

LOCAL AND STATE.

APPOINTMENT.—W. A. Hearne, Esq., has been appointed Superintendent of the Federal Court House and Postoffice to be erected in this city.

I. O. O. F.—N. V. B. Gilbert, Esq., a Past Grand of Seaton Gales Lodge, No. 64, I. O. O. F., has been chosen to represent his lodge at Greensboro in May next.

FINE BEEF.—David W. Kerr, Esq., of Alamance, brought to our market on Friday last week two of the finest heaves we have ever seen in this city. They are both steers, and the largest weighs 1,800 pounds.

SUPERIOR COURT.—The Spring Term of the Superior Court for the county of Wake, commenced its session in this city on Monday last, His Honor S. T. Watts, presiding. We learn that the docket is unusually heavy.

The Monroe Enquirer says that a fish-trap in Cane creek caught seven nine-suckers in one day, the largest weighing three pounds. If a trap should be set around about Raleigh, we could doubtless catch some suckers weighing nearly 200 pounds.

CORRESPONDENTS must learn to practice brevity. We do not always have time to condense. The result is, several communications that otherwise would have been admissible have found their way into our waste basket. See notice at head of our "correspondence" column.

PARDONED.—On Thursday last, His Excellency Gov. Caldwell pardoned Astor and David Beckwith, who were sentenced in Johnston county in 1873 to five years' imprisonment in the Penitentiary for larceny.

The Judge, Solicitor, and many prominent citizens signed the application.

CHROMOS.—We acknowledge the receipt, from James Sutton & Co., No. 55 Maiden Lane, New York, of two beautiful Chromos. Messrs. Sutton & Co. are the publishers of that beautiful and instructive magazine the Atlas, which is unsurpassed by any of the kind in this country.

COMPLIMENTARY.—The Goldsboro Messenger, a Democratic journal, copies our editorial entitled "The Republican party, the party of right" into its editorial columns with comments and says "the Era may be regarded as the sword and shield of the Republican party in North Carolina."

DEATH OF JOHN D. PRIMROSE, Esq.—We regret to learn that this gentleman died at his residence in this city on Saturday evening last at 7 o'clock, after a brief illness. Mr. Primrose was at one time a member of the firm of Primrose, Petty and Newsom, dry goods merchants, of Raleigh. He was possessed of some amiable qualities and had many friends in our community who will mourn his loss.

CONVALESCENT.—We are gratified to learn from a member of the family, that the little son of Rufus Horton, Esq., who was run over on Thursday last by a wagon on Johnson street in this city, is much improved, and is now in a fair way of recovery. If the wagon had been heavily loaded at the time, the little fellow would have been instantly crushed to death. We think the driver should be fined for a violation of the ordinance against fast driving, which seems to have caused the accident. Such recklessness should not be allowed to pass unnoticed.

The Era is now published both as a Weekly and Tri-Weekly. It is the State organ of the Republican party and should be found in the house of every true Republican! Don't forget your papers especially during the present year which will be a glorious one for all good Republicans. Put up a copy with the Era and send a Statesman to talk to the people.—Fayetteville Statesman.

Thanks, friend Bleeker, the Era is fast reaching the hearth-stones of the masses of the Republican party in North Carolina, and we intend that the principles and policies of our great party, shall be thoroughly laid before the people from time to time until victory again crowns our efforts.

In promoting the good cause, we are happy to know that the Statesman will go with us hand in hand through the night. We are proud to have such an ally as the Statesman. It never fails to make home thrills in every issue.

BUSBEES LAWYER'S DOCKET.—Published by John Armstrong, the well known and popular book-binder of this city, and which is advertised in another column, needs from us no puffing, to commend it to the legal profession. Wherever known, and that is generally throughout the State, Mr. Busbee has a reputation, which peculiarly fits him to get up a book for the purpose for which the Docket is designed. Systematic in his arrangement of all things, he has given his brethren, (in this publication,) the benefit of his orderly experience, which, if they choose, they can profit by at a small expense. We have no doubt but that the patronage of the book will amply repay for the time spent in the arrangement and expense of its publication. For particulars, address—

QUENT. BUSBEE, P. O. Box, 361, Raleigh, N. C.

COMING.—We learn that Fox and Denier's Humpty Dumpty Troupe, who are now playing to crowded houses in Wilmington, contemplate giving us a call at no distant day. The people of Raleigh appreciate the Drama as much as those of most cities, and no Troupe of genuine merit ever leaves here with complaints of empty seats. The burlesque opera seems to be the rage just now, and Fox and Denier's Troupe is said to be unsurpassed in this style of acting. The Wilmington papers are filled with their praise. Lent will soon be over, and a large class of our citizens who have been for some weeks conscientiously banned from such enjoyments, will doubtless turn out for something good. Let us have Humpty Dumpty.

REPUBLICAN MASS MEETING.—A large meeting of the Republicans of the City of Raleigh took place in Metropolitan Hall, Thursday night last, for the purpose of interchanging views in relation to city affairs.

J. C. L. Harris, Esq., was called to the chair, and Chas. Hunter, Esq., acted as secretary. The meeting was addressed by Gen. John C. Gorman, Hon. James H. Harris, J. H. Jones, T. M. Argo, Virgil Rix, Stewart Ellison and others. We have no doubt from the action of this meeting that the utmost harmony will continue to be preserved in the Republican ranks in Raleigh, and that the party will nominate and elect such men for Mayor and Commissioners as will reflect credit upon our City.

WESTERN OUTLET.—Another street is needed leading from the city to its western limits. The only thoroughfare now available for vehicles is Hillsboro street, while there are many streets leading from the city in other directions. We think it is due to the people living west of the city, and especially to those in the vicinity of the Penitentiary and the Boylan place, that Morgan street should be extended, and we believe that the increase in valuation of the property along the route would repay, in increased taxes, the expenses of the extension. We have no doubt arrangements could easily be made with the Raleigh and Gaston R. R. Co. for a bridge across its connecting road, similar to the one on Hillsboro street.

We trust our city fathers will consider the matter at an early day.

REGISTRATION.—We cannot too frequently call attention to the duty devolving upon every voter to register his name promptly. It is best to do this as early as possible, and thus avoid a general rush during the last few days prior to the election. It often happens that on the day of election, names cannot be found on the books when the parties were under the impression that they had properly registered them. This arises from many of our colored friends passing under several different names. For instance, many of them were in former times slaves and in addition to their proper family names, adopted those of their owners, which they still retain. In registering, give your full family name, and be sure to recollect on election day the name under which you registered. This course will avoid great trouble and save much time.

"UNCLE TOMMY RAY."—Thomas Ray, or as he was familiarly called, "Uncle Tommy Ray," died on the 30th ult., at his home in New Light Township, in Wake county. Mr. Ray was known extensively in his section as a politician and an honest man, two qualifications rarely combined in these degenerate times. "Uncle Tommy," we believe, never allied himself to any organization in particular, but claimed to stand upon the platform of right. We remember to have heard W. H. High, our former sheriff, tell the following anecdote: On one occasion, being hard pushed by his competitor, he called on "Uncle Tommy" to ascertain how he stood in the canvass. He began by saying that he was an old Democrat, and had always voted the right ticket, and concluded by asking "Uncle Tommy" flat-footed for his vote. "I am a Democrat, too," said "Uncle Tommy," and have never voted any other ticket, "but," continued he, "how am I to know, Billy, that you remain true to the faith?" "Try me," said High. "Well," said "Uncle Tommy," "you have heard how Gen. Jackson took New Orleans, haven't you?" "Yes," said High. "Well now," said "Uncle Tommy," "tell me if he was right in taking the cotton without pay, or not." "Well," said High, "I think if the country needed it, he should have taken it anyhow." "That's right. That's Democracy," said "Uncle Tommy," "and as you stand by Jackson and right, I'll stand by you." In later years "Uncle Tommy" still stood by Jackson, and often quoted his saying, that "the Federal Union must and shall be preserved." Peace to the ashes of "Uncle Tommy Ray."

THE BALD MOUNTAIN MYSTERY EXPLAINED.—The following from the Asheville Expositor will doubtless set at rest the many speculations as to the real cause of the rumbering of old "Baldy." This is the best explanation we can give our readers at this time. If anything turns up of a more definite nature, we will hasten to lay it before the public. Read the extract: "The Bald Mountain mystery has at last been explained. In 1862 a man named Gillem, a Confederate soldier who was home on furlough, chased a fox into a cavern in the Mountain, and built a fire in the same to smoke him out. He passed the place three weeks afterwards and the fire, which was still burning, had penetrated the Mountain further than the eye could see. His furlough having expired he went back to the army. After the surrender at Appomattox, curiosity prompted him to visit the spot. Much to his surprise he heard an indistinct roaring in the very bowels of the Mountain, and putting his head to the mouth of the cavern, he inhaled the gas from burning coal. He is of opinion that the whole Mountain is one vast coal bed, and that his little adventure with the fox will ultimately lead to the destruction of the continent. We give the story for what it is worth. Any one too stupid to believe it should read the life and adventures of Baron Munchausen."

A GOOD STREAK.—A gentleman residing in Anson county, while engaged a few days ago in clearing land, stove his axe into a black-jack tree, and feeling it strike against some hard substance, made an examination, finding for his pains a lump of gold weighing several pounds. How it came there is a mystery, but some suppose it was placed in the tree during our old revolutionary war. We well remember the big scare that took possession of the people of Raleigh and the surrounding country when Sherman and his army passed through. Many of our citizens buried their treasure, and a large part of it, to this day, is concealed in different parts of the country. We know of one gentleman, who buried several hundred dollars near his residence, in Wake, but amid the general panic, he forgot the exact locality, and it has not been recovered yet, at least by him. Perhaps future generations in digging around, may rake up some of the old rusty silver and gold that was hid away on that memorable occasion. It was indeed a time that "tried men's souls," and as many men's souls are not far from their pockets, it is but natural that they should have resorted to any expedient to place their cash and valuables in some secure place.

GRADED SCHOOLS.—We publish this communication at the request of the Committee, who state that it has been delayed by absence from the city of members of the Committee: To the Citizens of Raleigh. The undersigned Committee, appointed at a meeting of citizens of Raleigh, in September last, to cooperate with the School Committee of this Township, in establishing a system of Graded Schools for white children, hereby surrender their trust, for the following reasons: 1. They were appointed at the suggestion of the School Committee by virtue of certain regulations adopted by the Board of Education. These have been repealed by the General Assembly and the Committee are, therefore, functi officio. 2. As the General Assembly passed no law authorizing the support of Public Schools by special city taxation, the Committee see no prospect of carrying out the wishes of the citizens at present. They are of opinion that schools of a high order cannot be established and regularly maintained by voluntary contributions, but must be under authority of law.

3. The Committee have been unable to take any action towards opening schools, as but a small part of the school fund has been paid into the County Treasury. 4. The Committee respectfully tender their acknowledgments for the confidence reposed in them and deeply regret their inability to secure an object in which the people are so greatly interested.

KEMP P. BATTLE, JOS. M. ATKINSON, A. W. MANGUM, W. WHITAKER, Committee.

In the first, third and fourth items of our report, we dissent, because I am sure that an efficient graded public school can be opened and continued here, in spite of the defects of the present law. J. H. MILLS.

Mr. John Kershaw, Superintendent of Little River Factory, died suddenly of cramp colic on Thursday night last. He was in his 63d year, a native of England and a good machinist. Wm. T. He is indignant at being called a clown. The Agent of the Lannier Troupe has written to Rhody Lowery, widow of Henry Berry, proposing to her to travel with the company. They calculate that at least one million of people will pay one dollar ahead to see her on the stage. The "bloody mystery" on Bladen street in Wilmington, has been solved. A druggist in the neighborhood was engaged in making up some medicine and threw the paper and red stuff it contained into the alley. It looked like blood, and hence the excitement. The U. S. mail car was broken into at Union depot, in Wilmington, last Saturday night, about half past ten o'clock, and several mail bags carried off. They were afterwards found in the woods near the city. The loss is ascertained to be about \$50.

The Wilson Plaindealer of last week says: "The Captain and hands of the steamer Cotton Plant on Tar river, plying between Tarboro and Washington, on the down trip one day last week, observed a small coffin floating down the stream. Prompted by curiosity and humane considerations, they lowered a small boat and soon secured the coffin, placed it on board the steamer and proceeded to open it. In it was found a beautiful child—a new-born babe, neatly dressed, with an India rubber nipple in its mouth, vigorously nursing from a bottle of milk. It was taken to Washington and placed in charge of a good old woman who nursed it with tender and affectionate care. For further information inquire amongst the neighbors.

While about twenty persons were returning from a Campbellite church, six miles east of Carbondale, Ill., on Saturday night, they were fired upon from an ambush, and Mrs. Stouzeanaella and David Belliner were dangerously and perhaps mortally wounded. It is not known who were the assailants, but it is believed that the affair grew out of an old grudge existing between the Bulliner family and some of their neighbors, and that it was but a continuation of the tragedy which occurred three months ago, in which young Bulliner's father was killed. PATENT MEDICINES.

Winegar Bitters advertisement with logo and text: "Winegar Bitters is the most wonderful invigorant that ever sustained the sinking system."

No Person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and vital organs wasted beyond repair.

Bilious, Remittent and Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with their vast tributaries, throughout our entire country during the Summer and Autumn, and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangement of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to Dr. J. WALKER'S WINEGAR BITTERS, as they will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the normal functions of the digestive organs.

Fortify the body against disease by purifying all its fluids with WINEGAR BITTERS. No epidemic can take hold of a system thus fore-armed. Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the region of the Kidneys, and a hundred other painful symptoms, are the offspring of Dyspepsia. One bottle will prove a better guarantee of its merits than a lengthy advertisement.

Scrofula, or King's Evil, White Swellings, Ulcers, Erysipelas, Swelled Neck, Goitre, Scrofulous Inflammations, Indolent Inflammations, Mercurial Affections, Old Sores, Eruptions of the Skin, Sore Eyes, etc. In short, all the various Skin Diseases, WALKER'S WINEGAR BITTERS have shown their great curative powers in the most obstinate and intractable cases. For Inflammatory and Chronic Rheumatism, Gout, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have no equal. Such Diseases are caused by Viciated Blood.

Mechanical Diseases.—Persons engaged in Paints and Minerals, such as Plumbers, Type-setters, Gold-beaters, and Miners, as they advance in life, are subject to paralysis of the Bowels. To guard against this, take a dose of WALKER'S WINEGAR BITTERS, at the first onset of any symptoms, and the offspring of Dyspepsia. One bottle will prove a better guarantee of its merits than a lengthy advertisement. For Skin Diseases, Eruptions, Tetter, Salt-Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-worms, Scald-head, Sore Eyes, Erysipelas, Itch, Scurs, Discolorations of the Skin, Humors and Diseases of the Skin of whatever name or nature, applied liberally, dug up and carried out of the system in a short time by the use of these Bitters. Pin, Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. No system of medicine, no vermifuge, no cathartics will free the system from worms like these Bitters.

For Female Complaints, in young or old, married or single, at the dawn of womanhood, or the turn of life, these Tonic Bitters display so decided an influence that improvement is soon perceptible. Cleanse the Viciated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul; your feelings will tell you when. Keep the blood pure, and the health of the system will follow. R. H. McDONALD & CO., Druggists and Gen. Agts., San Francisco, California, are sole agents for Washington and Charleston, S. C.
