om its faces facecy. But how different the Democratic republican party effectits budges to While Budger is honored and stained by his party, Benton, for yielding by the state he had so ably represented, but, with few exceptions, the whole democratic party, every where, but particularly in the ath, denounce him as one unworthy longer to hold so conspicuous a position in the councils of the nation.

We invite the attention of every candid reader, whether he be a whig or a democrat, to the serious consideration of these views. The federal, now the whig party, has never lost its members, by repudiating them when they make war upon the constitution; but party has resulted from a departure from too confiding friends of an aspiring demagogue. Thus have many, very many true republicans, been unconsciously drawn into the federal whig ranks. To these we appeal, We know the folly of offering arguments to federalists. The more beautifully the democratic faith is shown to accord with the constitution, the more obnoxious it appears in their eyes; and, therefore, we desire to say nothing to them! But we respectfully, and seriously, and kindly call upon the republicans in the federal ranks to take up the subject of politics, scan the creed of this party that has been deceiving them, call to mind the pledges and promises of General Taylor, contemplate their shameful violation so disgraceful to the republic, and then, in a spirit of patriotism, abandon the association with the false-hearted demagogues that would lead them and the country to ruin.

Capt. Green W. Caldwell at Leonhardt's. - We have delayed our paper this week, to notice the political meeting held at Leouheardt's Muster ground.

When we arrived, the company was on the field of parade. About 2 o'clock, the men having been dismissed, Gen. Daniel Scagle, a republican of tried integrity, arose and, in a few well conceived remarks, declared himself a candidate for the office of Superior Court Clerk. He was followed by Vardey McBee, Esq., a whig, who now holds the office. We desire to make no remarks to applaud the one, or disparage the other, presuming that their political sentiments, as well as their respective claims to the office, are sufficiently known to the voters.

The anxious whig expectants looked around in vain for Gen. Dockery who had previously heralded his coming; and after courteou-ly waiting a reasonable time for the champion of Federalism, Capt. Green W. Caldwell, the Independent Republican Candidate for Congress, made a most powerful appeal to the Democrats to rally to the support of finally triumph by the election of true democrats to office. As he proceeded in his lucid exposure of modern federal whiggery, we were more than ever impressed with the importance of a punctual attendance at the polls of every republican who desires to see the institutions of the country preserved in their purity; and, judging from the patriotie feeling awakened in the hearts of those present, the conclusion was irresistable, that it will be a rare thing to see democrats in Lincoln hereafter voting for whigs for any обос

The returns from Baily's Box, at the next election, will rejoice the hearts of democrats; for the exposure of whig promises, by Capt. Caldwell, made an impression that will be lasting, as will be seen in the in August next.

The utmost harmony prevailed, and most of the company repaired to their homes at an early hour. To-morrow Capt. Caldwell most devoted and patriotic sons, to take will be at Helderman's.

But should my expectations prove fallacious and the work fail, or some other be not speedily authorized, which shall combine all its advantages by making us a more united people and saving the sinking fortunes of the State, I shall regard North Carolina as doomed. C., to take charge of the Academy; and in recommending Mr. Lindsley to the public, as a teacher, eminently qualified to perform evdry function necessary for the instruction of youth, they need only refer to his character which is well known in North Carolina, as a man of the purest morals and strictest piety, as a teacher experienced in every departments of learning, taught in the schools of our country, as a professor in the Caldwell Institution, for many years, indeed, as having spent his life in the successful instruction of youth.
