THE ERA.

THURSDAY, APRIL 23, 1874.

CORRESPONDENCE.

It must not be understood that THE ERA endorses the sentiments of its correspondents in every instance.

J. C. L. Harris for Solicitor. To the Editor of the Era:

On the 6th of next month the Republicans of the Sixth Judicial District meet in convention, at Warren, to nominate a candidate for Solicitor.

During the last session of the Legislature of 1867-68, it will be remembered that about thirty members of that body and several private citizens had frequent meetings at the old Standard office, and at the residence of W. W. Holden...

During the Presidential campaign of 1868, Mr. Harris was Secretary of the Republican State Executive Committee. Republicans know the vast amount of work that the Committee was called upon to perform during that campaign.

the Executive Committee. He has been continued in that position because of his peculiar fitness for the place, and his work has always been so well done that nothing except commendation has been heard.

In 1870, Mr. Harris took an active part in the State campaign. He accompanied Hon. S. F. Phillips in his canvass through Guilford, Randolph, Cabarrus, Gaston, Cleveland, Rutherford, Polk, Henderson, Buncombe, McDowell, Burke and Iredell counties...

In June, 1871, The Era was established. After the issue of the first two numbers, Mr. Harris was placed in charge until the arrival of Major Marcus Erwin, who had been selected as editor.

Mr. Harris read law in 1869 with Judge Thomas Settle, and in 1870 with Hon. Samuel F. Phillips. He obtained his license in June, 1871, passing a rigid examination in a highly creditable manner.

ORIGINAL PANEL. Warren Co., April 13th, 1874.

Col. Thomas B. Long. To the Editor of the Era:

The distinguished gentleman whose name heads this article is fast ranking as one of the foremost men in the State, and the encomiums that are daily lavished upon him by the press and people are deservedly bestowed upon one whose merits both as a gentleman and officer are entitled to eminent consideration.

Col. Long, beyond a local reputation, was little known until 1868, when by appointment of Governor Holden, he accepted the magistracy of Salisbury, which he held for three consecutive terms, the two latter by election.

John A. Hyman, of Warren. To the Editor of the Era:

It is with pleasure that many of your readers see the gentleman whose name heads this article urged as a proper person to represent the Second Congressional District in the next Congress.

He is not a ranter, nor a demagogue, but a quiet, honest, gentlemanly, intelligent and very sensible man. These qualities make a very desirable character. He was in the Constitutional Convention of '67-'68, and has represented his county in every Legislature since, and in no single instance has he given an exceptionable vote, made an indiscreet speech, or failed to exert his influence in behalf of the Republican party.

like R. Strayhorn, Esq., for Congress. To the Editor of the Era:

A friend, through your columns, to say a few words to the voters of the Fourth Congressional District in regard to the man that is to be chosen to represent the Republican party in the next Congress.

Now, as it has been impossible for me to represent them in the House of Representatives, I have canvassed the county and made telling speeches in behalf of the great cause of Right, and won many friends wherever he went, but owing to our party being in a minority he was defeated.

Senator John A. Hyman. As the time is drawing near at hand, when the Republicans of the 2d Congressional District will assemble in convention to nominate a man to represent them in the United States Congress, I hope the claims of the Hon. John A. Hyman will not be overlooked or ignored.

Mr. Hyman is a known and tried Republican. He has been at the post of honor and trust in this county successively since the organization of the Republican party in North Carolina, and has, in no instance, proved recreant to his trust.

Mr. Hyman would make a good member of the House of Representatives, and at the same time he is not wanting in frugality and fidelity to the Republican cause. He is respected as a high toned gentleman by all, even his political enemies are forced to concede that he is a noble and patriotic citizen.

Col. W. F. Henderson. To the Editor of the Era:

I have noticed, with evident satisfaction, one or two communications in the Era, suggesting Col. W. F. Henderson as a suitable candidate for Congress from this District. Col. Henderson's unflinching devotion to the Republican party certainly entitles him to the nomination and support of all true friends of the Union.

HON. RALPH P. BUXTON.—This gentleman, who can well be denominated the people's favorite, as more ballots have been cast for him in one election than were ever cast for any other man who ever lived in the State of North Carolina, announces himself for re-election as Judge of the Superior Court for our District.

Mr. Purnell is well known in this county, being a grandson of the late Thomas R. Purnell, at present State Librarian, for the office of Superintendent of Public Instruction.

TERRIBLE DEED.—A terrible tragedy occurred on the night of the 21st ult., at Watsonville, S. C., resulting in the instant death of M. J. Gilkey, and Dr. C. E. Cleveland.

To THE POINT.—An exchange says: "Compare the publisher of a newspaper, who has to go all around the country to collect his pay, to a farmer who sells his wheat on credit, and not more than a bushel to any person. If any farmer will try the experiment of distributing the proceeds of his labor over two or three counties, with an additional one to two or three distant States, for one year, we will guarantee that he will never, after a year's experience, ask a publisher to supply him with a paper a year or two without the pay for it."

R. W. King, Esq., of Lenoir. To the Editor of the Era:

This great champion of the day is before you for the nomination for Congress. In presenting Senator King's name to you for this position I need not attempt to tell you what he has done for the Republican party, and especially for the colored race, because his labors in the ranks of the party are too great for me to describe here.

A TRUE REPUBLICAN. Kinston, April 10, 1874.

Thomas R. Purnell Endorsed. To the Editor of the Era:

We have just heard that our District has been honored with the nomination for Superintendent of Public Instruction, and we know we speak for the great majority of the party in this District, when we say no one would have suited us better.

Dr. Ernest Uling, charged with an attempt to defraud the Merchants' Life Insurance Company of ten thousand dollars by pretending the death and burial of Louise Germs, who was insured for the above sum, was arrested on the 13th inst., at 228 East 25th street, New York, where he was found secreted under a bed in his residence.

GREAT ENTHUSIASM IN HARNETT.—Attention is called to the proceedings of the Republican Convention for Harnett county, published in another column, which met recently at the Court House in Millington, and among other things nominated their county ticket.

THE REPUBLICAN DISTRICT CONVENTION. The republican district convention which met at Wilson, May 9, 1872, elected a district executive committee as follows, with Colonel Thomas Powers, chairman:
