Timely Warning.

The Register of Deeds states that it is desirable that merchants and others come forward now and list their purchases for the six months ending Jan. 1st. Attention to this matter will save trouble, time and expense.

The Sewer Pipe Broken. The tubing of the large sewer pipe from the government building is laid on a sort of embankment at a point near its lower erd. This has been washed away by the rains, and in consequence the joints of the pipe have broken. It should receive prompt attention, before more of it is injured. The portion of the excavation at the foot of Fayetteville street has caved in and needs filling again.

A Tall Statement. Stepping into the Yarboro yesterday evening, a News reporter was greeted by Dr. Blacknall with one of his blandest smiles, and confidentially told that at that moment he had under his roof three men whose combined height was 27 feet 9 inches. This was rather who stood in the office conversing with each other was nearly 21 fest, and their weight about 680 pounds.

Quite Convenient.

The freight train on the N. C. Salem or Richmond the evening before reach Raleigh the next morning to breakfast, or can go on by the mail no doubt, in every ward in the city. train on the R. & G. road; or can make close connecti n at Cary for Fayetteville and points on the R. & A. A. L. road. This clange will work great convenience to the travelling public and Capt. Andrews proposes to add to the comfort of passengers by the addition of a first class coach to the train.

Enrolling Clerk.

Among the gentlemen prominent as candidates for thice is Mr. A. D. Brooks, of Alamance, who is in the field for the Enrolling Clerkship. As a matter of justice to his county, his claims ought to be favorably considered, for it has never been recognized in the distribution of legislative rewards. But apart for that his character as a high toned, intelligent, capable man, and as a zealous and inflexible party man entitles him to the highest marks of preference.

Death of an Esteemed Lady.

The community were shocked on Sabbath morning to learn of the sudden death of Mrs. Jno. B. Burwell. She had been sick for several days, but no serious apprehensions were entertained until Saturday night, when her disease, inflammation of the stomach. assumed an alarming type and baffled all the efforts of physicians. At 6 o'clock on Sunday morning her gentle and lovely spirit left earth for heaven. Truly "death loves a shining mark," and never in this community has he taken away one who was more loved or lovely in all the relations of life. She | ted a committee to let out the building was the daughter of Dr. John D. Spragins of Charlotte county, Virginia, and was born on the 4th of Nov. 1839, and on the 17th of Dec. 1857, was mar-

ried to Mr. Juo. B. Burwell.

Supreme Court.

The first Term of this Court under the new regime began yesterday. The session began at 1 o'clock, when the Court was formally opened by Marshal D. A. Wicker. There were present on the bench, Chief Justice W. N. H. Smith and Associate Justice John H. Dillard. Associate Justice Thomas S. Ashe was absent. He is at his home

in Wadesboro, sick. The Court transacted no business except the examination of applicants for license. Of these there are 31. The examination was continued until to-day, when it will be concluded.

The Ice Crop.

Advantage is being taken by all who are so fortunate as to own ice houses to fill them this cold snap. The beautiful poud of Gattis', Jones and Ellis, south of the city, is covered with a sheet of ice averaging in thickness from 24 to 4 inches. Great numbers of wagons were hauling all day yesterday, and more ice was gathered than has been put away for years. The ice, though beautifully clear, is rough in the large pouds. That in the small ponds of Maj. fucker is of greater thickness, with a fine surface. Sunday there were a good many skaters, while several were out hearing to day.
