PROCLAMATION.

Whereas, information, both oral and in writing, has been made before me, Charles C. Pool, Judge of the Superior Court for the First Judicial District of North Carolina, that Robert M. Bridger, convicted of the crime of perjury, at the Spring term, 1872, of Bertie Superior Court, did escape from the custody of the Sheriff of said county, and is lurking about, and so keeps himself concealed in that or some other adjoining county, that the usual process of law cannot be executed on him.

This is, therefore, to command the said Robert M. Bridger to forthwith surrender himself into the custody of the Sheriff of Bertie or some other Sheriff, so that the Sheriff of Bertie can obtain him, and should the said Robert M. Bridger continue to stay out, lurk about and keep himself concealed, and not surrender after publication of this proclamation, I hereby conjure and command each and every Sheriff, Constable and other peace officers, and all good citizens generally, to forthwith capture, arrest and bring said Robert M. Bridger to justice, and in case of his flight or resistance, after being called upon to surrender, any one may slay said Bridger without impeachment or accusation of any crime. Given under my hand at Winston this 22nd day of March, 1872.

THE CAUSE AND CURE OF CONSUMPTION.

The primary cause of Consumption is derangement of the digestive organs. This derangement produces deficient nutrition and assimilation. By assimilation I mean that process by which the nutriment of the food is converted into blood, and thence into the solids of the body. Persons with digestion thus impaired, having the slightest predisposition to pulmonary disease, or if they take cold, will be very liable to have Consumption of the Lungs in some of its forms; and I hold that it will be impossible to cure any case of Consumption without first restoring a good digestion and healthy assimilation. The very first thing to be done is to cleanse the stomach and bowels from all diseased mucus and slime, which is clogging these organs so that they cannot perform their functions, and then rouse up and restore the liver to a healthy action. For this purpose the surest and best remedy is Schenck's Mandrake Pills. These Pills clean the stomach and bowels of all the dead and morbid slime that is causing disease and decay in the whole system. They will clear out the liver of all diseased bile that has accumulated there, and rouse it up to a new and healthy action, by which natural and healthy bile is secreted.

The stomach, bowels, and liver are thus cleansed by the use of Schenck's Mandrake Pills; but there remains in the stomach an excess of acid, the organ is torpid and the appetite poor. In the bowels the letaeals are weak, and requiring strength and support. It is in condition like this that Schenck's Seaweed Tonic proves to be the most valuable remedy ever discovered. It is alkaline, and its use will neutralize all excess of acid, making the stomach sweet and fresh; it will give permanent tone to this important organ, and create a good hearty appetite, and prepare the system for the first process of a good digestion, and ultimately make good, healthy, living blood. After this preparatory treatment, what remains to cure most cases of Consumption is the free and persevering use of Schenck's Pulmonic Syrup.

The Pulmonic Syrup nourishes the system, purifies the blood, and is readily absorbed into the circulation, and thence distributed to the diseased lungs. There it ripens all morbid matters, whether in the form of abscesses or tubercles, and then assists Nature to expel all the diseased matter, in the form of free expectoration, when once it ripens. It is then, by the great healing and purifying properties of Schenck's Pulmonic Syrup, that all ulcers and cavities are healed up sound, and my patient is cured.

The essential thing to be done in curing Consumption is to get up a good appetite and a good digestion, so that the body will grow in flesh and get strong. If a person has diseased lungs, a cavity or abscess there, the cavity cannot heal, the matter cannot ripen, so long as the system is below par. What is necessary to cure a new order of things—a good appetite, a good nutrition, the body to grow in flesh and get fat; then Nature is helped, the cavities will heal, the matter will ripen and be thrown off in large quantities, and the person regain health and strength. This is the true and only plan to cure Consumption, and if a person is very bad, if the lungs are not entirely destroyed, or covered of one lung is entirely gone, if there is enough vitality left in the other to heal up, there is hope.

I have seen many persons cured with only one sound lung, live and enjoy life to a good old age. This is what Schenck's Medicines will do to cure Consumption. They will clean out the stomach, sweeten and strengthen it, get up a good digestion, and give Nature the assistance she needs to clear the system of all the disease that is in the lungs, whatever the form may be.

I wish it distinctly understood that when I recommend a patient to be careful in regard to taking cold, while using Schenck's Medicines, care should be exercised not to take cold; keep in-doors in cold and damp weather; avoid night-air, and take out-door exercise only in a genial and warm sunshine.
