THE BEST PHASE OF THE GERRYMAN DER.

Taking the arrangement of Senatorial Districts by the last Legislature, altogether, by our standing table, we put it in the very best light for the "Democrats," it is susceptible of being made. The population of the State by the Census reports under which the Sena-torial Districts were arranged, is 1,071,-461 souls. The population divided among fifty Senators would give an average population to each Senator of

But to the thirty-two Conservative Senatorial Districts the Legislature allotted an average of 20,899

Short to each Democratic Senator 580 Now, to each Republican Senaterial District this same Legislature allotted a population of 22,371 Proper average, 21,429

An excess over proper average, a population to each Republscan Senator, of

Taking the average population al-lotted to Republican Senatorial Districts and abstracting therefrom the average populations in the Con-

servative Districts. we have each Republican Senamore than the Legislature has

tor representing a population of 1,472 permitted its Conservative Senators le represent.

This we say is the very best light the matter can be placed in. It is the best phase of the gerrymander. We ask the public to examine into it closely and prepare their minds for the exhibition of infamous gerrymandering we shall proceed to give them from time to time, reference being always had to the facts and figures contained in and suggested by the table standing above.

HARPER'S MAGAZINE,

Notices of the Press. The ever-increasing circulation of his excellent monthly proves its continued adaptation to popular desires and needs. Indeed, when we think into how many homes it penetrates every month, we must consider it as one of the educators as well as entertainers of the public mind, for its vast popularity has been won by no appeal to stupid prejudices or deprived tastes.—Boston Globe.

The character which this Magazine possesses for variety, enterprise, artistic wealth, and literary culture, that has kept pace with, if it has not led the times, should cause its conductors to regard it with justifiable complacency. It also entities entitles them to a great claim upon the public gratitude. The Magazine has done good and not evil all the days of its life. - Brooklyn Eagle.
