The New York cotton market for the past week has been exceedfield at the house of Henry Smith ingly dull. During the opening he was eating at the time with a days, say Monday and Tuesday, gun lying at his feet. The officer there was rather more firmness U. S. 10-40 and 5 20 bonds, than at any other time. This can be attributed to speculative influences. Buls succeeded in establishing a steadier feeling, but could not | State of Onio Corporation, sustain the improvement, and since | Loans on bond and mortgage, Monday, the values have gradually receded to 161 for low middlings and uplands, which has declined a quarter of a cent for the week. For future delivery there has been quite a sharp decline in values, say three-eighths to one-half on all months, with a great pressure to sell even at reduced figures.

On Thursday there was less depression and the market became more steady. The total's desduring the week were one hundred and eighteen thousand, seven hundred and fifty-five bales, of which one hundred and thirteen thousand and three hundred were for future des Less reinsurance, livery and five thousand four hun dred and fifty-five bales were for immediate delivery, of which five thousand three hundred and thirty-one were for spinning and one hundred and twenty-four for speculation.
