HE TABLED THE BILL.

Letter From Lee, of Haywood, Who Tabled Hileman's Bad Bill.

WAYNESVILLE, N. C., April 4. To the Editor of the News and Observer: In regard to the assignment bill which seems, in some way, to have passed the Legislature, I desire to say that Mr. Smith, of Stanly, introduced a bill to pre vent preferences in assignments, as I understood it; after having had several conversations with him in regard to it, when the bill was reported by the Finance Committee, Mr. Smith told me that it was not the original, but a substitute, understood to have been prepared by Hileman, Chairman of the Committee. I was opposed to the Smith bill, and when I learned that it had been amended, at the instance of Mr. Hileman, I was more than ever opposed to it, believing that mischief would result to the business interests of the State if radical legislation should be had along this line. And Mr. Smith came to me and said that he would have nothing further to do with it, inasmuch as the substitute had changed the purposes of his bill. Subsequently I called up the bill and moved to lay it on the table, stating at the time that it was a dangerous bill. The mo-tion was carried by a large majority, the Democrats voting in the affirmative sol-

An Alleged Fruit Tree Agent Swindles Merchants With Forged Checks. Special to the News and Observer.

GOLDSTON, N. C., April 10. On last Friday, the 5th inst., a young man passing himself off as a fruit tree agent, and working for J. Van Lindley, passed through here and had a check on the National Bank of Greensboro with J. Van Lindley's name to it, and drawn in favor of A. M. Nichols, cashed by Bynum and Paschal. They only sent it off yesterday and have as yet heard nothing from it, but they are now sure it is a forgery. Mr. J. W. McIntyre, of Gulf, (next station below here), was here yes terday, and said the same man was in his store and got one off on him exactly like the one cashed here, for the same amount (\$10). He sent it to the bank Saturday and the bank returned it saying it was a forgery, and there is no doubt but Bynum and Paschal's is too.

## Mexican Mustang Liniment

On his horses, on his drivers.

RALEIGH, N. C., Feb. 8, 1895. Lyon Mfg. Co., Brooklyn, N. Y. Gentlemen:-Having seen Mexican Mustang Liniment extensively advertised here induces me to tell you how useful it is to persons in the livery business. I have used it for the past 18 years on my horses for almost every-

thing that horses are subject to. For sprains and stiff joints I do not think it has an equal, and for such things as harness galls and rubs it is wonderful. I once had a very fine driver who was thrown from his carriage in a runaway and so severely bruised about his shoulders and breast that I did not think he would ever be able to get on a carriage again. I remembered, however, what Mexican Mustang Liniment did for my horses in case of bruises and had him use it constantly, and in about two

weeks he was as good a driver as ever, and not an ache or pain remained. I know you must get tired of receiving such letters, but I thought I would add one more testimonial to the usefulness of Mustang Liniment. Yours truly,
