LOUISIANA seems in a fair way to have a constitutional convention of good material next month. The New Orleans Times says that nine out of ten of the Republicans were beaten in last week's election, and that speaks well for the maintenance of the state's honor.

MEMPHIS has that she has not sloughed off trouble with her corporate existence by any means. The receiver appointed by the United States circuit court, at the instance of the city's creditors, has been at work collecting back taxes and selling all of the late city's assets that he could get hold of.

ANOTHER curious phenomenon of sound is the winging book, now a philosophical toy. Thanks to M. Poiard, Navy Engineer of Cherbourg, it is within every intelligent person's reach.

THE election of Secretary of the Senate, Sergeant at Arms, Chief Clerk and Executive Clerk caused much discussion and some curious arguments in the Senate. It was well understood that the Democrats, having a majority, would do as the Republicans had done before them in removing those officers.

Such officials would be intelligent and credible witnesses in case of any subsequent dispute; but so long as the right of suffrage is bestowed by the separate States, not by the National Government, we want no Federal electors to arrest or intimidate voters.

JUDGE SEYMOUR POPULAR—ABSOLUTELY REFRESHING—COURT MATTERS—GOV. JARVIS AND LADY.

GREENVILLE, N. C., March 25. Correspondence of the News.

Superior Court is in session here, Judge Seymour presiding. He seems to be popular, and his strictness in the administration of justice is being seen so many follows released upon payment of costs, that it is absolutely refreshing to find a judge occasionally who knows what a penitentiary is built for.

The State's Attorney, Capt. Galloway, entered a nol prosequi in the case of John Rivers. A case of burglary from Bethel was decided by the jury against the State. The defendant was not found guilty of the murder of which he was charged. The trial of Frank Bell (white) and Reuben Harris (colored) for the murder of young Billy near the Greenville Bridge last Fall, was held in the morning. Evidence in the case entirely circumstantial. And a case of burglary is to be tried, which is about as follows:

An old negro near town had stored up about \$200 in greenbacks and a few dollars in gold. A negro from Newbern came to his home, and in the absence of the old man, tore up the floor and took the money. He went to Washington, but the officers of the law followed him and brought him back. He did not believe he would be found guilty, as there is a growing disposition among the people to hang none. If the punishment for such crimes was imprisonment for life, more would be found guilty.

Gov. Jarvis and lady are here on a visit to their many friends, the Governor having business here during court.

Our people are pleased to see the hatched barred between the railroads, and close connection again made at Hamlet. There is a growing feeling here in favor of

RALEIGH AS A MARKET.

which should be fostered and encouraged by the State. No body expects to be the best market in the State; but if convinced that it is as good as any, and as accessible as now—much trade will go there from this section. I see your merchants and others to make an effort to do so. No body expects to be the best market in the State; but if convinced that it is as good as any, and as accessible as now—much trade will go there from this section.

State Press. AS GOOD AS USUAL.

Notwithstanding a greater part of the session was passed in useless and non-sensical debates, and the consideration of measures that were of no benefit to the people, yet later in the session many acts that will insure to the general good were passed, and upon the whole the last General Assembly was on a par with the best bodies of that kind.

Business Outlook.

We observe with pleasure, that the financial and trade reports from different sections in the Union promise well for the coming year. The feeling throughout the country is cheerful, and we may safely look forward to a return of national prosperity at no distant day. While the business is fully revived, it will be on a secure and healthy basis.

The South Has Suffered.

The Democratic party of the country is now in a position to demand justice and fair dealing. It should no longer be satisfied to gather up the crumbs that fall from the official table. When duty demands it, an aggressive policy should be adopted which will ring down the enemies of a people's government. We have waited patiently for the dawn of the day of our deliverance; and now that our enemies no longer hold either House of Congress, it is foolishly hoped that a brighter era will soon bring to the whole country the blessings of peace, liberty, and sectional reconciliation.

PROFOUND POLITICAL PLUCK.

This year is one of profound political pluck. Next year will be one of political warfare, and it behooves us now to build up and perpetuate our political walls. Next year a President is to be elected for the United States, and a Governor, and a complete corps of State officers. There seems to be but little doubt, that the Republicans will nominate Grant, and it is barely possible, that Tilden will be the Democratic nominee.

THE PRINCIPLES OF THE PARTY.

The Democratic party is now the only representative of the grand principles enunciated in the Virginia resolutions of 1793. Mr. Randolph, throughout his life, adhered strictly to those principles. He never wavered. In the face of all man's excellent example. All men have principles and to these should cling through evil and good report. Thus did John Randolph. It is one thing to hold and maintain principles, and quite another thing to cover up and defend Democrats who violate honor and have no real convictions. Mr. Randolph stood squarely by the great principles of the party he was identified with, but he was no devotee of the party who disgraced their party and themselves by fraud and corruption.

COL. J. I. SCALES.

U. S. Marshals and Supervisors. It is now universally conceded that the Jurors' Test Oath and the clause permitting the employment of troops at the polls will both be effaced from our Federal statute book before the adjournment of Congress. Both houses are resolved to pass the requisite measures of repeal, and the President dare scarcely exercise his veto prerogative upon them.

Yielding reluctantly to the inevitable, our Radical contemporaries now begin to concentrate their fire on the proposed abolition of United States Marshals and Supervisors of Election. They trumpet forth the familiar cry that Democrats do not want free and fair elections; but they should not be quite so hasty. Our clever and watchful contemporary, the Washington Post, outlines what is likely to be the action of Congress in regard to these Marshals and Supervisors, and what will be a grievous disappointment to the Radical cohorts. What Democrats desire is free and fair elections; therefore the Democrats in Congress, while stripping Johnny Davenport and his colleagues of the power to repeat their bull-dozing operations in New York, Ohio, Florida, and elsewhere, may amend the law "that Judges of Federal courts in cities having over 20,000 inhabitants, shall be required to appoint one Supervisor for each poll from each of the leading political parties, who shall have the right to view the election as it proceeds, and commit to writing such in-

Vegetine

FOR CHILLS, SHAKES, FEVER AND AGUE.

TARBORO, N. C., 1875.

Dr. H. R. STEVENS—

Der Sir,—I feel very grateful for what your valuable medicine, Vegetine, has done in my family. I wish to express my thanks by informing you of the wonderful cure of my son; also, to let you know that "Vegetine" is the best medicine I ever saw for Chills, Shakes, Fever and Ague. My son was sick with these ailments, which left him with Hip-Joint disease. My son suffered a great deal of pain, but the pain was so great he did not wish to take any more medicine. I tried one bottle, which was a great relief, and he was completely restored to health, without any other cause. He is twenty years of age. I have a younger son, fifteen years of age, who is subject to Chills, Shakes, Fever and Ague, and he comes in, takes a dose of Vegetine and that is the end of the matter. Vegetine has no effect upon the system like most of the medicines recommended for Chills. I cheerfully recommend it to all who are afflicted with these ailments. I think it is the greatest medicine I have ever used.

Respectfully, MRS. J. W. LLOYD.

VEGETINE—When the blood becomes lifeless and stagnant, either from change of weather or of climate, want of exercise, irregular diet, or from any other cause, Vegetine will renew the blood, carry off the impurities, and impart a vigor to the whole body.
