The Baltimore *Manufacturers Record* says: Raleigh has been selected as the location for the industrial school to be established by the State of North Carolina. The decision of the board to put this school into operation without any further delay is a very wise step. The South needs industrial schools, and every one that is established adds to the prosperity of its people. With the rapid development of industrial interests there is an increasing demand for young men of good technical education. Unless the South makes provision for preparing her own people for such work, the demand must be supplied from other sections. The full importance of preparing the rising generation for the thousands of openings for profitable employment that the industrial development of the South is making, ought to be fully impressed upon the business men of that section. The young men of the South have a wide field of employment opening before them, but training is needed to enable them to fill the most responsible positions, or else they will only be "hewers of wood and drawers of water," while others reap the benefits of thorough technical education.

The *New York Star* says: Judge Gorman, of the Superior Court has, in two recent cases, refused to issue naturalization papers to foreigners who had not read the Constitution of the United States. He holds that no man can certify that he is attached to the principles of the Constitution till he has read the aforesaid document and knows at first hand what they are. This sensible and ingenious construction of the law should be applied to native born as well as adopted Americans. Certainly it is no less just that the young man, on attaining his majority and applying for the privilege of the franchise, should know what he has to subscribe to, than that the rule should be imposed on the foreign born applicant.

A letter from Mr. C. W. Johnston, representative in the Legislature from Orange, says he will not be a candidate for reelection, but will give a hearty support to whoever may be nominated by the Convention. He returns thanks to the good people of Orange and Durham counties for the liberal support given him two years ago. The *OBSERVER* would gladly see Mr. Johnston re-elected, believing that he made a faithful and worthy representative, always doing what he thought best for his people.

Mrs. Cleveland has just celebrated her 22nd birthday.

The Democratic State Convention of Georgia met at Atlanta, July 28th. Gen. John B. Gordon received 322 votes out of 332, for nomination for Governor. It was moved to make the nomination unanimous, which was lost by one vote. The old State House officers were nominated for their respective positions. After a resolution of fealty to the Democratic party and endorsement of President Cleveland, the Convention adjourned *sine die*.

INFLAMMATORY RHEUMATISM.

For over two years I suffered intensely with muscular rheumatism. I became almost helpless, and had to be helped out of bed. At times I was unable to turn myself in bed, and had to be handled as tenderly as an infant. My chest was involved, and the pain was intolerable at times. All the old and well-known remedies were exhausted, but no permanent relief was obtained. About a year ago I was induced by a friend to try Swift's Specific. The effect has been magical. My friends scarcely recognize me. My rheumatism is entirely gone, my general health is superb, and I am weighing thirty pounds more than when I commenced taking S. S. S. I am able to attend to all my ministerial work. I am devoutly grateful to my restoration to health, which I owe, under the blessing of God, to Swift's Specific.

THE WEEKLY DISPATCH!

RICHMOND, VA.
 THE GREAT FAMILY WEEKLY.
 Eight Large Pages, 64 Columns, only One Dollar per Year.

The WEEKLY DISPATCH is filled with the news from all parts of the world. Our telegraphic service covers every country. All great social, religious and political movements at home or abroad are faithfully chronicled. All new discoveries in science and their application to agricultural and mechanical arts, find a place in its columns. The farmer has a department full of instructive matter; and the ladies are kept informed of fashion's varying phases and of all new household novelties. It is a welcome visitor to every member of the family. Every number contains an interesting story, and portraits and biographical sketches of leading men of our own and of other countries. A weekly review of the principal markets of the United States is an important feature. In short, we aim to make the WEEKLY DISPATCH so attractive in all its departments that its readers will not willingly give it up, and so valuable as an educator of young and old, that no family can afford to be without it. Special attention is given to NORTH CAROLINA news, our corps of correspondents in that State furnishing everything of interest promptly by telegraph. Our circulation was doubled the past year. The large additions to our subscription lists already received, give assurance that it will be more than doubled again this year. Sample copies mailed free to any address. Try the WEEKLY DISPATCH one year by sending a dollar to THE DISPATCH COMPANY, Richmond, Va.

STATE NEWS.

The grand jury at Asheville ignored the bills against Richmond Pearson, for sending, and J. K. Hamilton, for bearing a challenge to a duel last April. Person county, N. C., and Halifax, Va., will soon vote on "subscription for the Durham and Roxboro Railroad." It is claimed that these counties will give large majorities for the road.

The great tabernacle meeting at Rutherford College is to be held this month, and the first excursion is to be run to that place August 21. Rev. Dr. Banson, of Raleigh, who has been at the college in consultation with the tabernacle association, says that accommodations will be prepared for 6,000 persons. Dr. Talmage is expected to reach there once or twice.

The Progressive Farmer, Winston, N. C., says: The wheat crop in our State has been harvested under most unfavorable circumstances. Much of it was sprouted and otherwise damaged. Proper precaution should be taken as doubtless the weevil pest will be unusually active. And again, there is danger, from the moist condition of the grain, that it will become musty.

At a meeting of the Board of Trustees of Wake Forest College held in Raleigh, July 30th, the following Professors were chosen for that institution: Dr. J. R. Duggan, of Johns Hopkins, University, Baltimore, Professor of Chemistry; Dr. Geo. W. Manly, of Louisville, Ky., Professor of Latin; W. H. Michael, Esq., of Louisburg, N. C., Associate Professor of Mathematics and Languages.

Raleigh Visitor: Mr. Thos. Dixon, Jr., who represented Cleveland county in the last Legislature, having eschewed politics has entered the ministry, and preached a very interesting sermon in Shelby last Sunday. Mr. Dixon is a gentleman of the highest intelligence, and his ability as an orator is perhaps equal to that of any man of his age in the State. We predict that he will make his mark in the service of the Master.

John Cardwell, confined in jail at Wilkesboro, N. C., under sentence of death, which was to have been executed July 30th, was taken from jail on Monday night, July 26th, and spirited away. The crowd which assailed the jail was about 200 strong and quickly overpowered the jailor. His whereabouts are unknown. Cardwell's crime was rape, committed upon his own daughter. He had been twice granted a short reprieve.

Last week at Raleigh the counsel for the defense laid before Governor Scales petitions for the commutation of the death sentence of Gooch and Smith. Some 800 persons have signed the petitions. They were presented by Messrs. A. M. Lewis, T. M. Argo, John Gatling and W. N. Jones, of counsel for the prisoners. With the petitions were several letters from judges and justices. The latter represent that it is a case for commutation. All the jury signed the petition. The Governor has the matter under advisement.

The Raleigh News and Observer of July 29th, says: Yesterday was a great occasion at the Baptist Orphanage at Thomasville. The corner-stones of five new buildings were laid with appropriate ceremonies. The attendance of Baptists was large, all parts of the State being represented. Rev. Dr. J. L. Carroll, of Asheville, preached the sermon. Addresses were delivered by Rev. Drs. Pritchard, Hufham and Overby, and by Mr. John C. Scarborough. Several excursion trains ran. It was the first anniversary of the founding of the Orphanage. The number of children now pupils is thirty-five.

WONDERFUL CURES.

W. D. Hoyt & Co., Wholesale and Retail Druggists of Rome, Ga., say: We have been selling Dr. King's New Discovery, Electric Bitters and Bucklen's Arnica Salve for two years. Have never handled remedies that sell as well, or give such universal satisfaction. There have been some wonderful cures effected by these medicines in this city. Several cases of pronounced Consumption have been entirely cured by use of a few bottles of Dr. King's New Discovery, taken in connection with Electric Bitters. We guarantee them always. Sold by all druggists.

BLOOD AND MONEY.

The blood of man has much to do in shaping his actions during his pilgrimage through this troublesome world, regardless of the amount of present or permanent money in pocket or stored away in bank. It is a conceded fact that we appear—our blood makes us, and the purer the blood, the happier, healthier, prettier and wiser we are; hence the oft repeated interrogatory, "how is your blood?" With pure streams of life-giving fluid coursing through our veins, bounding through our hearts and ploughing through our physical frames, our morals become better, our constitution stronger, our intellectual faculties more acute and grander, and men, women and children happier, healthier and more lovely.

The unprecedented demand, the unparalleled curative powers, and the unmistakable proof from those of unimpeachable character and integrity, point with an unerring finger to B. B. B.—Botanic Blood Balm—as far the best, the cheapest, the quickest and the grandest and most powerful blood remedy ever before known to mortal man, in the relief and positive cure of Scrofula, Rheumatism, Skin diseases, all taints of blood poison, Kidney complaints, old ulcers and sores, cancers, catarrh, etc.

B. B. B. is only about three years old—a baby in age, a giant in power—but no remedy in America can make or ever has made such a wonderful showing in its magical powers in curing and entirely eradicating the above complaints, and gigantic sales in the face of frenzied opposition and would-be moneyed monopolists.

Letters from all points where introduced are pouring in upon us, speaking in its loudest praise. Some say they receive more benefit from one bottle of B. B. B. than they have from twenty, thirty and fifty and even one hundred bottles of a boasted decoction of inert and non-medicinal roots and branches of common forest trees. We hold the proof in black and white, and we also hold the fort.

POLICEMAN'S VIEWS.

Mrs. M. M. Prince, living at 38 West Fair St., Atlanta, Ga., has been troubled for several months with an ugly form of catarrh, attended with a copious and offensive discharge from both nostrils.

Her system became so affected and reduced that she was confined to bed at my house for some time, and received the attention of three physicians, and used a dozen bottles of an extensively advertised blood remedy, all without the least benefit.

She finally commenced the use of B. B. B. with a decided improvement at once, and when ten bottles had been used, she was entirely cured of all symptoms of catarrh.

It gave her an appetite, and increased her strength rapidly, and I cheerfully recommend it as a quick and cheap tonic and Blood Purifier. J. W. GLOBE, Policeman. Atlanta, January 10, 1886.

The Celebrated J. P. NISSEN WAGON, made by

GEO. E. NISSEN & CO., SALEM, N. C.

THE REASONS WE CAN AND DO MAKE THE BEST WAGONS ARE: We keep a very large stock of seasoned lumber, sawing most of it on our own mills, and using only the best for wagons; the iron is made especially for us by the best works in Pennsylvania, the workmen have had many years experience; then it being a settled fact that we make the best; we can make it cheaper than any one else, quality considered; our advantages are, sawing the lumber ourselves, buying iron, paint, varnish, &c., mostly by the car load at bottom cash prices. We are manufacturers agents for the best Thimble Skein made, being of best wrought steel, perfectly welded, and cannot break. We make the only broken running gear that is worth hauling. Write for prices. Every Wagon bearing our name is fully warranted. GEO. E. NISSEN & CO., Manufacturers, SALEM, N. C. For sale at factory prices, freight added, by JOHN L. MARKHAM, Durham, N. C.
