#### A Horrible Outrage.

A special telegram to the Star. received last evening, gives intelligence of a crime against law and society which, in its conception and execution, betrays a depth and height of villainy and fiendishness rarely to be met with in the annals of crime. The dispatch, dated at Laurinburg, 4 p m. yesterday, states that Miss McDuffy, a well known and highly

respected young lady, residing near J. McNeill's mill, in Richmond county, was lashed to a tree and brutally raped by a negro named Eli Bethune, on

treak of luck he has been allowed to remain.

bate.

By reference to the legislative, executive and judicial appropriation bill, which as its title indicates makes provision for the payment of the expenses of the general government, some i e of the cost of our institutions may be had. Of course it does not provide for the war, navy state or posto lice departments, for which there are special bills, but for the expense to which the people are placed for a congress, a Ir s dent and the heads of the executive departments and the United States judiciary, and all this the house committee on appropriations by their b ll just reported say will require for the year ending June 30, 1880, the sum of \$15,154,476, or about \$200,000 less than for the present year and about \$1,000,-000 less than is asked by the administration.

Cincinnati Enquirer General Thomas E ving having, in a recent interview, declared that it would be fatal to the Democratic purty to attempt to outlaw the greeuback, and that the masses of the Democratic party everywhere are in hearty accord with the Nationals on their two great ideas-the unlimited coinage of the old silver dollar, and the substitution of legal-tenders for bank notes; the New York World says that, "if Ewing isc rrectly reported, and if, being correctly reported, he reports correctly the opinions and wishes of the Democratic masses' of the West, nothing but the convervative influence of the solid - South can prevent the disruption of the Domocratic party as a National organiz tion." General Exing's propositions, affirmatively stated, are these:

1. The Democratic party insist on the retention of greenbucks.
