I concur with Bishop Doggett in his estimate of the Vest Pocket Cure. Rev. Drs. Jeter, Broaddus, Dickinson, (Bap.) It is endorsed by the direct personal testimony of men of national fame and of strictness of speech. It is not too much to say that no medi-cine ever had such support in its favor as a specific. The word of any one of the eminent divines who underwrite this antidote to dyspepsia has deserved weight. Their united witness, joined with the experimental use and approval of the preparation by well known physicians, removes all doubt.
