THE GALAXY has now entered on the seventh year of its existence, under circumstances of unusual prosperity.

This Magazine has from the first occupied a field entirely its own. The aim of *The Galaxy* has been to discuss promptly every great subject which is uppermost in the public mind, and to lay down its conclusions carried out by our ablest and best-known men in each department.

These papers, by conspicuous public men, on national topics of importance, will be continued, and will embrace contributions from the most prominent of our living statesmen on questions of national interest.

A new series of papers by Judge Jeremiah Black (whose former articles attracted so much attention) will appear in *The Galaxy*; also other articles, and from the most prominent statesmen, which the publishers are not yet at liberty to announce.

In the January number commences a series of articles by General G. A. Custer, under the title of "My Life on the Plains." Judging from the first article, and from the wild and romantic experience which General Custer has had as a cavalry officer among the Indians, these papers cannot fail to be of very great interest. They will continue through the year.

The sketches of prominent living public characters by Justin McCarthy will be continued. Mr. McCarthy is one of the most charming of magazine writers.

One of the most widely-known and popular of American humorists will begin early in the year a series of articles original in form and treatment.

The serial stories of *The Galaxy* have always commanded the widest attention. Those for the year 1872 will be by writers who have now a powerful hold on American readers. *The Galaxy* serials have been by such writers as Charles Reade, Anthony Trollope, Justin McCarthy, Mrs. Annie Edwards, and J. W. De Forest.

Mr. Edward Crassey, whose papers entitled "The Neither Side of New York," in the last two volumes of *The Galaxy*, enjoyed so much favor, will contribute further articles descriptive of criminal and low-life in the great cities. Mr. Crassey writes from personal observation, and with a style of singular simplicity and clearness.

In the department of literary criticism, *The Galaxy* will have the assistance of some of the clearest and brightest intellects in the country.

The Galaxy gives great care to the selection of short stories from the large number offered its editor, and makes them a noticeable feature of each number of the magazine.

The Galaxy is edited with the nicest possible appreciation of the public taste, and seems fitted to meet the wants of every member of the family.

For the striking expense of \$4.00 per year one may obtain in *The Galaxy* a vast amount of instructive and entertaining reading; and, were this his only source of culture, one could not fall very far behind the spirit of the age.

Its columns contain the finest collections of reading matter that are printed. Its illustrations are numerous and beautiful, being furnished by the chief artists of the country.—Boston Herald.

HARPER'S WEEKLY is the best and most interesting illustrated newspaper. No does its value depend on its illustrations alone. Its reading matter is of a high order of literary merit—varied, instructive, entertaining, and exceptionally.—N. Y. Sun.

New York.

"A Repository of Fashion, Pleasure and Instruction."

Harper's Bazar.

Notices of the Press.

It is really the only illustrated chronicle of fashion in the country. Its supplements alone are worth the subscription price of the paper. While fully maintaining its position as a mirror of fashion, it also contains stories, poems, brilliant essays, besides general and personal gossip.—Boston Saturday Evening Gazette.

There never was any paper published that so delighted the heart of woman. Never mind if it does not you a new bonnet; it will save you ten times the price in the household economy it teaches.—Providence Journal.

The young lady who buys a single number of *Harper's Bazar* is made a subscriber for life.—New York Evening Post.

The BAZAR is excellent. Like all the periodicals which the Harpers publish, it is almost ideally well edited, and the class of readers for whom it is intended—the mothers and daughters in average families—can not but profit by its good sense and good taste, which, we have no doubt, are to-day making very many homes happier than they may have been before the women began taking lessons in personal and household and social management from this good-natured mentor.—The Nation, N. Y.

"Unquestionably the best sustained work of the kind in the World."

Harper's Magazine.

Notices of the Press.

There are few intelligent American families in which *Harper's Magazine* would not be an appreciated and highly welcome member. Its numbers are not only of an intelligent reading family can afford to be without. Many Magazines are accumulated, *Harper's* is edited. There is not a Magazine that is printed which shows more intelligent and extended use of its articles and mechanical execution. There is not a cheaper Magazine published. There is not, confessedly, a more popular Magazine in the world.—New England Homestead.

A repository of biography and history, literature, science, and art, unequalled by any other American publication.

The volumes are as valuable as a mere work of reference as any encyclopedia we can place in our libraries. *Harper's Magazine* is a record of travel every since the hour of Columbus, and Livingstone and Gordon Cumming in Africa, Strain among the Andes and Ross Brown in the East, Speke on the Nile and Macgregor on the Jordan—indeed, all recent travellers of note have seen their most important discoveries reproduced in these pages. Most of our younger and many of our older writers find here their literary biography. Our artists see the best evidences of their genius and the most enduring specimens of their work in the Magazine.—N. Y. Standard.

VINEGAR BITTERS

VEGETABLE FREE FROM ALCOHOL
PURELY OF WALKER'S CALIFORNIA
CURE
VINEGAR BITTERS

J. WALKER, Proprietor, S. H. McDonald & Co., Druggists & Gen. Agents, San Francisco, Cal., and 34 Commerce Street, N. Y.

MILLIONS Bear Testimony to their Wonderful Curative Effects.

They are not a vile French Bitter, made of Poor Rum, Whiskey, Proof Spirits and Refuse Liquors doctored, spiced and sweetened to please the taste, called "Tonics," "Appetizers," "Restorers," &c., that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the native Roots and Herbs of California, free from all Alcoholic Stimulants. They are the GREAT BLOOD PURIFIER and A LIFE GIVING PRINCIPLE, a perfect Renovator and Invigorator of the System, carrying off all poisonous matter and restoring the debilitated to a healthy condition. No person can take these Bitters according to directions and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair.

They are a Great Purgative as well as a Tonic, possessing, also, the peculiar merit of acting as a powerful agent in relieving Congestion or Inflammation of the Liver, and all the Visceral Organs.

FOR FEMALE COMPLAINTS. In young or old, married or single, at the time of weakness or at the turn of life, these Bitters have no equal.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious, Hemiplegic and Intermittent Fevers, Diarrhoea, Dropsy, Puffiness of the Kidneys and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.

DYSPEPSIA OR INDIGESTION. Headache, Pain in the Shoulders, Cough, Tightness of the Chest, Distress, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the region of the Kidneys, and a hundred other painful symptoms, are the offspring of Dyspepsia.

They invigorate the Stomach and stimulate the torpid Liver and Bowels, which render them of unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.

FOR SKIN DISEASES. Eruptions, Tetter, Salt Rheum, Blotches, Spots, Pimples, Pusules, Boils, Carbuncles, Ring-Worms, Scald Head, Sores, Itch, Erysipelas, Itch, Scurf, Ulcerations of the Skin, Humors and Diseases of the Skin of whatever nature or origin, are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will convince the most incredulous of their curative effects.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul, and your feelings will tell you when. Keep the blood pure, and the health of the system will follow.

Fit, Taste, and other Warmth, lacking in the system of so many thousands, are effectually destroyed and removed. Says a distinguished physiologist, there is scarcely an individual upon the face of the earth whose body is exempt from the presence of worms. It is not upon the healthy elements of the body that these worms feed, but upon the diseased humors and slimy deposits that breed these living monsters of disease. No System of Medicine, no vermifuge, no anthelmintic will free the system from worms like these Bitters.
