The depth to which he penetrated varied with the character of the approaching season, being from one to two feet, according as the following winter was mild or severe. For about a month before entering his dormitory he took no food. He came out about the first of April.

An Awkward Compliment.

The Empress Marie Louise had never been popular in Paris, as Josephine was to the last, nor had she the fine instincts which so especially distinguished the first consort of Napoleon, who was, indeed his better angel. For example: one day Napoleon, having been provoked by her father, the Emperor of Austria, declared to Marie Louise that he was "an old ganache" (blockhead.) Her majesty asked one of her ladies-in-waiting—as she said the emperor had called her father by that name—the meaning of the word ganache, and the lady, not knowing what to say in reference to the empress' own | counties (unofficial) was as follows: father, answered that it meant " a venerable old man." Marie Louise be-lieved this, and afterward, when Cambaceres came to pay respects to her, she, Gates, night of each week.
