the Constitution is by legislative enactment. Although the Constitution operates pressively in many respects, and some of s provisions preclude all hope of general resperity while they continue in force, yet it is manifestly the duty of every good tilizen to seek relief from such evils by the legislative mode, however slow and unsatisfactory, in the present emergency, it may be. We venture to hope that the members of the Legislature will, when they assemble, at once agree upon this plan of relief, and we respectfully suggest that, in the meantime, the people give prompt and free expression of their wishes as to such amendments as they desire, so that the Legislature may be informed of the popular will, as well as may be, in reference to constitutional reform.

GUR MATERIAL, INDUSTRIAL, AND EDUCA-TIONAL INTERESTS OPPRESSED.

That the material, industrial and edu cational interests of the State are in a calimitous condition is manifest to the commonest observer. There is now a direful incubus upon the state that deadens the energies of the people and destroys all reasonable hope of future prosperity. Every man has the distressing sense that he labors and toils in vain !

The greater number of the towns and villages are as decayed as at the close of the war; many of them are in a worse condition. The destroyed manufactories, with but few exceptions, have not been rebuilt. And where, we repeat, are the earnings of our impoverished people! They are swallowed up in oppressive taxation, to support a system of state government essentially expensive, and a radical extravagance without a parallel

There belonged to the School Fund, derived from the Land Scrip donated by the United States, the sum of \$122,000. This sum was invested mostly in "special tax bonds," and the fund is virtually lost

CRIME AND OUTRAGE.

We deem it worth while to notice in this

address, that wicked and interested per-

sons—unprincipled and violent radical partizans in and out of this acate—for

sinister purposes, have sought to produce

the false impression that the Democratic-

Conservative party have and do connive

at and encourage the perpetration of crime

and outrage. To this detestable end they

have, wherever they could, prostituted the

press, legislative and judicial proceedings,

and resorted to every means within their

power. Such imputation is not only

groundless, false and scandalous, but in-

famous to the last degree, and betrays a

spirit of wickedness, we venture to assert,

The party which we represent has al-

by whomsoever perpetrated, and has re-

The course pursued by the unworthy

persons to whom we refer is deeply to be

deplored by all good men of every politi-

tends to destroy the moral and legitimate

effect of the voice of the press, legislative

action and judicial determination, for the

suppression of crime-their constant ef-

NATIONAL POLITICS.

It is to be regretted that the people of

this State have failed to take any very ac-

tive interest in national politics since the

close of the late war. In our judgment

this is unwise. Our people are of the

Union-it is our government and to it we

must look, as we have the right, for sup-

next and protection in our rights of life,

we owe it allegiance and support, and it is

a patriotic duty to yield these-it is as

much our duty to join our fellow-country-

men in shaping and controlling the policy and destiny of this great common national

government. We have all the rights that

any of the American people have, and we are false to the country and ourselves if we

fail to recognize, exercise and act upon

them. The people have rights; let them

exercise them firmly and respectfully, and

when need be, assert them as freemen and

American citizens in the councils of the

nation, in political assemblages, and every-

where. If we consent to be dwarfed and

ignored nationally, then indeed, we may

which brings into active service in the in-

plunder and outrage the people of the na-

of money are raised that ought to remain

in the pockets of the people; a general

system of espionage; a suspension of the

liberties of the people upon the slightest

the freedom of elections; a general system

of official bribery and party favoritism in

every department, and the administration

of the affairs of the government, are public

national evils, the enormity, extent and

danger of which can scarcely be measured

or appreciated by the people subject to

them. That these evils do exist is man-

interests of a free people demand that they

SOURCE OF PUBLIC EVILS-THE "HIGHER

Most if not all these evils, are attributa

ble to the Radical or Republican party o

the nation,-to its doctrines, policy and

practices. It is essentially a party inimi-

public and personal liberty. It is founded

upon the despotic dogma that there is a

emphatically and essentially a "higher law" party. This dogma is its life and soul, and it proceeds on the jesuitical max-

im, that "the end justifies the means." Hence it is, the head of this party, the

president, does not hesitate to send the

army to New York and elsewhere at the

North, to this State, Texas and all over

the South, in violation of the letter and

spirit of the Constitution, to control the

elections and prepare the way for his and

his party's continued ascendancy, and his

own election. Hence, too, we find him

for like purposes suspending the privilege of the writ of habeas corpus in a time of

profound peace, arresting the citizen with-

by lawless force. Hence, too, we find this

MISRULE, FRAUD, FORCE AND THE SWORD.

Under this organic law the people are

subjected to an intolerable misrule at the

hands of the radical party. By means of

notorious fraud, force and the sword, that

party had absolute control of the Conven-

tion that framed the present Constitution,

and like control of the first Legislature

that assembled under it; and although the

people were impoverished, this radical Convention and Legislature increased the

public debt from \$20,000,000 to near \$40,-

000,000 in less than eighteen months. Of

this \$20,000,000, less than \$500,000 have

gone into the public works or to the benefit

of the people. This party placed in office

a Governor who absolutely suspended the

Constitution and laws of the State; he ar

rested scores of innocent citizens without

warrant or any authority of law; he sus

pended the writ of habeas corpus and

defied the Chief Justice of the State; he

made his warrant from time to time on the

Treasurer for large sums of 'money with-

out the sanction of law; he raised a law-

less and mercenary horde of desperadoes

and armed them at the public expense to,

execute his despotic will. This party

elected to the State Convention and the

Legislature scores of men notorious for

their ignorance, licentiousness, dishonesty

and corruption, who, at the behests of

their party and knavish speculators, in-

creased the public debt to the enormous

sum already stated. This party degraded

and disgraced the Judiciary by electing to high judicial stations men shamefully

ignorant and corrupt, and others who

have not scrupled to manifest the most

credit of the State-they have blasted the

hopes and prosperity of the people in the

most shameless and deflant manner-they

have made every department of the gov-
