

LOCAL AND STATE.

THE SOLDIERS.—Our company of citizen soldiers is drilling daily, and will soon be prepared to make its first parade.

LITERARY.—Mrs. Oliphant is engaged in writing a new novel in three volumes entitled "White Ladies," which will appear serially in the New York Churchman during the coming winter and spring.

MUNICIPAL.—At a meeting of the Board of City Commissioners held on Tuesday night, the 11th inst., Henry M. Miller, Esq., was appointed Mayor of the City during the absence of His Honor, Mayor Holden.

SERIOUS ACCIDENT.—A little son of our fellow-citizen, C. W. Lambeth, Esq., fell from the porch of his father's residence on Wednesday night, the 12th inst., and broke his thigh. Dr. E. Burke Haywood has set the fractured limb and it is hoped the little fellow will not be rendered permanently disabled.

NEW HOSE.—The Board of City Commissioners at their session on Thursday night, the 13th inst., ordered the purchase of 1,000 feet of new hose for Rescue Fire Company. We have not heard of their action in regard to the Victor Fire Company, but suppose that if desired, their wants will also be attended to.

OLD JOHN COMING.—We are highly delighted to hear that Old John Robinson is coming this way. He is expected to spread his tent in the Baptist Grove on or about the 15th of September. We make this announcement in order that all of our friends at the seashore and mountains may hasten to Raleigh at once. Verbum sat.

STABBING.—On Tuesday night, the 11th inst., two colored men named Charles Walton and Wm. Richardson, became engaged in an affray on Wilmington street, during which Walton stabbed Richardson, inflicting a wound from which he died on Thursday, the 13th inst. The affray we learn originated from a political discussion.

At thirty-five the average American discovers that he has an "Infernal Stomach," and goes into the hands of the doctors for the remnant of his life. Prevention is better than cure, but Dr. WALKER'S VINEGAR BITTERS will both cure and prevent dyspepsia, diseases of the skin, kidneys, and bladder, and all disorders arising from an "infernal stomach."

DEATH OF A WORTHY MAN.—We regret to announce the death, at Chapel Hill, on the night of the 15th, of John White, Esq., for many years Postmaster at that place. Mr. White was a native of Newton, Mass., and was in the 68th year of his age. He was a man of high character and enjoyed the full confidence of the entire community in which he lived.

OFFICIAL VOTE OF WAKE.—We publish the correct vote of this county at the recent election, together with that cast for Governor in 1872 and at the special election for member of Assembly in 1873. We are under obligations to Mr. White, the efficient Register of Deeds, for courtesies shown us in allowing us access to the official papers in his office.

File this copy of the Era for reference.

LAMP LIGHTER.—We have been shown by D. W. Whitaker, the operation of his new patent lamp lighter. It is of simple construction and very convenient. It consists of an opening under that part of the lamp near the wick, through which a match can be inserted without removing the chimney. As the match is shoved in it ignites and lights the wick without removing the chimney.

THE YARBOROUGH HOUSE.—For the past few months this well known Hotel has been undergoing a thorough renovating, both inside and out, and is now one of the finest buildings of the kind south of Washington. It has one hundred and twenty-five rooms, among which are finely furnished parlors, bed-chambers, private parlors and a most elegant bridal chamber. The bedrooms are furnished with the best walnut furniture and mattresses manufactured by the most celebrated firms of New York and other cities. Attached to the building are bath rooms of the most improved kind, barber shops, &c. It is useless for us to speak of the Proprietor, Dr. Blackhall. If there is a man on the continent that can beat him keeping a Hotel or whose manners are more acceptable to the public at large, we have never seen nor heard of him.

ESCAPED.—Lee Dunlap, who for some time past has been confined in Wake county jail on a charge of murder, made his escape on Friday night, the 7th inst., and we understand has not, as yet, been recaptured.

IMPORTANT STEP.—It is with pleasure we learn that the Board of Commissioners of this city has passed an ordinance providing for the funding of the city scrip now afloat. The provisions of the law with its modus operandi will shortly be presented to the public. John Nichols, Esq., City Treasurer, Alfred Williams, Esq., and Jefferson Fisher, Esq., will constitute a committee to superintend the exchange of funding bonds for city warrants. The present income of the city from taxation is about \$42,000; from rent of Market House and other sources about \$8,000, while the estimated expenses are \$36,000, besides the sum of \$10,000 as annual interest.

DEATH OF HON. SION H. ROGERS.—It is with the deepest regret that we are called upon to announce the death, in this city, on Friday morning, the 14th inst., at 5 o'clock, of HON. SION HART ROGERS. Mr. Rogers retired on Thursday night in his usual health, but about day was taken with a hemorrhage which resulted in death at the time mentioned. Upon others better qualified than ourself must rest the task of doing justice to the many virtues which adorned the character of Col. Rogers. It is sufficient to say, that in his demise, society has lost one of nature's noblemen and highly esteemed citizen. In politics Col. Rogers was in ante bellum days an old line Whig.

In 1853, he was elected a member of Congress from the Metropolitan district and served the full term of two years. In 1860, he was a member of the House of Commons. In 1862, he was elected by the General Assembly Attorney General of North Carolina, which position he held until the adoption of our present Constitution in 1868. In 1870, he was returned to Congress.

At the time of his decease he was about 49 years of age. He leaves four children, three boys and one girl. His wife, a daughter of the late Hon. W. H. Haywood, died some years since.

STARTLING FORGERIES.—A startling case of forgery and fraud has just come to light in Charlotte, the particulars of which, as far as we can gather them, are as follows: It seems that W. H. Houston, a prominent citizen and large cotton buyer, was an independent candidate at the late election for Sheriff of Mecklenburg county. From some cause, either on account of his lavish expenditure of money, or from unguarded remarks on his part, suspicion was aroused that the endorsements which stood on his notes in Bank were forgeries.

An examination was had, with the following results: The Merchants and Farmers National Bank hold a note for \$2,500, having the names of H. M. and Houston and E. C. Grier, as sureties.

The Commercial National Bank has a note for \$1,200, endorsed with the signature of H. M. Houston.

Farmers Savings Bank of Mecklenburg county, a note of \$3,000, with the bogus endorsement of H. M. Houston and the genuine endorsement of J. P. Houston.

In addition to the Bank forgeries the following frauds were perpetrated: Milton Morris, Esq., a citizen of Cabarrus, holds Mr. Houston's note for \$2,985; H. M. Houston and E. C. Grier are on this note as endorsers. E. M. Holtis is in for about \$3,000 with H. M. Houston and E. C. Grier, as endorsers. The total amount of Houston's forgeries is about \$12,685. The most disgraceful circumstance connected with the whole matter, is Houston's having borrowed \$1,500 from an orphan girl in the county, and forging the name of W. J. Black, as security of the note. The young lady, upon hearing of her loss, wept most bitterly. It was all she had in the world. After Houston had been apprised of the fact that his guilt had been discovered, he had a horse and buggy ordered, and under cover of the darkness left Charlotte Sunday night. Nothing has been heard of him by the public, and there is nothing to indicate his whereabouts. What has become of all the money which he obtained by the villainy practiced is entirely a matter of surmise, though it is certain a very large part of it was spent in conducting the campaign. Houston, it seems, stood high in Charlotte, and the affair has created a profound sensation.

STATE.—The Carolina Central Railway has already spent \$500,000 since May, 1873, and is now going it at the rate of \$40,000 a month.

The Farmers in the Cool Spring section of Edgecombe county have been visited with millions of grasshoppers which are doing much damage. New-Berne Times: The shipments of lumber for the past twelve months amount to thirty entire cargoes and half as many partial loads, footing in the aggregate 4,360,000 feet, a larger quantity than has ever been shipped in any previous year of our history, which fact is due almost entirely to the energy and determination of one man.

The Kingston Gazette says: We learn of a terrible fate which met a negro woman in the lower part of Lenoir county. It seems that she and her husband were working in a field, and at noon she started to her house and went across a branch to a neighbor's to get some fire, and on her return she was met in the branch by a huge bear, and being in a state of pregnancy the ferocious animal attacked her and killed her, and tearing her open devoured the child. Her husband, thinking she was staying over long, went in search of her, and on his approach the bear ran. Seeing the appalling fate of his unfortunate wife he swooned by her side, where he was shortly after found by friends and taken home, and the woman buried. The woods have since been scoured by the citizens but at last accounts the brute had not been captured.

It is reported that Bazaine has arrived at Genoa, disguised as a servant. It seems that the fugitive certainly had accomplices. The following is the first official business dispatch received by this Government, per cable, from South America since the completion of the cable from Lisbon to Rio, and conveys the first notice of the arrival of Rear Admiral Leroy to take command of the South Pacific Station. The dispatch is dated at Rio de Janeiro, and was received here at 10:30 a. m., showing extraordinary dispatch. It is as follows: "Secretary of Navy, Washington, D. C.: The Monongahela's paymaster is sick; relief wanted immediately. (Signed) LEROY."

The expenditures of the National government for the fiscal year 1874, were \$27,133,873, against \$29,345,245 for the fiscal year 1873; a decrease of \$2,269,653, and an increase of \$25,417,128 over 1872, exclusive of the items of interest and premiums. An examination of the figures in detail shows that there was a saving of \$3,886,517 last year in the civil and miscellaneous expenditures, but this item is still larger by \$5,656,834 than in 1872, showing that there is still room for great retrenchment. The War Department saved almost exactly four million dollars the past year, but the item is still seven millions larger than in 1872. The Virginia affair largely increased the expenditures of the navy, the item standing for \$7,406,830 more than in 1873, and \$9,682,770 more than in 1872. The charge for the navy has not been exceeded since 1867. The Indians cost \$2,259,236 less than in 1873, but only \$368,260 less than in 1872. Pensions only diminished \$321,012 as compared with 1873, but show an excess of \$508,012 as compared with the previous year. The increase in the interest charge is the most noticeable fact in the statement, which there has been other than a decrease. Probably the double interest paid during the syndicate operations accounts for a part of it. This

charge will certainly be reduced the coming year, as the annual interest on the whole funded debt on the first of August is \$36,792,068. The appropriations this year are also smaller than last year, and as the revenue appears to be increasing we may reasonably anticipate a good surplus, thus opening the way for a reduction of taxation.—Exchange.

MARKET SUMMARY.—In New York, on the 17th inst., cotton was easier at 17. Turpentine quiet at 35. Rosin steady at \$2.25 to \$2.30. Gold 94. Exchange 48 1/2. Governments dull. State bonds quiet. In Southern cities of the U. S., cotton was dull at 15 to 17.
