What a commentary upon the insincerity and rascality and imbecility of so much that is known as "statesmanship" among our public men! In iron we have multiplied our product twelvefold. We now send from abroad, where before we were the principal importer of iron. This underlies the depression in the English fron trade. In cotton we are beginning to dispute England's supremacy. Twenty years ago, and England monopolized the trade. India, China and the United States were her great markets. Now we make our own of this. In China we are driving out England, because we make better and cheaper goods. Inha makes her own cloth and tases her Chinese if not in the English and American markets. As a consequence the corton trace in England is depressed. What is worse, it is a depression from which there is no recovery. Emg as business man are that their brastones American cur ripuise met them in a hair held there was no doubt of the result. But it is not our fault, and we had our own period, and it was a long and dreary period or sorrow and distress and depression. It is pleasant to feel, as our correspondent points out, that if America is, madvertently, and from no wish of her own, the chief cause of the distress in Figland, she may happily be one of the means of England's recovery. FACTS ARE STUBBORN THINGS

(Registered.)

A BRIEF HISTORY:

The following is from the Raleigh News and was a voluntary insertion and not an advertisement :

"Years ago an old Indian left a receipt for curing Seroiula with Mrs Person's father, Mrs. Person lives in Franklinton, or in tha section. A cuild was born to Mrs, Person, and it had the scrolula. The doctors gaye it up to die. She thought of that receipt, that was now old and musty, and hid away in an apstairs drawer. She concluded if the child was bound to die, it wouldn't hurt to follow that receipt. She went out and gathered th nerb, got the whiskey, and did as directed the child. Her child now lives well an hearty. More than this: Only a few months since a South Carolinian, whose name has slipped us, was suffering with some scrolu-ious affection on the heel. He had been to the Hot Springs in Arkansas, and from there ne went to Kittrell springs. Nothing did him any good. At Kitt en's they told him of Mrs. rerson's recipe, and Dr. wrote to Mrs Person if she cured that South Caro-linian her receipt was worth money. And the south Caroninan sent her word if she cured num he would give her five hundred domars. She sent him directions what o do, and added if they cured him he could send her twenty-live dollars; she wouldn't ask five hundred. The South architect went name, and shortly afterward sent ons. Ferson a check for twenty-nve donars, and wrote the most grateful let-I he knew how. Bless those old indians. We would like to have one for a hear neigh

MOORESVILLE, IKEDELL Co., N. C. Being desirous of adding my testimonia o ctuers, concerning the merits of Mrs. Joe rerson's nemedy for Scrofula, I take pleas ute in saying that as a tonic and alterative i do not think it has an equal. I have marry. sted it, and after trying Vegetine, Sursapartha, Vinegar bitters, and various other femedies, I have no Lesitation in probouncing it far superior to any 10Mo 1 have ever used. When I commenced using Mrs Person's temedy I was very weak, complec-tion sallow, and now I am WELL, nespectfully your friend,

MRS. H. T. BROWN. Sept 26 1878, THREE CHILDREN IN THREE WEEEN.

CASTALIA, N. U. MAS JOE PERSON : Dear Madame-Your letter has been received, and on account of being absent from nome for a-week or two, have not had the opportunity to answer it. I certainly will take great pleasure in doing all that is with-in my power towards getting you patients for treatment of scroula. I hardly know how to express my gratitude to you for cut-ing my three fittle children. They took mea-icine from my family physician for about two years, with scarcely any relief at all. I tried your remedy, and in less than three weeks they were all perfectly cured, and have never shown any sign of breaking out have hever shown any sign of breaking out again. I feel very thankful to you. I can safely say that I believe your remedy to be a certain cure for Scrotula. If I can ever be of any service to you in any way, I want you to be sure and call on me, Yours truly, WM. H. ARKINGTON.

"It will Care if Fairly Tested." It gives me much pleasure to be able to state that I have derived an effectual cure of Scrotula from the use of Mrs. Joe Per-son's remedy for that disease. I had suffered from scrotula for more than three years and had despaired of eve. getting well. I was treated during that time by three very emine at physicians, without any good result. I then went to the National Surgical Institute, at Atlanta, Ga., and was treated there more than two months, with no bet-ter result than my family physicians met with. After a returned from the institute i was persuaded to try Mrs. Person's remedy, and I had not used it more than a week be-fore I discovered its curative and healing properties, My sores soon began to heat, and the color of my skin changed as fast as the sores nealed. I had not thought or ever getting well again, but my hopes increased, my low sp.ritedness fied before the remedy, and I am now enjoying splendid health and am in good spirits. The remedy is mild as a purgative, and a strong tonic; it will head the most studdern sore in three weeks it taken regularly. It is my opinion that it should be taken some time after the sore is healed, to remove the cause of its effects, it should be taken regularly by all means, for I have sometimes neglected it, from the pressure of business, and in all cases found that the cure already made would commence to retrograde, and for this alone it should be taken regularly watli an effectual cure is completed. Nothing should prevent regularity in the use of the semedy and it should be taken at the paper time. I would recommend to all who are suffering from Scrofula to try it. It will surely cure you if you give it a lais test. I speak from ex-perience, and not from hearsay. I am grateful recipient of a cure from the use of it and I am under many and asting obligahe best in use, and only one of the kind sold in the State Write for Circulars and Price tions to Mrs. Person for the great refler I have obtained from its use. Sufferers, try I and be cured, is my advice.

JAMES A MORRIS. KITTRELLS, N. C.

My receipt for the cure of Scrofula has been tried by me With the most unpreceden ted success for the last twelve years. and I have no hesitation in recommending it as a sovereign cure for that disease and as a general fonte and Blood further, it is everywhere giving perfect satisfaction, While my experience with it is too limited for me to specially recommend it for other diseases I believe it will ultimately prove to be of benefit in all cases arising from impurity o he blood and probably for other diseases

> A CASE OF CANCER. FAYETTE VILLE, N. C., Aug. 12, 1878.

MRS. JOSPERSON: Dear Madam-I have been using your Remedy for Scroula over five months as an experiment for cancer. The cancer is of long standing, the doctors have been treating it, more or less, for it welve years, it has taken off my upper lip and a good part of my nose. When I began to use your Remedy it was growing rapidly worse, but the medicine seemed to check it very soon, and it has not made much progress since, except about two months ago, the medicine gave out, and I was without several days. It men seemed to start anew, and grew worse very fast, until I had taken the medicine about a week, since then it has not changed much. I think if I could have had the medicine soon enough, it would have cured me, For more than a year before using your medicine, I was troubled ver much with a disease of the heart, an irregularity in its action. It would miss every third beat for hours, then at other times it would increase in its action, and run up to 200 beats per minute. Since using your medicine I am almost entirely relieved of this, rarely feel it, and then not enough to speak of it. 1 would recommend any one suffering with heart disease to try your medicine. Tonic and Alterative, i do not think it has any superior. I have been using all the most powerful Alteratives known to the medical profession for the last 12 years and I know of none superior to this. I think your medicine is destined to be a great blessing to the afflicted. Let every one that peeds a Tonie or an Alterative gwe it a trial, and I do not think they will be disappounted.

Very truly and Respectfully,
