#### Concert at the Deaf, Dumb and Blind Institute.

There was a large audience present at the hall of the Institute last evening to listen to the entertainment given by the pupils of the Institution. In every respect the concert and exhibition was a success and was appreciated by the audience. The exercises were interspersed by vocal and instrumental music by the blind, and by sign-speaking by the deaf and dumb. The selections were good, and the rendering of each piece was good and would have done credit to those who have the use of their eyes.

Those who were present were highly gratified by the performances of those who took part, and highly pleased that this Institution gives such good instructions to our deaf, dumb and blind. Mr. and Mrs. Simpson, teachers of music, have a warm place in the hearts of their pupils, and are kindly remembered by the many friends who know how much they are interested in and how well they fill the position they have been honored with.

### The Swimming School Project.

The public will be pleased to learn that the movement for the establishment of a swimming school and bathing piace seems to have met with popular approval. A regular organization has been formed, with Mr. P. F. Pescud as President, Samuel C. White, Secretary, P. T. C. Lincke, general manager, and an executive committee composed of Colonel W. E. Anderson Dr. James McKee, Governor W. W. Holden, R. W. Best, Flsq., Captain T. F. Lee, Dr. George W. Blacknall, W. 8. Primrose, Esq.

The locality selected is the pond in the old Mordecal grove where it adjoins Oak wood cemetery, where the branches unite. Here a pond will be constructed that will be amply large enough to a commodate all and with a good bottom. The grounds will be inclosed and furnished with all conveniences and the necessary appliances to prevent accidents, and police regulations will be established that will prevent the pres-

### Proceedings of the Board of Alde .

The Board of Aldermen met last evening. Present-His Honor, the Mayor and a full Board.

The report of the Street Commissioner was received, amended and adopted. Application of Charles I. Friel for permission to build a bake oven was referred to the Fire Commissioners. Petition for street lamps on certain streets was referred to Committee on

Petition from the Fire Department for an appropriation to assist them in defraving expenses in receiving visiting companies on the Fourth of July, was read, and after several amendments and some debate, the amount of the appropriation was fixed at \$100. A petition was received from D. H. Crawford to allow him to extend his stall in the market four feet, the work to be done at his own expense, and

granted. Resolution to extend the market hours from 80 clock p. m. to 9, to inlude the months of June, July and August, was passed.

A motion was offered by Alderman Magnin to adjourn but was withdrawn in order to allow Alderman Ricks to offer a resolution, amending the city ordinance prohibiting the hucksters from buying previous to 8 o'clock a. m., making the hour 7 instead of 8 a. m. This caused considerable debate. when Alderman Dunston suggested that Alderman Ricks put his amendment in writing and then moved an adjournment until 8:30 o'clock on Fri day evening next. Carried.

William E. Tanner & Company, of Richmond, Va., are furnishing a spark extinguisher, that is pronounced by the several insurance agents and mehandeal engineers present a perfect success and the best contrivance they had seen. They commend it most highly, and signed the following paper as to its efficiency.

"We, the undersigned, representing the several insurance companies and Fire Department, &c., of Richmond, Va., visited this night the Metropolitan Iron Works of William E. Tanner & Co., to witness an exhibition of their Patent Premium Spark-Extinguisher. We would state that the severest test was applied by exerting the full power of than cost. the engine in driving a piece of m: chinery, that the fire was kept constantly stirred in order to cause an increase in the volume of sparks, and that the result was a thorough and most satisfactory vindication of the merits of this Spark-Extinguisher, as not a single spark escaped from the smoke-stack .-The test having been made at night, an escaping spark would have been plainly visible. As a further test of the full efficiency of this Spark-Extinguisher, a large bundle of dry cotton waste was suspended immediately on top of the smoke-stack of the engine tested on this occasion, and remained there several minutes without igniting, though the stack was only about twelve feet high

#### E. H. Pogue's New Tobacco Factory

Mr. E. H. Pogue, an enterprising citizen, formerly of Hillsboro, has recently erected at Durham, a magnificent threestory frame I factory, 40 x 100 feet, whose daily capacity is six thousand pounds. He is a gentleman of lifteen or twenty years' experience in handling tobaccoand is well qualified to conduct a firstclass business. He handles only the est raw material, and uses great care in selecting such leaf as is adapted to the manufacture of standard tobacco. Heretofore Durham has been noted for the manufacture of smoking tobacco, but Mr. Pogue will put up all grades of plug and twist tobacco, and it is determined that Durham shall also, in the future, have a reputation as a manufac-

turing center of chewing tobacco, Mr. Pogne's "Sitting Bull's smoking tobacco" is a very popular standard brand, fast growing in popular favor, and is equal to any now on the market.

The best definition of a perfect hotel is an establishment which unites the luxury of a palace with the comforts of a home. Long effort would fail to give a more concise and fitting description of the "St. Nicholas" of New York, for a quarter of a century known in Europe and America as pre-eminent among its rivals. Never has it stood so high as under the management of the present proprietor, in point of ca sinc, perfection of fittings and conveniences, and devoted attention to the tastes of guests.

The old patron Dutch Saint, whose name is honored from the extreme Orient to the Ultima Thule, never had a more striking illustration than in the honor of giving name to the "St. Nicholas" hotel of New York, an establishment associated in the minds of tens of thousands with the most profuse and elegant hospitality. Still in the van, this hotel unites all the best features of the present with the charming traditions of the past. The reduction of prices in connection with the excellence of accommodations makes it the cheapest hotel in the country.

### STRONACH & ALLCOTT. Sparkling Catawba Springs,

CATAWBA CO., N. C. This desirable watering place will be open for select visitors 20th May, 1879. The Springs are situated near Hickory Station, on the Western North Carolina Railroad. The bracing mountain atmosphere, with the health restoring properties of their waters, renders these Springs a most desirable resort for invalids and pleasure seekers. The mineral waters embrace Blue and White Sulphur and Chalybeate. It is the best and most extensively fitted up watering place in the State, and can accommodate three hundred persons. A good Band of Music will remain at the Springs during the season, and all the facilities afforded for amusements usually found at first-class watering places will be offered to visitors. A good supply of ice constantly
