He said the Caiaese Embassay at Washingt n had declined to press, it is time for him to call a halt discuss the question of a modification long-enough to see what direction his of the treaty. The reasons for declen sion are not given. If the action of the Embassy indic tes a settled pur- plause. pose on the part of the Chinese Government to insist upon the ex cuiton of the treaty as it stands, it puts an end to diplomatic discussion. If the Embassy declines because it is not authoriz d to deal with the matter at

This Chinese immigration q estion bids fair to be a troub esome one. It seems to have been pre ty generally determined that the "man and brother principle is to be extended to the "heathen Chinee," and yet while the Burlingame treaty stands, this Hovernment cannot; without violating good fath, passany law prohibiting Chinese immigration to this country.

This fact, however, would not be permitted to stand in the way of prohibito y legislation dem inded by the popular clamor clamor it if was not f r | caais. A convention of these repudiationists, whom it is the fashion to call readjusters, is about to be held. In Tannessee liberal propositions from creditors submitted through Gen. Pryor, have been rejected by one branch of the General Assembly, and in terms that were little short of discourteous.
