POETRY.

The Old Canoe 1 m 2 m's 3 m's 6 m's 12m's Where the rugged pine, in its lonely

> Leans gloomily over the murky tide; Where the reeds and rushes are long and rank. And the weeds grow thick on the wind-· ing bank; Where the shadow is heavy the whole day through, There lies at its moorings the old canoe.

The useless paddles are idly dropped, Like a sea-bird's wings that the storm has lopped,
And crossed on the railing, one o'er one,
Like the folded hands when the work is

While busily back and forth between The spider stretches his silvery screen, and the solemn owl, with his dall "too-hoo,"
Settles down on the side of the old canoe. The stern, buil sunk in its allow wave, Bots slowly away in its living grave, And the green mess creeps o'er its duit

decay, Histing its moldering dust away. Like the hand that plants o'er the tomb a flower. Or the ivy that mantles the falling

While many a blossom of loveliest hue Springs up o'er the stern of the old

The currentless waters are dead and still, Godhead. But the light wind plays with the boat at will, And lazily in and out again It floats the length of the rusty chain,

Like the weary march of the hands of That meet and part at the noontide And the shore is kissed at each turning

By the dripping bow of the old canoe.), many a time, with a careless hand, I have pushed it away from the peobly the Christian ministry. And paddled it down where the stream runs quick,

Where the whirls are wild and the eddies are thick, And laughed as I leaned o'er the rocking side And looked below in the broken tide To see that the faces and boats were two That were mirrored back from the old

But now, as I lean o'er the crumbling And look below in the sluggish tide, And the laugh that I hear has a soberer And the hands that lent to the light skiff

wings Have grown familiar with sterner things. As I rocked where the whirls their white spray shed, Ere the blossom waved or the green grass grew O'er the moldering stern of the old

Admiral John A. Winslow.

Heat of the Moon.

Poets have so long sung of the cold, chaste moon, pallid with weariness of her long watch upon the the Barrel, and Orders Crowd- labor is expended, both in the gen- earth, (a conding to the image used eral designs and in the decoration, alike by Wordsworth and Shelley,) and while some of the styles are a that it seems strange to learn from trifle "loud" and startling to suit science that the full moon is so intastes so inclined, many are as refined and artistic as anything that one would see in our fashionable jewelry establishments, where high rents plate glass, and "style" gen- brought us respecting our satellite. erally, bring the prices of goods up to a figure all out of proportion to their real value.

The news is not altogether unexpected; in fact, reasoning had shown, long before the fact had been A favorite class of work just now demonstrated, that it must be so. The astronomer knows that the

> It is our atmosphere which causes a steady heat to prevail on our earth. And at the summits of lofty mountains, where the atmosphere is rare. States Army—A Large Force although the mid-day heat is intense, yet so rapidly does the heat pass away that snow crowns forever the mountain heights. Yet, although the moon's heat must pass tives, mostly women, are constant- the action of the sun's direct heat lunar mid-day,-or, rather, at the time of lunar mid-heat, corresponding to about two o'clock in our afternoon-to a degree probably surpassing the heat of boiling water .-Popular Science Monthly for August.

One hundred Miles an Hour.

A scientific journal says: The A Parisian dentist, who has a highest railway speeds in the world are attained in England, and the teen minutes with a powerful engine and a train of but two carriages. FLOWERS IMBEDED IN ICE.-A Much of the run was done at over fore, but that a speed of sixty five miles an hour may be available with A young lawyer lately concluded safety. We believe that it would be pigs with the following burst: " If, lent order, that trains might travel dant's pigs are permitted to roam an hour. Miles upon miles of such can 100 consecutive miles of per-The opposite counsel said, "you manent way in perfection be found; and as a chain is no stronger than its weakest link, so a few hundred yards of bar track would spoil, for the purpose of traveling at 100 miles

The Doors are Open.

If anything can touch our sympathy, it is the sight of an honest Democrat struggling to shield the rascality of his party behind his reber of the turbulent mass to be seen the deluded man aside, and telling him that his efforts will be love's labor lost. But we have tried the If you desire to know whether a experiment so many times that we woman is constant, persevering, and have concluded to let the faithful calmly, and do our best to help him across the threshold of the Republican party. There are thousands The following elegant notice of of honest men still left the Demoin upon me, as they often do, I on- the change of weather appears in a cratic party. They live in hopes of ly have to finish it up and send it off."

Think of watch chains by the into the overcoat line from the reand so cling to its sinking fortunes, in hopes that something will turn up to bring about the radical change A parent writes that he is annoyed and pained by his young son staying out at night, and asks a remedy for this rapidly growing evil. There are several remedies. The most effectual is to compel him to wear effectual is to compel him to wear ing vigor and purity to the Republican party. Occasionally this fact There are experts on all manner tentioned Democrat, and he makes of subjects in these days of litiga- haste to enroll himself under the that she knew "these turkeys by their walk, their countenance, and their manner of roosting."

Includes the principles. There is still footing the continual principles and the continual principles. There is still footing the continual principles and the continual principles. There is still footing the continual principles are continually open, and all who believe in justice, equality, and an honest administration of the Government are invited to enter. We have but little room for office hunters, but for the men who desire to labor for the good of the nation we have some reserved seats in the temple of Republicanism .- Winston

A Bennington daughter, whose domestic nature is equal to her universal is the taste for personal other day, and was compelled to natural simplicity, was invited by adornment, and how cheaply it can get her written consent to his mar- an Advent exhorter to join his sect, get her white robe ready, and pre-pare to ascend. "I can't," the mai-den replied; "father and mother
