BOUGHT BY THE STATE.

Gov. Atkinson Bids in the Northeastern Railroad for Georgia.

ATLANTA, Ga., April 16.-The Northeastern railroad was bought at foreclosure sale to-day by Gov. Atkinson, who bid it in for the State of Georgia.

His bid was \$100,000 and it was the only one made. The road runs from Athens, Ga, to Lula on the Southern. The line is 40 miles long. Several years ago the State of Georgia indorsed \$260,-000 of the Northeastern's bonds.

The purchase to-day was to protect the State which now owns the property. Georgia also owns the Western and Atlantic railroad, from Atlanta to Chattanooga. The latter road is a fine prop-It is leased and operated by the erty. Nashville, Chattanooga and St. Louis railroad, which pays \$420,000 a year rental.

CLEVELAND ANSWERED CHAIRMAN HARVEY REPLIES TO HIS LETTER TO CHICAGO

BUSINESS MEN.

THE GOLD STANDARD AT FAULT.

The President Fails to Consider the Debts of the Country Which, Mr. Harvey Says, are Steadily Increased by the Depreciation of Prices--Mr. Bland Has Some Sharp Things to made immediately active. Say About the President's Financial Views--What Bimetallism Will Do.

CHICAGO, Ills., April 16 .-- Mr. W. H. Harvey, chairman of the executive com-mittee of the Bi-metallic League, whose headquarters are in Chicago, prepared yesterday the following reply to Presi-dent Cleveland's letter to the Chicago business men:

"To His Excellency, Grover Cleveland, "President, Washington, D. C.

"Dear Sir: In reply to your letter addressed to a committee of business men of this city, we wish to say that the committee that waited on you and the per-sons who attached their names to the petition, did not represent a majority of the business men and citizens of this city who take a deep interest in the welfare of this republic. They represented the class that owns money and securities payable in money-fixed incomes. We respectfully submit that your letter does not present the true merits of this contro-versy. You call the attention of farmers and wage earners to the fact that the rising prices, while enabling them to sell their products and labor at a higher price, will also cause them to pay equally more for what they may purchase, but you neglect to say that your statement is not applicable to debts. With prices coming down regularly and steadily since the demonetization of silver, our merchants, manufacturers, and people generally have been doing business on a falling market, so that the time intervening between the purchase of their merchandise or raw material and placing it months after on the market has removed the margin they would have otherwise made. This shrinkage in values, added to the ordinary risk and expense of business, has led to an ever-increasing volume of debt, to a money lending period, until it has in-creased all told, public and private, to about \$40,000,000,000, or about twothirds of the total value of all the pro-perty in the United States. We have constantly pointed the people to the everincreasing interchangeable value of the creditor's dollar, and to the reason why it was increasing, but the influence of these creditors have dominated your administration and you insist on such a currency as they have established as a sound currency. It means the confiscation of the property of the people by the sale of property under mortgages, judg-

sound and safe money, and consequent prosperity. "Gold monometallism is a stench in the nostrils of the plain people. The gold standard may do for the bondholders and the bankers, but the suffer-ings of the industrial masses consequent from silver demonetization will not be

and silver-always gave to the people

endured longer without a struggle, the like of which this country has not seen since the late civil war. "Mr. Cleveland says if the sound money sentiment abroad in the land is to save us from mischief and disaster, it

must be crystalized and combined, and "Mr. Cleveland must remember that the crystalization and combination of the gold standard sentiment and methods

has brought disaster to the people of all gold standard countries, and this policy is now ruining this country. It is this state of things that has made his administration hateful to the masses of the American people.

"Mr. Cleveland suggests that the people are in an unfortunate condition. Certainly they are, and this condition was predicted to happen as a result of his unrelenting war on silver as money. "His insinuations that the advocates of silver restoration are bent on wicked and unpatriotic purposes may do for those whose environments are such as to prevent them from seeing and knowing

the utter poverty and disstress that is prevailing among the masses of the people, but those who live in the midst of this distress, and see daily that the people are suffering will repel with scorn such insinuations. We believe the restoration of silver is necessary for the welfare of our country, and so believing, no abuse from sources, however high or arrogant, will deter us from our pur

SCOTLAND NECK, N. C., April 16. A colored boy by the name of Powell broke into Mr. R. J. Shield's store at Hobgood a few nights ago, and stole some cigars and cigarettes. He confessed the crime when he was arrested and said he got all he wanted. He was tried before Justice W. K. White and was sent to jail to await trial in the Superior court.

Rev. H. A. Bagby, of Richmond, ar-rived yesterday to assist Rev. R. T. Vann in a meeting in the Baptist church. He preached last night to a large congregation, who were greatly delighted with the sermon. Considerable interest was manifested, and it is confidently believed that there will be a great meeting.

IMMENSE OPEN AIR MASS MEET-ING HELD IN THE CITY OF DENVER.

SILVER IN THE WEST

IN HONOR OF WARNER AND SIBLEY

Both of These Agitators Received with **Cheers and Senator Stewart's Name** is Heartily Applauded --- Mr. Sibley Paid his Compliments to the President and his Cabinet, and Said that the Free Silver Sentiment was Growing in Spite of their Efforts.

DENVER, Col., April 16.— The open air mass meeting held from the steps of the capitol this afternoon in honor of the silver agitators, Gen. Warner, of New York and ex-Congressman Sibley, of Pennsylvania, was one of the largest that Denver has ever seen.

Long before the hour which had been set for the opening the people began to gather, and at 2 o'clock there were many thousand listeners. Excursion trains brought in hundreds from the mining camps. On the steps of the capitol were gathered many distinguished Colorado citizens. The air was delightfully mild and the sunshine brilliant. For an hour before the time set for the speeches bands played.

Judge A. W. Rucker introduced Congressman Sibley, who was greeted with cheers.

"Any place but Colorado to talk sil ver," he said. "I did not come to talk silver. I can do that in the East where it is needed, but I can ask you to advance the spirit of patriotism even at the sacrifice of patriotism.

"The people of the East will think the white ballots for silver in 1896 will amount to a snowstorm and will lie down and die like the blind mule in the storm of popcorn. If silver had got its rights when Cleveland took the chair, Denver would now be the center of porulation of the United States.

"The President has said the ignorant people of Colorado have got to be educated on the money question, and I wish he were here to see whom he proposes to educate. Silver sentiment is steadily growing, and even in Boston and Michigan it is crystalizing. It is spreading in spite of the efforts of J. Sterung Morton and other members of the Cabinet.

"But I did not come here to attempt to educate you on the subject of bimet alism, but to meet the people of Colo-rado and talk with them like brothers and fill myself up with the life and vigor and electrical force which one gets from breathing the pure ozone of Colorado and shaking hands with her people." Mr. Sibley was frequently interrupted with applause from the vast assemblage

and expressed himself as more than gratified with the earnestness of the people in the cause of silver.

Gen. Warner followed Mr. Sibley in a has been his life study. He also read extracts from a letter which he received this morning from Senator Jones explaining the cause of his absence. The letter stated that Senator Jones had intended to make the Western tour with Messrs. Sibley and Warner, but on the day that he was to start from New York his physician positively forbade him to attempt it.

EMANUEL CHURCH TRAGEDY. Further Evidence That Durant is the

Murderer,

SAN FRANCISCO, April 16 .-- The Coroner's inquiry into the death of Mamie Williams, one of the victims found dead in Emanuel Church, of whose murder Theodore Durant is accused, was commenced at 10 o'clock this morning. Durant was present, having been brought down from his cell under strong guard. He showed the effects of the great mental strain which he has been under, but manifested complete indifference to the proceedings. The streets in the vi-cinity were thronged with people.

George W. Forsythe, husband of Mrs. Ella Forsythe, the missing woman whom Durant is suspected of making way with, positively denies that she ever visited Emanuel Church, or knew anybody connected with it. He believes she is drowned in San Francisco bay.

The Organist's Statement.

SAN FRANCISCO, April 16.-The Even ing Bulletin got out an extra last night containing the following statement: "Geo. R. King, lorganist of the church where the horrible crimes were both committee, made a statement to Chief of Police Crawley late this afternoon which tends to fix one crime at least—the least—the murder of Miss Lamont—upon Durant. King says that on April 3, (the day Miss Lamont was missed) he went intethe church about 5 p. m. to practice one the organ. 'I saw Durant there, much to my surprise. He came down from the organ loft in a highly excited and overheated condition. I asked him what was the matter and he replied: I was overcome by gas up there in the loft." He was very weak and pale, and asked me to give him a glass of bromo seltzer. I knew he was fixing up some electrical contrivances about the church, and thought nothing strange about his going up in the loft."

This is direct evidence of a most startling nature. Miss Lamont, it will remembered, left the high school about 3 p. m. on the day she was last seen, April 3d. She was seen with Du-rant. The theory now is that Durant had just completed his fiendish task

when seen by organist King. The report that Durant, the accused murderer, has broken down and will comfess, is indignantly denied by Judge A. W. Thompson, who is acting as Durant's attorney

THE INCOMETAX MUDDLE.

Judge Showalter Vacates the Restraining Order Granted Monday.

CHICAGO, Ills., April 16 .- Judge Showalter at the opening of court this, morning entered an order vacating the restraining order against Siegel, Cooper and Co., making their income tax returns. The Judge had sent for attorney Binswanger, who secured the order yesterday, and in open court he announced the vacation of the order pending a formal hearing.

"I looked hurriedly at the bill," said? the court, "and did not understand that it was based upon a "uestion of unconstitutionality. I regarded it as a mere formal matter. The defendants were present in court and consented to the proceedings, being a motion which was not contested, I granted it. The order will now be vacated, and a hearing on the application set for two weeks from to-day.

"Should the defendants be hereafter damaged or caused loss by any wrongful conduct of the complainants in respect to freight or freight charges, or should complainants do anything unlawful or inequitable in respect thereto, or other good cause ari-e, the defendants have leave to move for a dissolution of this injunction."

Effect on the Southern.

BALTIMORE, April 16 -The long delayed and anxiously awaited decision in the injunction proceedings instituted by the Seaboard Air Line against the Western and Atlantic and the Nashville, Chattanooga and St. Louis railroad which was handed down in Atlanta. Ga., to-day aroused great interest in this city, where a majority of the stock of the Seaboard company is owned.

The prevailing opinion among road men is that the decision is a death blow to the Southern Railway. The action was in reality to determine how far the courts would sustain the organization enforcing a boycott and by to-day's decision they have taken away most of the association's power, besides establishing a legal precedent which may be used against the traffic associations through-

out the country. It is certain that the boycott of the Seaboard Air Line has been killed.

CHANGES IN THE SOUTHERN.

There Will Hereafter be Only one General Manager,

WASHINGTON, D. C., April 16.--Several important changes in the management of the Southern Railway Company were announced to day.

Heretofore there have been two general managers of the road, one for the Eastern system and another for the An order from President Western. Samuel Spencer, of New York, issued today and to become effective Saturday, abolishes both the above mentioned offices and appoints Wm. H. Green, of this city, General Manager of the entire system. Mr. Green was General Manager of the old Richmond and Danville road, and since the reorganization has served efficiently as General Manager of the Eastern system.

Mr. Green will retain his headquarters in this city, and will report directly to Mr. Baldwin, Third Vice-President.

Mr. C. M. Balton, Chief Engineer of the road, having resigned. Mr. C. H. Hudson has been appointed to fill the vacancy. He will make his headquarters in this city and report to Vice-President Baldwin. Mr. Hudson's first order which also takes effect Saturday, appoints Mr. J. A. Dodson general roadmaster of the company, with headquarters in this city. He will have the assistance of the public in the work charge of the maintenance of the road- | of restoring peace to the Island.

WASHINGTON, D. C., April 16. Dennis Simmons and wife, Misses Pattie Biggs, Annie Biggs, Mary Hubble and Annie Mozell, all of North Carolina, have been here the past two days sight-seeing. Mr. Simmons is a prominent seamboat man in the eastern part of the State.

Woodard and Henderson are both

here. The former reports everything progressing finely in connection with his contest.

* * *

There is some talk that Mr. Henderson may be appointed on the Commission to treat with the five civilized tribes, but he is not a candidate. Mr. Woodard is busy about his evidence in the contested election case, and is also trying to get the Postmaster General to appoint Capt. W. W. Carraway, Postoffice Inspector. The Captain had such a position under Mr. Cleveland's first administration, and "filled it to the satisfaction of his superiors.

Mrs. Vance's coachman and ten other negroes have been arressed on the charge of setting up devices for gambling. Mrs. Vance's stables was the place where the gambling was carried on, and the police surrounded it and caught the whole crowd.

RANSOM IS ELIGIBLE.

Did not Quality Till his Term of Office as Senator Expired.

WASHINGTON, April 16.—Careful inquiry here concerning the report that ex-Senator Ransom, Minister to Mexico, is not eligible to fill the place to which he was recently appointed, on account of a constitutional provision, finds the story without foundation. Senator Ransom did not qualify until his term of office as Senator expired and his service and pay dates from the time he qualifies.

Senator Ransom's service as minister began when he took the oath of office and this was not until after his term of office as Senator had expired.

THE SITUATION IN CUBA.

Gen. Martinez de Campos Arrives and Takes Charge of Affairs.

HAVANA, April 16 -Gen. Martinez de Campos arrived at Santiago at 5 o'clock this afternoon and was enthusiastically received. The vessels in the harbor were gay with bunting, and the houses were decorated with flags, especially in the streets adjacent to the water front. The wharves were crowded with spectators who gave the General a welcome. General Compos was invited to attend a banquet to be given in his honor, but he declined, remarking that he preferred

"If it is an injustice to restore prices so that people can exchange their pro-perty for a sufficient number of dollars to pay their debts and bring happiness and prosperity to our land again, it was a greater injustice to destroy the value of property and enhance the value of money by the demonetization of silver and the establishment of a single gold standard. The gentlemen who invited you and who petitioned you, only represent one class of our people. We respect-fully submit that it was safer that all the people should do the thinking for it, than that any class should do it for them. The selfish interests predominate to promote selfish interest when one class does the thinking for all. Broad views to justly promote the common welfare of the people can be welfare of the people can be best secured by a census of the views of all the people. We agree with you that it is time for the people to reason together and to that end we respectfully ask that you make it possible for them to get printed copies of the act of 1792 on which our forefathers based our financial system and subsequent acts, to gether with the act of 1873 that reversed the former policy and acts subsequent thereto, as well as all statistical and other information of an official nature at Washington that bears thereon. but express our own opinion to the President of the people when we say that all the people should have the opportunity to investigate and intelligently pass

upon this question.

Respectfully, "W. H. HARVEY, 'Chairman Bi-metallic Committee."

GOLD STANDARD AT FAULT.

Bland has no Patience With This Talk About Sound Currency.

ST. LOUIS, April 16 -Ex Congress man Richard P. Bland was interviewed to-day relative to the letter of President Cleveland to the Chicago committee. Mr. Bland says:

"Mr. Cleveland says the line of battle is drawn between the friends of safe currency and those of silver monometallism. Mr. Cleveland, unfortunately for himself, his party, and his country, from the the beginning of his administration drew the line sharply between the friends of bimetallism and gold monometallism. In doing so he has forced upon the country a state of affairs that is intolerable to the masses of our people. Sound money and safe currency, &c., is but a twaddle of words. We all know that the goldites use these phrases to escape the unpopularity and utter disgust of the people with the single gold standard. at his home in Hairfield, Iowa, and is Bimetallism—this is the coinage of gold not expected to live thoughout the night.
