Old Major Throckmorton, keeper of the Galt House in Louisville, is dead. He was a good old man aud-Kentucky to the bone. When Dickens came to his house in 1846 the Maj ir gracefully and hospitably addressed him thu while the assembled crowd looked on and listened with admiration akin to enthusiasm: "Mr. Dickens, we are glad to welcome you. We know you and a imire you, and will reckon it a privilege to be allowed to extend to you the hospitalities of the metropolis of Kentucky. As your especial host, I beg that you will command me for any service in my power to rende"." Mr. Dickens received this with a frigid stare. "When I need you, landlord," he said, pointing bethe door, 'I will The next moment the distinguished author was half way out of the window, the Major's boot under his coat-tail, and au nerous Kentuckians holding the Major's coa -tal, for the Major viewed insults from a strictly Ken acky point of view. The only mention of this inci leut in the "American Notes" is that Dickens saw a pig rooting in the streets of Louisville, which proves that great covelists are more careful about their fiction than

Will Resumption Resume? Washington Post.

Every good citizen will rejoice at the prospect of speedy resumption and better times, and will forbear croaking or captions critic sin of anything who gives promise of public weed. Nov :the ess, it is the part of wisd in to box thinks squarely in the face and not o be stuntified by beliefs which are destrable rather than reasonable. It should be borne in mind that what the G vernment will at e upt after January 1st is merely an experiment. If the first essay at resumption should be forcunae, and if no adverse conditions should arise during a three months' trial, the prospects of its ultimate accompil-hment would be greatly improved, but could not become assured under a much longer period. It is upon the freasury that the burden of iesumption will fall, because it is only the Government which is bound to tuake paper equal to gold. The banks are mere y required to redeem in greenbacks as belowe. It is true these gree backs can be exchanged for gold at the pleasure of this holder by presentation at the sub-treasury in New Yers. Thus, while the Government resumes directly, the banks do it ind rect y. There is now no disposition on the part of the banks to throw obstacles in the way of resumption, because it is not for their present benefit to do so. They have only to stand as de and see the good work good. But it it should become their interest to oppose resum . . tion, we mus', of course, expect them t) make a united s and a ainst it. The officers who regulate the assessment of their taxes are elected without any care or concern on the part of the mea who contribute most heavily to the enormous sums annually collected for mumicipal expenditures. They forego their right to take part in the eva-tment of local laws, or the direction of public improvements. They simply pay whatever is demanded in the happ of taxes, grumbling perhap, at the size of the pile, but never seem to think that they have any fur her cuty in the premises. Besides these men of wealth there is another large class of business. men, and others of moderate fortunes, who ignore local politics because they imagine that they would be contaminated by mixing in what they regard as 'a dirty scramble for spoils." LIVER PILLS

FOR THE CURE OF

Hepatitis, or Liver Complaint, DYSPRESIA AND SICK HEADACHE.

Symptoms of a Discased Liver.

DAIN in the right side, under the I edge of the ribs, increases on pressure; sometimes the pain is in the left side; the patient is rarely able to lie on the left side; sometimes the pain is felt under the shoulder blade, and it frequently extends to the top of the shoulder, and is sometimes mistaken for rheumatism in the arm. The stomach is affected with loss of appetite and sickness; the bowels in general are costive, sometimes alternative with lax; the head is troubled with pain, accompanied with a dull, heavy sensation in the back part. There is generally a considerable loss o memory, accompanied with a painful sensation of having left undone something which ought to have been done. A slight, dry cough is sometimes an attendant. The patient complains of weariness and debility; he is easily startled, his feet are cold or burning, and he complains of a prickly sensation of the skin; his spirits are low; and although he is satisfied that exercise would be beneficial to him, yet he can scarcely summon up fortitude enough to try it. In fact, he distrusts every remedy. Several of the above symptoms attend the disease, but cases have occurred where few of them existed, yet examination of the body, after death, has shown the LIVER to have been extensively deranged.

AGUE AND FEVER.

DR. C. McLane's LIVER PILLS, IN CASES OF AGUR AND FEVER, when taken with Quinine, are productive of the most happy results. No better cathartic can be used, preparatory to, or after taking Quinine. We would advise all who are afflicted with this disease to give them a FAIR TRIAL. For all bihous derangements, and

as a simple purgative, they are unequaled: LEWARD OF IMITATIONS. The genality are never suit, coated. Every box has a red wax scal on the

A CERTAIN AND SPEEDY **GURE FOR SCROFULA**

FACTS ARE STUBBORN THING

TRADE MARK U(Registered.) A BRIEF HISTORY: The following is from the Raleigh News, and was a voluntary insertion and not an advertisement :

"Years ago an old Indian left a receipt for curing Scroula with Mrs Person's father. Mrs. Person lives in Franklinton, or in that Mrs. Person lives in Franklinton, or in that section. A child was born to Mrs. Person, and it had the Scrolula. The doctors gave it up to die. She thought of that receipt, that was now old and musty, and hid away in an upstairs grawer. She concluded if the child was bound to die, it wouldn't hurt to follow that receip. She went out and gathered the nerb, got the whiskey, and did as directed to the child. Her child now lives well as d hearty. More than this: Only a 'ew months since a South Carolinian, whose name has since a bouth Carolinian, whose name has slipped us, was suffering with some scrofu-lous affection on the heel. He had been to the Hot Springs in Arkansas, and from there he went to Kittrell Springs. Nothing did him any good. At Kitt.ell's they told him of Mrs. Person's recipe, and Dr. wrote to Mrs. Person if she cured that South Caroline in the street of the street in the street of the street in the stree to Mrs. Person if she cured that South Carolinian her receipt was worth money. And the south Carolinian sent her word if she cured him he would give her five hundred dollars. She sent him directions what to do, and added if they cured him he could send her twenty-five dollars; she wouldn't ask five hundred. The south Carolinian went home, and shortly afterwards and the sent has a cheek for twenty. ward sent his. Person a check for twentyive dollars, and wrote the most grateful letr he knew how. THREE CHILDREN IN THREE WEEKS.

CASTALIA, N. O. M-S. JOE PERSON : Dear Madame-rour letter has been received, and on account of being absent from nome for a week or two, have not had the opportunity to answer it. I certainly will ake great pleasure in doing all trat is within my power towards getting you patients for treatment of Scroula. I hardly know how to express my gratitude to you for cuting my three little candren. They took med. cine from my family physician for about wo years, with scare ly any relief at all. I tried your remeay, and in less than three weeks they were all perfectly cured, and have never shown any sign of breaking out again. I red very thankful to you. I can safely say that I believe your remedy to be a certain cure for Scrotula. If I can ever be of any service to you in any way, I want you to be sure and call on me. Yours truly, WM. H. AKAINGION,

"It will Cure if Fairly Tested." It gives me much pleasure to be able to state that I nave derived an effectual cure of Scrotula from the use of Mrs. Joe Person's remedy for that disease. I had suffered from Scrotula for more than three years, and had despai ed of eve getting well. I was treated during that time by three very emine t physicians, without any good re-suit I then went to the mational Surgical institute, at Allanta, Ga., and was treated there more than two months, with no better result than my family physicians met with. After 1 returned from the institute 1 was persuaded to try Mrs. Person's remedy, and I had not used it more than a week before I discovered its curative and healing properties. My sores soon began to heal, and the color of my skin changed as fast a, the sores healed. I had not thought of ever getting well again, but my hopes increased, my low spiritedness fied before the remedy, and I am now emoying spiendid health and am in good spirits. The remedy is mild as a purgative, and a strong toute; it will heat he most stuoporn sore in three weeks if taken regularly. It is my opinion that it should be taken some time after the sore is h aled, to remove the cause of its effects, it should be taken regularly by all means, for I have sometimes ne lected it, from the pressure of outsiness, and in all cases found that the cure all eady made would commence to retrograde, and for this alone it should be taken regularly Table as effectual cure is completed. Not ting amount prevent regularity in the use of the eneedy and it should be taken 27 the 21 per time. I would recommend to a ll who are suffering from scrofula to try it. It will surely cure you it you give it a fair test. I speak from experience, and not from hearsay. I am a grateful recipient of a cure from his use of it tions to Mrs. Person for the great relief i have obtained from its use. Sufferers, try

and be cured, is my advice.
I am, respectfully, JAMES A. MOCHIS. KITTRELL , N. C.

My receipt for the cure of Scr fula has been tried by me with the most unorecoden-ted success for the last twelve years, and i have no nestration in recommending it as a sovereign cure for that disease and as a general Louis and Blood Parmier, it is every-where giving perfect satisfaction, while my experience with it is too limited for me to specially recommend it for other diseases. I believe it will ultimately prove to be of benefit in all cases arising from impurity of

he blood and probably for other diseases. A CASE OF CANCER.

FAYETTE VILLE, N. C., Aug. 12, 1878. MRS. JOSPERSON:

Dear Madam—I have been using your Remedy for scrofula over live mouths as an experiment for cancer. The cancer is of long standing, the dectors have been treating it, more or less, for twelve years, it has taken of my upper tip and a good part of my nose. When I began to use your Hemedy it was growing rapidly worse, but the medicine seemed to check it very soon, and it has not made much progress stace, except about two months ago, the medicine gave out, and I was without several days. It then seemed to start anew, and grew worse very fast, until I had taken the medicine about a week, since then it has not enauged musa. I think if I could have and the medicine soon enough, it would have cured me.

For more than a year before using year medicine, I was troubled very much with a disease of the neart, an irregularity in its action. It would miss every third best for hours, then at other times it would increase in its action, and run up to 20, beats per minute.
