WASHINGTON, April 24.-Maj. Stevens, Clerk of the Appropriations Committee of the House, while he has no doubt of an extra session being called, thinks it wil dispose of its business in fifteen days after

its organization. The Louisiana Committee arrived this morning in good health.
Secretary Evarts has gone to New York and Albany, to be absent several days.

Ex-President Grant and ex-Secretary Chandler were out riding together. Commander B. F. Day has been ordered

to the command of Rio Bravo, at Browns-

ville, Texas. President Hayes does not see how Messrs. Wade, Blaine & Co. can give force to their opposition. He says they could not do it by thwarting any personal plans or prospects of his own because he had none for them to thwart; they could not do it by defeating his nominations in the Senate, because he never would send any name to the Senate in whose confirmation he had an interest beyond that inspired by his general views as to the good of the public service. He did not see that they could do anything beyond denounce his policy in speeches. Even if they could

find a majority in the Senate opposed to the Southern policy the Senate could not undo what had been done. It could not restore the troops to the State Houses, nor could it rehabilitate the governments which have vanished as soon as federal troops were withdrawn from their support. The Louisiana Commission presented their report to the President, remained an hour with him and dined at the White House this evening. Their report is simply a review of their proceedings.

The Cabinet meeting was brief and the President thanked the Louisiana Commis-
