BY TELEGRAPH. REPORTED BY THE ASSOCIATED PRESS. WASHINGTON.

The Treasury—Collector of Customs Louisiana Commission—Philadelphia Navy Yard Money—Post Office Burned—Mr. Noerr Vindicated.

WASHINGTON, April 4.—Secretary Sherman is inaugurating radical changes in the treasury department in the interest of reform. The secret service force will be placed in charge of one of the assistant secretaries, as well as the special agents. Arrangements of these details, as well as other considerations, have prevented Secretary Sherman from taking a very active part in the discussion and decision of the South-

ern question. F. C. Humphreys, a Florida Elector, became Collector of Customs at Pensacola. Hon. Richard McCormick qualified as Assistant Secretary of the Treasury this morning.

The Louisiana Commission has departed via Louisville. Half of the million dollars realized from the old Philadelphia navy yard appears not to have been stolen but diverted to uses not authorized by law.

WASHINGTON, April 4.—The Post Office Department has received a dispatch that the post office at Jacksonville, Florida, was burned on Monday, but all the property had been saved, and asking authority to make temporary arrangements. The department directed the postmaster to make the best arrangement he could, and ordered a special agent there to look after the details regarding origin or extent of the fire. The building was the finest in the city, and was used for district court and other Federal purposes.

The new postmaster has assumed charge of his office, and Judge Settle, the newly appointed District Judge, commenced his functions on Monday. WASHINGTON, April 4.—It is published that charges were recently preferred against M. L. Noerr, Chief of the Division of the captured and abandoned property in the Treasury Department by a U. S. Senator. This is the division which passes upon the claims of persons growing out of the late civil war, and the charge was made that Mr. Noerr was in collusion with certain claimants. Secretary Sherman directed Assistant Secretary French to investigate the charges, which he did, and reported that there was nothing to substantiate them and that Mr. Noerr had proved to be a very efficient officer, but had incurred the hostility of many persons by reporting adversely upon their claims.

There was no cabinet meeting to-day. This is the first omission, except Sundays, since the inauguration.

FOREIGN. The War Question—Bismarck Persists in Having Heron's Resignation—Theatre Burned—Bismarck Will Visit England.

CONSTANTINOPLE, April 4.—It is almost certain the Porte will in absentia against the protocol when officially presented.

ST. PETERSBURG, April 4.—A peaceful solution of present difficulties is not expected, despite the protocol.

BERLIN, April 4.—Bismarck persists in his request for permission to retire on account of ill-health.

EDINBURGH, April 4.—The Queen's theatre is burned. None hurt.

PARIS, April 2.—Prince Hohenzollern remains Ambassador notwithstanding Bismarck's retirement.

LIVERPOOL, April 4.—A school house in the Norwegian village of Eldon, has been burned. Sixteen children perished.

BERLIN, April 4.—Van Eyck's painting of the virgin and child, stolen from the national gallery a few days ago, has been recovered.

At the Emperor's request, Bismarck leaves his resignation in absentia during his year's leave of absence. Bismarck will visit England during his vacation.

Senator Patterson Interviews Gov. Hampton. WASHINGTON, April 4.—The interview between Senator Patterson and Gov. Wade Hampton was brought about in this way: Last evening Senator Patterson sent his son to Senator Gordon asking him if he could arrange for him (Patterson) to have an interview with Gov. Hampton. The desire of the Senator was communicated to Gov. H., who said he would be pleased to see Senator Patterson: whereupon an hour was appointed and Mr. Patterson called. He assured Gov. Hampton that while he had antagonized his claims to the gubernatorial seat, that now since he had been virtually recognized by the President, he (Patterson) was willing to forego all factious opposition and accept the situation and do what he could to promote the welfare of South Carolina.

Gov. Hampton said he was pleased to hear such expressions from him, and that he will, as Governor, administer the office for the good of the whole people and with no special reference to parties. The interview lasted fifteen minutes, and was exceedingly cordial and pleasant.

It is also published that Sheriff Bowen and Prof. Greener, of the South Carolina College, gave their adhesion to Governor Hampton.

Louisiana Affairs. NEW ORLEANS, March 4.—Allain, colored, holding over as Senator, has abandoned the Packard Senate and taken a seat in the Nichols' Senate.

Judge Whitaker ordered the dismissal of the charge of treason against Packard's nine recruiting officers. They were discharged, but warned should any one in the future be guilty of same crime, he would be prosecuted to the full extent of the law.

Appointments. WASHINGTON, April 4.—J. A. Warden has been appointed Attorney for middle Tennessee and Armistead Sworpe Collector for the Seventh Kentucky District.

Secretary Schurz holds up the recommendation to discharge twenty employees from the Pension Office. He will make no dismissals or appointments until he has looked into matters.

Changes of Army Officers. WASHINGTON, D. C., April 4.—Paymaster Major N. Veldner is ordered to report for duty to the Commanding officer of the department of the South.

NEW YORK.

Failure of John Pondier—Grand Excitement on the Stock Exchange—Grant Endorses the New Administration—Death of an Old Soldier.

NEW YORK, April 4.—The Times says: "While the chairman's gavel was rapping for the close of business in the Stock Exchange yesterday afternoon, a communication was handed in from John Pondier, announcing his inability to meet his engagements. Mr. Pondier was known to be a broker of Tremor W. Park, President of the Panama Railroad, and as rumors had been flying about for some time previously affecting Mr. Park's solvency, a scene of tremendous excitement ensued. Panama stock fell instantly from \$125 to 80c without buyers and the Pacific Mail, in which Mr. Park was also interested, went down to \$2, having sold last week at \$5. Mr. Pondier refused to furnish any information as to the cause or extent of his misfortune, further than to say that he would pay his creditors one hundred per cent on the dollar. He failed once before about ten years ago, having lost \$190,000 through the downfall of Jos. Schiedler, a large importing house. He then made a similar promise and redeemed it. On the following day he stood very high on the street, is an extensive owner of real estate, and has very a fine farm in West Chester county. It was reported yesterday that Mr. Park had been unable to meet certain large 'puts' on Panama stock that had fallen due within the past few days. The amounts were variously stated at from 5,000 to 40,000 shares. Mr. Park left his office about 2 o'clock, it was said, by his subordinates, to attend the annual meeting of the Pacific Mail Steamship Company, but it was denied there that he had put in his appearance.

At a meeting of the Panama Company yesterday he was elected President of the Road. J. G. McCullough, Vice-President, and W. J. Emmitt Secretary and Treasurer.

New York, April 4.—A St. Louis special to the Herald says that Gen. Grant expresses himself in favor of the Hampton and Nicholls governments and thinks they should both be recognized. He commends highly the action of the Hayes administration in removing the troops from the South Carolina State House.

An Inhuman Wretch. NEW YORK, April 4.—Last night in a house of ill repute the clothing of Lucy Freeman, aged 19 years, was set on fire by an unknown man, who escaped arrest. The girl was badly burned. She died to-day.

Capt. Frederick Lührbach, aged 111, died to-day. He served under Sir Arthur Wellesley in the peninsular war.

Death of a Prominent Railroad Agent. PHILADELPHIA, April 4.—D. M. Boyd, Jr., the general passenger agent of the Pennsylvania Railroad Company, died at Jacksonville, Florida.

Railroad Smash-Up. WASHINGTON, D. C., April 4.—The train hence at midnight, bearing Gov. Hampton, ran into a land slide near Quantico. The engine was smashed and one passenger hurt. The passengers proceeded with but little delay.

A \$10,000 Fire. JACKSONVILLE, FLA., April 4.—A fire occurred in the third story of a building. The records were saved after being flooded with water. The postoffice will be re-occupied on Saturday. Loss \$10,000.

Marine. NEW YORK, April 4.—On March 29th, in latitude 25 deg., 17 minutes, longitude 83 deg., 9 minutes, the bark Warrior was reported as passing, bound from Savannah for Buenos Ayres.

BUSINESS IS THE WATCHWORD. Every salesman is engaged in selling and distributing goods to my numerous customers at "hard-pan" prices; and just here allow me to say, that on the 17th day of October, 1850, I hoisted my little mercantile flag, and although small and insignificant in size at the time, it was then, and ever has been since, backed and supported by the indelible motto of TRUTH, LIVE AND LET LIVE.

Which time has failed to erase: REPRESENTING DRY GOODS, JUST RECEIVED. 7,864 yards Calicoes at 7 cts. per yard. 19,639 " " " 5 " " 38,476 " " " 8 1/2 " " 9,357 yards 2 1/2 inches wide, GRASS CLOTH, at 10 cents per yard.

And here take notice that I have no Partner in Business to divide profits with, and am fully prepared to meet quotations. I am the man to make prices, so unlock your coin that has become defaced from age, and start to CREECH'S, unwrap and unfold your greenbacks, that you have had laid away to buy cheap goods with, for now is the time. NEW ADVERTISEMENTS.

GOOD ADVICE! In the Shakespearean play of Hamlet, Polonius gives the following advice to his son Laertes a mere youth that was about to depart on a tour through France: "Costly thy habit as thy purse can buy, but not expressed in fancy; rich, not gaudy, for the apparel oft proclaims the man."

This was sound advice. No one can deny it therefore I call the attention of the general public to the fact that I am prepared to fit up "HABITS," "RICH NOT GAUDY" and NOT as costly as the purse can buy.

My stock of ENGLISH AND FRENCH CLOTHS, Scotch, English and American GASSIMERES, TWEEDS, &c., &c., is LARGER THAN EVER BEFORE, and BARGAINS, he like of which were NEVER OFFERED BEFORE, are now offered.
