to Mothers.**—Children  
generally suffer much uneasiness from  
the cutting of their teeth. Whatever  
dangerous or fatal symptoms attend this  
process of nature, they are produced  
invariably from the highly irritated and  
inflamed condition of the parts—there-  
fore the principal indications of cure are  
to abate the inflammation, and to soothe,  
soothe, and relax the gums. If that is  
effected, the infant is preserved from  
subsequent fever, inflammation, spasmodic  
cough twitching of tendons, cramp, can-  
ker, and convulsions, displaying their  
fatal consequences. If mothers, nurses,  
or guardians have their babes tortured  
with painful and protracted dentition,  
they should not be deterred from pur-  
chasing a bottle of EVAN'S SOOTH-  
ING SYRUP for Children Teething, the  
incomparable virtue of which, in com-  
pletely relieving the most distressing  
cases (when applied to the infant's  
gums as directed) is invaluable. The  
remedy has restored thousands of chil-  
dren when on the verge of the grave, to  
the embraces again of their distracted  
parents, attacked with that awful and  
mortaliferous malady—Convulsions.

Sold at Dr. W. Evans' Of-  
fice, one hundred Gatham-st.,
