Central Executive Committee.

To the People of North Carolina: The Executive Committee of the Democratic Conservative party of this State, after consultation among themselves and with many friends from different parts of the State, familiar with public sentiment, have deemed it necessary and proper that

the Central Executive Committee shall address the people in reference to various topics of public interest, and particularly constitutional reform in this State. The Central Committee, therefore, feel espe-cially called upon and instructed to sub-

mit to the people such views in their judgment, are calculated to promote concert of action and the general weifare of the State.

THE CONVENTION ELECTION.

The result of the election in August last, although adverse to the call of a Convention of the people, cannot be regarded as an expression of popular approval of many of the leading provisions of the present State constitution ; for all parties, with scarcely any dissent, recognized and conceded the paramount necessity for a change in the organic law in several material particulars.

Nor can the result of that election be properly claimed as a party success or dejeat. The issue submitted and passed upon was not a party issue, although great efforts were made by interested persons to make it such-nor was it so regarded or treated by thousands of democrats and Conservatives who voted against "Convention." That election turned on collateral and immeterial issues, most of them suggested and pressed upon public attention by the great body of the office holders of the State, who apprehended that a convention if called, would turn them out of office. The office-holders of the State generally opposed the call; they freely used money and other appliances to defeat it. The colored people were made falsely to believe that a convention would deprive them of their freedom, or greatly abridge their political rights. Thousands voted against the call because they feared armed interference of the authorities of the federal government and another warother thousands voted against it, because they apprehended some unfriendly interterence with the present homestead provision, while some believed the call as made was without the sanction of the constitution and revolutionary; so that, we repeat, the election turned, not in favor of or against any political party, nor upon the real merits of the issue submitted to the people, but upon many collateral con-

METHOD OF AMENDMENT SETTLED. The majority against the proposed call for a Convention, though comparatively meagre, settles adversely the proposition to amend the Constitution by a Convention of the people, however proper and desirable that method of amendment may be. It settles it, because the radical members of the Legislature, at the behest of their party, unanimously refused to vote for the call of a Convention of the people by the Legislature. Such a call cannot be made without the votes of at least a few of them, and they and their party thus assume the grave responsibility of preventing the people from amending and reforming their

The only remaining method of amending the Constitution is by legislative enactment. Although the Constitution operates oppressively in many respects, and some of its provisions preclude all hope of general prosperity while they continue in force, yet it is manifestly the duty of every good titizen to seek relief from such evils by the legislative mode, however slow and unsatisfactory, in the present emergency, it may be. We venture to hope that the members of the Legislature will, when they assemble, at once agree upon this plan of relief, and we respectfully suggest that, in the meantime, the people give prompt and free expression of their wishes as to such amendments as they desire, so that the Legislature may be informed of the popular will, as well as may be, in

reference to constitutional reform. OUR MATERIAL, INDUSTRIAL, AND EDUCA-

TIONAL INTERESTS OPPRESSED. That the material, industrial and educational interests of the State are in a calamitous condition is manifest to the commonest observer. There is now a direful incubus upon the state that deadens the energies of the people and destroys all reasonable hope of future prosperity. Every man has the distressing sense that he labors and toils in vain !

These evils are not owing to any lack of industry and persistent effort on the part of the people. Ever since the late war they have walked assiduously, and thouands have labored who never labored before. They have lived economically.— The soil has generally yielded good crops and fair prices have been realized for them. But their earnings are gone !-Where are they? Their desolated farms are not restored. The waste places are not built up. The greater number of the towns and villages are as decayed as at the close of the war; many of them are in a worse condition, The destroyed manufactories, with but few exceptions, have not been rebuilt. And where, we repeat, are the earnings of our impoverished people? They are swallowed up in oppressive taxation, to support a system of state government essentially expensive, and a

radical extravagance without a parallel in the history of a free people. BURDENSOME TAXATION-PUBLIC EXTRAV-

AGANCE. During the first two years under the present Constitution, \$1,807,580 were colected from the people, and every dollar of this vast sum was expended in the administration of the State government-an average of over \$900,000 a year!about ten times what it cost to administer the government before the war! There belonged to the School Fund, derived from the Land Scrip donated by the United States, the sum of \$122,000. This sum was incested mostly in "special tax

bonds," and the fund is virtually lost These monstrous evils are the legitimate truits of the workings of the present Constitution and radical misrule under it. The present organization fastens on the people a system of government essentially

farolinian.

Breathes there a man with soul so dead. Who never to himself hath said, This is my own, my native land."

extravagant-the township system alone making necessary about three thousand officers at an annual expense of from \$300,000 to \$400,000. It establishes a public debt amounting to \$40,000,000, half of which is confessedly dishonest and traudulent, and which the people are unable to pay.

MISRULE, FRAUD, FORCE AND THE SWORD. Under this organic law the people are subjected to an intolerable misrule at the hands of the radical party. By means of notorious fraud, force and the sword, that party had absolute control of the Convention that framed the present Constitution, and like control of the first Legislature that assembled under it; and although the people were impoverished, this radical Convention and Legislature increased the public debt from \$20,000,000 to near \$40,000,000 in less than eighteen months. Of this \$20,000,000, less than \$500,000 have-cons into the public works or to the benefit of the people. This party placed in office a Governor who absolutely suspended the Constitution and laws of the State; he ar

rested scores of innocent citizens without warrant or any authority of law; he suspended the writ of habeas corpus and defied the Chief Justice of the State; he made his warrant from time to time on the Treasurer for large sums of money without the sanction of law; he raised a lawless and mercenary horde of desperadoes and armed them at the public expense to execute his despotic will. This party elected to the State Convention and the Legislature scores of men notorious for their ignorance, licentiousness, dishonesty and correction, who, at the behests of their party and knavish speculators, increased the public debt to the enormous sum already stated. This party degraded and disgraced the Judiciary by electing to high judicial stations men shamefully ignorant and corrupt, and others who have not scrupled to manifest the most blatant-partizan feelings while holding their offices. This party have ruined the credit of the State-they have blasted the hopes and prosperity of the people in the most shameless and defiant manner—they have made every department of the government a by-word and reproach. To establish the truth of these charges we need but point to the history of the State for the last three years and appeal to the ob-

servation of every intelligent citizen. THE PRESENT CONSTITUTION.

This Constitution and this party, with a radical, reckless and extravagant administration of the Federal Government, make up the manifest causes of the sufferings, poverty and ruin that crush the people of the State. The Radical party have brought upon us all these evils, and there is no relief from them but through salutary changes of the Constitution, and a change of our present rulers for others who shall be capable, honest, wise and pa-

The present constitution is loose, illogical, contradictory and absurd in many of its provisions, and it were well it it could be entirely re-written; but this is not practicable by the legislative mode of amendment. Action will be expedited by amending it in a few very important particulars, for the present, and leaving general amendment to a future time,

CONSTITUTIONAL AMENDMENTS SUGGESTED. In the judgment of the Executive Committee, the Constitution should at once be ar ended in the following particulars:

Section 6 of Article 1 should be so amended as to strike out all thereof that provides the inviolability of the public

Section 2 of Article 2 should be so amended as to provide that the Legislature shall meet regularly every two years, instead of every year, and it should be provided that the members of the Legislature shall receive but \$3 per day and 10 cents mileage, and such pay for no longer a period than 100 days during their

The office of Superintendent of Public Works should be abolished.

Article 3, Section 1, should be so amend ed as the Governor and other officers, therein mentioned, shall hold their offices but two years, instead of tour years, as now provided.

Section 10 of Article 3 should be so mended as to provide that the Governor shall nominate the officers therein mentioned, by and with the advice and consent of the Senate, unless otherwise provided by law.

Article 4 should be so amended as to strike out sections 2 and 3, thus abolishing

the Code Commission. Section 4, of this article should be stricken out, leaving the Legislature to regulate the number and style of Courts. Instead of five Supreme Court Judges, and twelve Superior Court Judges, as now provided, there should be but three Supreme Court and eight Superior Court Judges, who shall be elected every eight years. Sections 11, 12, 13, 14, 15, 16, 17 18, 19, 26, 27, 28, 31 and 38 of article should be stricken out and it should be provided that the judicial powers of the state shall be vested in one Supreme Court and in such Superior Courts and inferior Courts as the General Assem bly may establish.

Section 4 of article 5 should be stricken out, thus striking out the mortgage provi sion on all the property of the State for the interest of the public debt.

Section 6 of article 5, should be so amended as to enlarge the class of exemptions so as to include "stock and provi-

Article 6, section 5, should be so amended as to provide that the persons therein rendered ineligible for office shall likewise be rendered incompetent to vote. Article 7 should be abolished, except section 13, thus sweeping away the Township system and leaving the matter to the

Article 10 should be so amended as to provide that the Homestead provisions should apply to all debts alike, and it should be in fee-that is absolute.

Article 11, section 10, should be so amended as to provide that its benefits shall extend only to indigent persons. Article 14, section 7, should be so amended as to provide that no person shall hold any lucrative office under this State

while he holds an office under the United States. Sec. 5 of Art. 2 should be so amended as to abolish the provision for taking a census of the State in 1875, and every ten

years thereafter. We would suggest as a further amendment, that Sec. 5 of Art. 9 be so amended as to provide that the University shall be under the control of the General Assembly, who shall elect a Board of Trustees, of

which the Governor shall be ex efficio Chairman, and Sections 13 and 14 of that Article should be stricken out.

Other amendments ought to be made, but those suggested would relieve the people from the burdensome and extravagant State government that now swallows up their earnings, and fastens upon them a State debt which they cannot pay, but of which they may eastly so compromise and adjust the honest portion, as will reduce it within manageable limits.

CRIME AND OUTRAGE.

We deem it worth while to notice in this address, that wicked and interested persons-unprincipled and violent radical partizans in and out of this State-for sinister purposes, have sought to produce the false impression that the Democratic Conservative party have and do connive at and encourage the perpetration of crime and outrage. To this detestable end they lave, wherever they could, prostituted the press, legislative and judicial proceedings, and resorted to every means within their power. Such imputation is not only groundless, false and scandalous, but infamous to the last degree, and betrays a spirit of wickedness, we venture to assert,

without a parallel in political warfare. The party which we represent has always and persistently condemned crime, by whomsoever perpetrated, and has repeatedly gone out of the usual political course to denounce it, and urge upon the people the high importance of peace and good order, and the duty of every good citizen to be active and zealous in bring -

ing offenders to justice. The course pursued by the unworthy persons to whom we refer is deeply to be deplored by all good men of every politi cal party. It is not only ignoble, but it tends to destroy the moral and legitimate effect of the voice of the press, legislative action and judicial determination, for the suppression of crime-their constant effort is to turn such matters to political advantage by giving them a political turn, and thus they produce the almost inevitable conviction on the minds of disinterested observers that the purpose of the press, the Legislature and Courts, is not to suppress crime and outrage, but to manufacture political capital and advantage from the crimes of offenders, and thus engender bitter feelings among their opponents, destroy confidence in the Courts and bring them into disgrace and con-

We again urge our friends to set their faces against violence and lawlessness of all kinds, and to be especially active in preventing secret outrages by disguised

NATIONAL POLITICS. It is to be regretted that the people of this State have failed to take any very active interest in national politics since the close of the late war. In our judgment this is unwise. Our people are of the Union-it is our government and to it we must look, as we have the right, for support and protection in our rights of life, liberty and property, at home and abroad we owe it allegiance and support, and it is a patriotic duty to yield these—it is as much our duty to join our fellow-countrymen in shaping and controlling the policy and destiny of this great common national government. We have all the rights that any of the American people have, and we are false to the country and ourselves if we fail to recognize, exercise and act upon them. The people have rights; let them exercise them firmly and respectfully, and when need be, assert them as freemen and American citizens in the councils of the nation, in political assemblages, and everywhere. If we consent to be dwarfed and ignored nationally, then indeed, we may expect to be for all time to come.

Our common country is subject to grievous political evils to which the compass of this address will allow us to ad

CORRUPTION, EXTRAVAGANCE AND USURPA-

Official corruption in high and low places; public extravagance; usurpation of great powers not conferred, but denied and prohibited by the Constitution; high and oppressive tariffs which foster immense monopolies; the direct encourage, ment and support of monopolies; prostitution of official patronage to promote party ascendancy; a system of taxation which brings into active service in the interests of the party in power, hordes of Internal Revenue officers who oppress, plunder and outrage the people of the nation, and under which large surplus sums of money are raised that ought to remain in the pockets of the people; a general system of espionage; a suspension of the liberties of the people upon the slightest pretext, in express violation of the Constitution; armed military interference with the freedom of elections; a general system of official bribery and party favoritism in every department, and the administration of the affairs of the government, are public national evils, the enormity, extent and danger of which can scarcely be measured or appreciated by the people subject to them. That these evils do exist is manifest to everybody. The dearest, highest interests of a free people demand that they shall not close their eyes to such dangers too long lest the time shall come when they will find their form of government changed in name as well as in fact, and their liberties lost.

SOURCE OF PUBLIC EVILS-THE "HIGHER

LAW" OF THE REPUBLICAN PARTY. Most if not all these evils, are attributable to the Radical or Republican party of the nation,-to its doctrines, policy and practices. It is essentially a party inimical and dangerous to the constitution and public and personal liberty. It is founded upon the despotic dogma that there is a higher law" than the constitution; it is emphatically and essentially a "higher law" party. This dogma is its life and soul, and it proceeds on the jesuitical maxim, that "the end justifies the means." Hence it is, the lead of this party, the president, does not hesitate to send the army to New York and elsewhere at the North, to this State, Texas and all over the South, in violation of the letter and spirit of the Constitution, to control the elections and prepare the way for his and his party's continued ascendancy, and his own election. Hence, too, we find him for like purposes suspending the privilege of the writ of habeas corpus in a time of profound peace, arresting the citizen without warrant or lawful authority, but only by lawless force. Hence, too, we find this party in Congress avowedly, and in the most riotous manner, passing laws at one time to oust the jurisdiction of the Supreme Court of the to fill all vacancies occurring in this Com-Union to prevent that great tribunal

from declaring its acts and assaults on the Constitution unconstitutional and void, at another time passing a similar law to "pack" that Court with partizans to alter a solemn decision already made, but distasteful to this "higher law" party. Hence, too, hundreds of other similar acts done by this party which illustrate the princi-ples, policy and practices which we have attributed to it, and which if not arrested and suppressed, must result in the absolute overthrow of the system of government formed and handed down to us by Washington and his compatriots. That such a party has been allowed to spring up on American soil is monstrous and alarming! THE NATIONAL DEMOCRATIC PARTY THE ONLY OTHER PARTY.

There is but one other great politic party in the country—that is the Nation Democratic party. In our in gment, it the patriotic duty of every live that great and powerful party to arrest the tremendous evils to which we have adverted, and which will, sooner or later, if not suppressed, destroy freedom and establish despotism and the sword.

POLITICAL DUTY OF ALL PATRIOTS. To accomplish this great measure of reform in our State and National Governments, we cordially invite the zealous cooperation of every patriot, without regard to his hitherto party affiliations. We stand in determined opposition to the crimes and evils to which we have briefly directed public attention, and we ask all good people to stand with us, trusting that such common patriotic effort, through the blessing of God, may save us and our

country from impending danger and ruin. THOS. BRAGG, Chairman. A. S. MERRIMON, M. A. BLEDSOE, R. H. BATTLE, JR., J. Q. DECARTERET,
