## GREAT DISCOVERY.

BRADLEY'S PATENT ENAMEL PAINT.

MADE FROM

Pure white Lead, Linseed Oil and Zinc, Chemically combined.

Will last three times as long as the best lead and oil mixed in the ordinary way.

ALWAYS READY FOR USE. SOLD BY THE GALLON.

One gallon covers twenty square yards two coats.

We especially call the attention to the following testimonials of the Paint:  
FROM PROFESSOR W. G. SIMMONS, WAKE FOREST.

WAKE FOREST COLLEGE, N. C., Oct. 4th, 1873.  
MR. C. P. KNIGHT—Dear Sir:—We have for several months been using your Bradley's Patent Enamel Paint on our College Building, and are well pleased with it, though it was applied by one having no experience in such work, yet we have a good job. We shall continue to use it, believing that in point of economy, durability and facility of application it is superior to any other pigment offered in the market.  
Very Respectfully,  
W. G. SIMMONS.

DARNESTOWN, Montgomery Co. Md., Oct. 6, 1873.  
MR. C. P. KNIGHT, Sole Agent for Bradley's Patent Enamel Paint.  
DEAR SIR—I received your favor of the 3d inst., asking my opinion of the "Bradley Patent Enamel Paint," for which you are Agent. It affords me pleasure to add my testimonial with many others, of its value and thorough adaptation to the Rural Districts especially. Having a practical experience of thirty years in preparing plans and building with all branches of Artisans and Mechanics, and used most of the material for painting, I was induced to try "BRADLEY'S PATENT ENAMEL PAINT," owing to its portability, being mixed of all shades and quantities to suit. I applied it for inside and outside work and found it dried thoroughly covered the surface perfect and dried with a beautiful Enamel luster, and covered twenty square yards two coats. I have recommended its use to others in the city of Washington and lower Maryland, with equal satisfaction and good results. Mixing colors by ordinary Mechanics is not often done to the satisfaction of proprietors and this "Paint" being already mixed all desired shades and frequently to suit, renders it more desirable in "Rural Districts." I cheerfully recommend its general use and feel assured that all who use it will be satisfied that it is all that is claimed—"Durable, Beautiful and Economical."  
Yours respectfully,  
JOHN L. DUFEIF,  
Architect and Builder

ASHLYNS, Baltimore Bo., Md., May 27, 1872  
MR. C. P. KNIGHT:—At the recommendation of a friend, I was induced to apply your patent "Bradley's" Paint to my house. I have pleasure in stating that it has proved highly satisfactory, covering more surface than you promised, is more economical, and carries better gloss than ordinary paint, and is freer from disagreeable odor.  
Yours respectfully,  
JOHN WETHERED.

BALTIMORE, Dec. 10, 1872.  
MR. C. P. KNIGHT—Dear Sir: It affords me much pleasure to say to you that the Bradley Patent Enamel Paint far exceeds my expectations in economy, beauty, and I have every reason to believe in durability. More than twelve months since, I painted the roof of my house (Mansion House) with the Bradley Patent Enamel Paint, and I was so well pleased with it, I determined to paint the fronts of the "Hotel," and I am most happy to say that it gives me perfect satisfaction. In conclusion, I will say, if this testimonial will be of any advantage to you, you are at liberty to use it.  
Yours most respectfully,  
ISAAC ALBERTSON, Mansion House Hotel,  
Cor. Fayette and St. Paul Sts. Baltimore.

HILLSBORO, VA., July 14, 1873.  
MR. C. P. KNIGHT, Sole General Agent,  
93 West Lombard Street, Baltimore, Md.

SIR—We the undersigned having used Bradley's Patent Enamel Paint, for which J. Early Thompson is agent, cheerfully certify that for beauty of finish, durability and economy it is in our opinion without an equal.  
Yours very respectfully,  
THOMAS E. CAMP,  
MANLEY HAMMERSLEY,  
RODNEY MATTHEWS.

BALTIMORE, MD., Sept. 30, 1872.  
C. P. KNIGHT, Esq.  
DEAR SIR—I have had the Bradley's Patent Enamel Paint, which I purchased from you, used inside and outside, both at my dwelling and store, for two seasons. It gives me great pleasure to be able to say, that it comes fully up to your recommendations in facility of use, economy, durability and beauty.  
Yours truly,  
THOMAS J. IRVING,  
168 West Baltimore Street, Baltimore, Md.

PRINCE GEORGE COUNTY, October 24, 1872.  
C. P. KNIGHT, Esq., Baltimore—  
DEAR SIR—Having given your paint a test of six months, I take pleasure in saying that it comes fully up to your representation, and I think looks as well now as when first applied. It maintains its gloss and color perfectly, and I think will outlast any other paint I have ever seen.  
Very respectfully,  
MURRAY ADDISON.

C. P. KNIGHT, Sole Agent,  
No. 93 W. Lombard Street, Baltimore.

## PROSPECTUSES.

## A New Era in Journalism.

The Great Achievement of the  
Nineteenth Century.

## THE DAILY GRAPHIC.

All the News and full of Pictures.

The DAILY GRAPHIC is the title of a newspaper, published in New York, which is achieving the most remarkable journalistic success ever chronicled. It is an eight-page evening paper (three editions daily), elegantly printed, and conducted by the ablest editorial talent attainable.

As a newspaper the DAILY GRAPHIC stands in the first rank, and contains regularly

The Very Latest and Fullest News  
from all Parts of the World.

Its great feature consists in the fact that it is not only a newspaper, but an illustrated newspaper as well. Four of its pages are filled with choice reading matter—telegrams, editorials, general and local news, items, gossip, and correspondence on the freshest and most interesting topics. The remaining four pages consist of

## SPLENDID ILLUSTRATIONS,

executed in the most faultless and artistic style, and portraying accurately and fully all leading events within twenty-four hours after their occurrence. Those who have made journalism a study, and fully appreciate the great enterprise manifested in the collection and publication of news by the aid of the telegraph, steam presses, and the development of journalistic talent, have been fond of advancing the theory that the next advance in that field would result in a newspaper furnishing in its regular issues pictures of all current prominent events. That theory is a theory no longer; the newspaper of the future is the newspaper of to-day, and that paper is the DAILY GRAPHIC. The processes which render this marvellous achievement an existing fact are the result of the most careful study and an endless variety of experiments, gradually perfected during the past twelve years. They depend upon improvements in lithography and the application of the photographic camera. By their aid a picture is engraved and made ready to print in from twenty minutes to two hours. Costly and elaborate plates, works of arts, scenes of interest, are reproduced and pictured forth with equal facility and the most scrupulous fidelity. Illustrations of leading events are engraved and prepared for the press even before the accompanying written narrative or description leaves the hands of the compositor. For the proper practical working of so great an enterprise, THE GRAPHIC COMPANY was formed, with

## A Capital of \$500,000 in Gold,

months and months before the first issue of the DAILY GRAPHIC, the most extensive preparations were made, and to-day THE GRAPHIC COMPANY has

## The Largest and Most Complete Newspaper Establishment in the United States.

In the great work of illustrating the events of the day an extensive corps of the best known and most accomplished artists are constantly engaged.
