A company has just been organized at Beaufort, and the coast towns now all have companies. Special mention is due two newly formed companies, the Durham Light Infantry, Capt. J. F. Freeland, and the Kuston Ritles, Capt. R. H. Lewis, commanding. The personnel of these two commands is unsurpassed, and for discipline and progress in drill they are marked. Both take a high rank among the commands in the State, and are a credit to their officers and men alike.

Good Cheer for Consumptives

There is a form of Consumption which

was better indicated by the old fashioned name of "decline." It is the dreaded scourge of some parts of the Southern States, claiming more victims every year than are swept away by the most terrible visitations of the yellow fever. The malady arises from the inability of the ratients system, to take up and assimilate the nourishing ingredients of the food that is eaten. Some years ago the medical projection, with remarkable unanimity, agreed that Cod Liver Oil contained the most concentrated an easily absorbed elements of nu-trition. If the nauseous taste and smell of the oil could be avoided it would unquestionably be the most sovereign remedy that ever shed a healing blessing on the human race.
