R. B. ANDREWS & Co.-Local notice. DR. WM. H. HOWERTON. - Warm Springs.

LOCAL BRIEFS.

- Two baptisms took place at the Swain Street Baptist Church Sunday.

-A colored man killed a snake measuring seven feet at Dry Pond on Friday.

-Mr. John Baker, sheriff of Ashe county, brought in two colored and two white gnests for the State boarding house vesterday.

-Dick Crockett, came into the penitentiary vesterday from Mecklenburg for house breaking. This is a terrible warning to the would-be house breaker,

---- A foreign gentlemen, ballasted down with corn sap, was quietly laid away in the guard-house for thirty-six hours, the Mayor being in a very hospitable mood.

-The colored people had a general baptizing at Taylor's pond on Sunday. Twenty-seven received the ordinance. There was a large attendance, and the converts were greatly excited.

-Sunday was quiet. The hot weather has a soothing effect. Consequently there was little "shinning around" looking for back doors, and the Mayor had but little business yesterday morning.

----Everybody interested should remember that the act of the last Legislature prohibiting the carrying of deadly weapons went into effect on the 1st of June, and that it is made the duty o sheriffs, constables, town officers, and all other State officers to enforce the 88ID 0.

-A negro woman on the corner of Favetteville and Martin streets vesterday attracted considerable attention by her mode of persuading her child. The picaninny didn't get along fast enough to suit her, so she knocked it down and then picked it up and spanked it. Some gentlemen interfered and forbade her

Bad Sidewalks.

A number of brick walks in this city greatly need repairing, as in many places the bricks have worked out and are lying here and there upon the walk for pedestrians to stumble over. It is true, they may be avoided in daylight, but in darkness they cannot well be, and it is anything but pleasant when the toe of one's boot comes in contact with them. It would be better to dispense with such walks and substitute mother earth, unless they can be kept in proper order,-Newbernian.

This is a matter in which our citizens have no cause for complaint, as every one knows that Raleigh's walks are as smooth and level as a billiard table. Neither are there any boxes or other obstructions lying around loose for a person to stumble over in our brillianty lighted streets.

United States Commissioner's Court.

Mr. Laurence Evans (col.) came up for legal attention Saturday. He was arrested upon a charge of retailing liquor without a license. Held for trial. Bond \$200. Filed. Mr. Gaston Wood was next. This gentleman and is more familiarly known as Judge Wood up in Buckhorn township. He retailed liquor and was held for trial under a bond of \$200, which was given.

Mr. W. W. Pace, from Little River, gentleman of large physical dimensions, came along for trial No. 3. The warrant was suspended and defendant released-not sufficient reliable evidence. Old offense of retailing spirituous liquors. This same gentleman was also arraigned for selling tobacco without stamps and submitted quietly, taking out a license thereupon.

Having served the congregation of the First Baptist Church (colored) of the city of Raleigh for five years and four months, I therefore have resigned that church, and leave in peace and good order with the congregation, and will preach my farewell sermon on Sunday night, June 8th, thinking it best to make a charge. A Noisy Meteor.

On Sunday morning, at about fifteen minutes of 3, a meteor of unusual magnitude made its appearance in the southern sky, moving in a southeastern direction. United States Federal Court.

Court met yesterday morning at 11 o'clock, Judge Brooks presiding. The Bar and the Judge exchanged compliments, and the question of when the next court would be held, as there was no funds, was mooted. Thereupon iu3-21. the court adjourned till 5 p. m., at which time the Judge announced that on account of the deficiency of funds for the payment of jurors and United witnesses, there would be no grand jury and consequently no criminal cases would be tried, except where bills had already been found or the defendants desired to be tried upon information. The civil docket was called and present warm weather, light and nice, several cases set for trial. The Judge

announced that the term would be an adjourned term till the first Monday in September, to which time the parties and witnesses will be recognized. It is likely that the civil business will be considerable.

The new court room has miserable acoustic properties, and is said to be very trying to the patience of the Judge and the impatience of the bar.

Scalped by an Engine.

Mr. L. G. Bagley has just returned from his northern bridal tour. He related to the peripatetic NEWS man 8 little incident of his irip. As the train on which he and his bride were riding, was running between New York and Trenton, a man in a cart, hauled by a mule, were crossing the track ahead of the flying engine, which was making fifty miles an hour. Just as they got good on the track, the mule nullified, and though exerted by his master's whip and voice would not budge an inch. The man lost his presence of mind. On came the engine, bearing down on them with overwhelming ruin. The man sat in his cart oblivious to everything but his stubborn mule. In an instant, the man and mule were sent whirling into eternity. The cart was sent to atoms. The strange feature of the case was that the wheel of the engine glanced on the man's head and took off his scalp without crushing his skull at all; the body was crushed and terribly man gled. Mr. Bagley relates the story well and can tell those who would like to hear it in a much more intelligent man ner than has the reporter.

A Telephone for Raleigh.

We learn there is a movement on the part of the Telephone agency of the telegraph office in this city to start a telephone exchange here, giving good reliable instruments and guaranteeing satisfaction as to its working correctly and understandingly. Any merchant taking a share can talk with any other subscriber. For instance, any cotton or bank man can in an instant be connected with the depots or any other point desired, also private residences can be connected with business offices down town or any point desired. It appears to be a good thing; what we understand about it seems practicable and desirable.

Business men of Raleigh will no doubt call upon the manager of the telegraph office in regard to it at once, subscription lists can be filled by him. There will be a central office at the main office of the Western Union Telegraph Company, and it is proposed that a man shall be kept on duty day and night to
