YELLOW FEVER - BLACK VOMIT

It is too soon to forget the ravages of this terrible disease, which will no doubt return in a more mailgnant and vivulent form in the fall mouths of 1879.

MERRELL'S HEPATINE, a Remedy discov-MERRELL'S HEPATINE, a Remedy discovered in Southern Nubia and used with such wonderful results in South America where the most aggravated cases of fever are found, causes from one to two ounces of bile to be filtered or strained from the blood each time it passes through the Liver, as long as an excess of bile exists. By its wonderful action on the Liver and stomach the HEPATINE not only prevents to a certainty any kind of Fever and Black Vomit, but also cures Headache, Constipation of the Bowels, Dyspepsia and all Malarial diseases. the Bowels, Dyspepsia and all Malarial diseases.

The reports of wonderful cures of Rheumatism, Scrofula, Salt Rheum, Syphilis, Cancer, Ulcers and Sores, that come from all parts of the country, are not only remarkable but so miraculous as to be doubted was 1. not for the abundance of proof. REMARKABLE CURE OF SCROFULA, &c.

CASE OF COL. J. C. BRANSON. sufferer from Scrotula in its most distressing forms. I have been confined to my room and bed for fifteen years with scrofulous ulcerations. The most approved remedies for such cases had been used, and the most eminent physicians consulted, without any decided benefit. Thus prostrated, distressed, desponding, I was advised by Dr. Ayer, of Floyd county, Ga., to commence the use of your Compound Extract stillingia. Language is as insufficient to describe the relief I obtained from the use of the Stillingia as it is to convey an adequate idea of the intensity of my suffering before using your medicine; sufficient to say, I abandoned all other remedies and continued the use of your Extract of Stillingia, until I can say truly, "I am cured of all pain," of all disease, with nothing to obstruct the active pursuit of my profession. More than eight months have elapsed since this remarkable cure, without any return of the disease.

arm, and continued to appear till all the bone from the elbow to the shoulder joint came out. Many pleces of bone came out of the right foot and leg. The case was then pronounced one of White Swelling. After having been confined about six years to her bed, and the case considered hopeless, I was induced to try Dr. Pemberton's Compound Extract of Stillingia, and was so well satisfied with its effects that I have continued the use of it until the present.

My daughter was confined to her bed about six years before she sat up or even turned over without help. She now sits up all day, and sews most of her time—has walked across the room. Her general health is now good, and I believe she will, as her limbs gain strength, walk well. I attribute her recovery, with the blessing of God, to the use of your invaluable medicine.
