

been before the House; I want to get rid of something, and I hope this bill will be put on its passage and acted upon finally.

The motion to reconsider was lost.

Mr. Gorman read from Legislative documents showing the amount of kind of articles the clothing the Arsenal consists of. Mr. Gorman further stated that he had been informed by one of the Penitentiary officers, that that Institution could make use of all the articles of clothing.

Mr. Richardson offered an amendment that a Joint Committee of three on the part of the House, and two on the part of the Senate, be appointed to dispose of the clothing now in the Arsenal, and report thereon to the General Assembly, which was lost.

The bill passed its second and third readings.

House resolution in favor of J. C. Brewster, authorizing the State Treasurer to pay Mr. Brewster \$185 for necessary repairs on the Capitol building, was read.

The Committee on Claims recommended that the resolution do pass. The House passed the resolution do pass.

Mr. Anderson, of Clay, moved that the resolution be indefinitely postponed.

Mr. Gorman protested against the adoption of the motion, and the resolution was postponed.

Mr. Brewster was absolutely necessary, and was done with the concurrence of the Governor and the Heads of the various Departments; and if it is the determination of the Legislature not to pay the money, it is a matter that no mechanic will do such work in a similar emergency.

Mr. Standford stated that the Committee on Finance had examined the claim in all its details, and that they were of the opinion that the charges were not warranted, and that the money should be appropriated for repairs on the Capitol building, was sufficient remuneration for the work done.

Mr. Jones, of Orange, corroborated the statement of Mr. Standford.

Mr. Richardson stated that the Governor did not promise Mr. Brewster one dollar more than the \$100 appropriated by the Legislature for repairs on the Capitol building.

Mr. Badger thought the resolution should be recommended to the Committee on Finance, and if Mr. Brewster had contracted with the agent of the last Legislature, and had exhausted the appropriation, Mr. Brewster was not to blame, and that he should be paid. He hoped that the resolution would be recommended.

Suspended.

On motion of Mr. Ellis, of Catawba, the substitute was adopted, and the bill then passed its several readings.

SPECIAL ORDER.

The hour of 12 m. having arrived, the special order was taken up, it being a bill to incorporate the North Carolina Railway Company.

The committee recommended several amendments to the bill—it being framed in English—which were examined by Mr. Humphrey.

Mr. Ellis, of Columbus, moved that the further consideration of the bill be postponed until Monday week.

Mr. Welch opposed the motion and was surprised to find that the bill was not to be treated so lightly—it would not cost North Carolina any money to build the road. He encouraged all such improvements and spoke at some length favoring the bill.

The question of having the bill printed took up some time.

Messrs. Humphrey and Fleming spoke at length favoring the bill.

Mr. Norwood said he looked at all these great moves with suspicion—he did not know whether they would carry out all they pretended. He would favor anything that would redound to the good of North Carolina. He favored a postponement until he could have time to examine the bill thoroughly.

Mr. Jones moved that the bill be printed and made a special order for Friday next at 12 m.

Mr. Ellis of Columbus, withdrew his motion in favor of Mr. Cowles. The amendments offered by the committee were adopted—strikes out the clause requiring the owners along the line of the road to keep up the fences &c.—and strikes out the clause exempting the company from taxation for twenty years.

Mr. Goodwyn advocated the passage of the resolution. He was proud of the Indian policy of government, and was willing and anxious to endorse the administration in that particular.

Mr. Rhodes said the resolution was simply one of instruction to our representatives. It is well known that Gen. Grant has been trying for four years to civilize and christianize the Indians. This resolution is simply an endorsement of that policy.

Mr. Jones, of Caldwell, reiterated his objection to the resolution; and stated that he really did not know what the policy of the government is toward the Indians.

Mr. Brown, of Davidson, supported the resolution. It was not a political matter, and should not be so considered.

Mr. Vaughn said that he had been a member of the Legislature for 12 years, and he had always voted in the negative when he did not know what he was voting for. He did not know what the Indian policy of Gen. Grant is. He advised the gentleman from Davidson to follow his example.

Mr. Darden said that he had no idea that the resolution under discussion would elicit such a lengthy debate on the Indian policy. A resolution of request to Congress to adhere to the plighted faith and honor of the government; and approving of the policy inaugurated by the President in the management of the Indians. He thought the discussion had gone on long enough, and therefore called the previous question on the passage of the resolution.

The question recurred upon the motion to postpone until Wednesday next, which was lost.

The message and report were laid over until Monday next.

A House resolution instructing the Committee on Public Buildings to examine and report what it will cost to repair the roof of the Capitol building, was taken up and adopted.

By Mr. Hughes, a bill to authorize the county of Transylvania to levy a special tax. Referred.

On motion of Mr. Standford, a resolution to pay Judge J. L. Henry for holding several terms of Oyer and Terminer of the Superior Court, was taken up.

A considerable debate as to whether the State or the counties should pay the one hundred dollars per week for holding said terms, the resolution was referred to the Judiciary Committee.

Mr. Johnston made a report from the Committee on Privileges and Elections, in the case of W. P. Mabson, member elect from Edgecombe county, stating that Mr. Mabson was not a citizen of Edgecombe county at the time of his election in 1872; and that the seat of said member be declared vacant, and a new election ordered to fill the vacancy.

On motion of Mr. Gorman, the report was made special order for Thursday next, at 12 m.

The North Western Road.

We have intelligence this morning that this road is already finished and the cars running from Greensboro to Kernersville in Forsythe county. The grading is all done and the sills laid and they are putting the iron down every day. With good weather the cars will run to Salem in about six weeks. This road when completed will be a powerful feeder not only to this city but to the merchants of Richmond (Va.)

Orange County.

There is plenty of the good old English stock in Orange county, now. But let Miss Bettie Stephigh would laugh at the very idea of that old wizen up fellow who drives his two steers into town being descended from royal blood. The McCauley family now in Orange county came from the top of the pot. William McCauley was the first that came from England into that county. He was very popular in Orange, so much so, that he once ran for the Legislature and got every vote in the county save one, and that one he advertised to give ten pounds for, if he would just come to him and show him his face. William afterwards returned to England and brought back with him his brother Matthew. He got him on board the ship that brought them over in a hoghead marked "Rum." And after he got the hoghead on the ship, he knocked the head in, and let his brother out. And Matthew was afterwards a gallant American officer in the old revolution. The Mr. McCauleys who now live in Orange are poor men, but you can see the stamp of worth and honesty in their faces, and though they are no polished scholars, they are men of excellent sense. But what matters blood! "Worth makes the man, want of it, the fellow etc."

Vance was capable of."—The Asheville Pioneer in an article, Shall We have a Convention? says that Gov. Caldwell has stopped the building of the rail road from Old Fort and that his chief adviser is W. N. H. Smith, who, that paper styles a yankee lawyer, as if that would hurt Mr. Smith.—The Winston Republican is on the School Law and hopes the legislature will so amend the law that every child in North Carolina, without any restriction, may be allowed to attend the public schools.

This is strictly a HOME LIFE COMPANY.

Its Officers and Directors are citizens of the State, of high character for business ability, enterprise and probity. It offers every

Substantial Benefit

That Northern Companies do, with the great additional consideration that the capital is kept within the State, and, therefore, helps to build up and foster Home Institutions.

Another important fact to be considered is, that the Wilmington Life has thus far obtained a very much larger interest for the money invested at home, than any of the New York Companies receive for their investments abroad. In fact, the State investments before the Commissioner of that State.

These unquestionable facts should command the confidence of all our citizens, and our people. Let it be borne in mind that millions of dollars are received for Life premiums have been sent North since the war which at once drains the South and enriches the North. The Wilmington Life, therefore, there was no other consideration, safety, fairness and cheapness being equal, why North Carolinians should not invest at home, this was more than sufficient.

The Wilmington Life

has excellent special features.

It places no restriction on Residence or Travel; it makes no extra charge for Female and Child policies; are incontestable after Five Years.

Its business is managed economically. Its investments are made judiciously. Its motto is:

"Economy, Promptness, Fairness."
