THE LARGEST CIRCULATION OF ANY NORTH CAROLINA DAILY.

GEORGIA'S BIG COLONY

GOV. NORTHERN PRONOUNCES IT THE LARGEST EVER ORGANIZED.

CONSISTS OF 40,000 PERSONS.

The Plan is to Form a Mutual Community in Which Every Stockholder is to Share Equally and Participate in the Affairs of the Colony--Shares Will Be \$10 Each and All Land Must Be Taken for the Purpose of Living Thereon--Another Colony Planned.

ATLANTA, Ga., April 23.—Ex-Governor Northern, in an interview to-day stated that he is now beginning correspondence to arrange details for the transportation of the household goods and stock belonging to the members of the Indiana Soldiers' Colony that he has recently located in this State.

Gov. Northern has been in personal conference with some railroad officials and in correspondence with others, looking to the best arrangements for the transportation of these people. The deal has been finally closed for the purchase of one hundred thousand acres of land for settlement and the parties are now only waiting for the title papers, to begin the survey of the lands. These papers will soon be perfected the Governor says, and then the work will begin.

The colony is the largest ever organized in this country and one of the grandest ever conceived in the world. It consists of more than ten thousand families and will bring into this State upwards of forty thousand persons. One may appreciate its size when he understands that this number of persons is about equal to a city of the population of Macon, or Augusta, and to three of our average counties.

This organization is the creation of Mr. P. H. Fitzgerald, editor of the American Tribune, of Indianapolis. Its plan is the result of years of thought, and has been quietly worked out to a successful, and marvelous issue.

Briefly stated, this plan is to form a colony in which every shareholder participates in affairs of the community, and has a proportionate share in profits. No one can hold more than ten shares of stock; the shares being ten dollars each. The holder of one share is entitled to make a location of land for his home, and all land taken must be for the purpose of living thereon.

At the centre of the tract of land selected for the settlement of the colony, 12,000 acres will be laid off into streets for a city; the remainder of the land to be divided into gardens and farms. Every lot and farm will be reserved for the general profit expected in the sale of land after improvements will have enhanced its value.

These lands will be divided out by allotment. The colonists get their holdings at original cost of the land. They are charged with the price of their holdings, but it is expected that the profits will clear off the indebtedness within six years. There will be, therefore, no outlay by the colonist for the land he holds.

Gov. Northern has in hand other colonies of less size, one having an option on 15,000 acres of land in Lower Middle Georgia. Arrangements for settlements by this colony will soon be perfected.

Gov. Northern says: "The inquiries as well as the actual settlements made in this State, indicate a large increase of population and a great inflow of good people. Recent developments in fruit growing and stock raising together with the unusual transportation facilities found in this State, are attracting attention from people at the North and West, who are seeking better conditions for such pursuits in a mild climate, among hospitable and law-abiding people."

A NEW ARMY DEPARTMENT.

Effort to Secure a Department of the South With Headquarters at Atlanta.

ATLANTA, Ga., April 23.—At a meeting of prominent business men of Atlanta to-day inatory steps were taken to secure the establishment of a new department of the army, to be known as the Department of the South, with headquarters at Atlanta.

All troops stationed between Maine and Texas, including Kentucky, West Virginia, New England, the South Atlantic States and Gulf States and Tennessee are governed from Governor's Island, the headquarters of the department of the East. There are enough troops in the South Atlantic and Gulf States to warrant the establishment of a new department and the natural site for the headquarters in Atlanta.

A strong concerted effort will be made to bring about the establishment of such a department, and memorials by civil and commercial bodies in Georgia will be presented to the Secretary of War for this purpose.

THE CUBAN REVOLUTION.

EMANUEL CHURCH MURDERS.

The Examination of Durant Resumed in a Crowded Court.

SAN FRANCISCO, Cal., April 23.—When the examination of Durant was resumed this morning the police court was crowded to suffocation. Hundreds were unable to gain entrance.

The accused man looked haggard and worn but throughout the proceedings preserved his usual indifference. Miss Williamson, who created the scene at yesterday's session, applied for admission this morning but her request was refused.

Three medical students, named respectively Partridge, Gukes and Dodge, were the witnesses first called to day, but their testimony was unimportant.

PANNILL REMANDED TO JAIL.

Judge Paul Has Set His Trial for To-day at 10 o'clock.

LYNCHBURG, Va., April 23.—In the United States District Court to-day Judge Paul decided to insist on the re-trial at once of R. H. Pannill, charged with aiding W. G. Hamner in robbing the First National Bank.

Hamner is now in the Brooklyn penitentiary for seven years, and Pannill escaped conviction by the obstinacy of an eccentric jurymen. Pannill's lawyers were both absent from court to-day; but Judge Paul stated that the excuse given for their non-appearance was not a good one and set the trial for to-morrow at 10 o'clock.

The court also decided that the bail, bond given by Pannill recently was inadequate and Pannill was again remanded to jail.

A Young Virginian Suicides.

DENVER, Col., April 23.—Robert L. Redman, seventeen years old, a drug clerk, and recently from Richmond, Va., committed suicide last night. He received a letter from Richmond that seemed to be the immediate cause of the deed. He took an overdose of morphine.

SHOT BY A DESPERADO

TWO MEN KILLED IN COLD BLOOD AND ANOTHER FATALLY WOUNDED.

IN PURSUIT OF THE MURDERER.

The Tragedy Occurred in a Restaurant and Was Without Provocation--The Desperadoes Were Brothers and Had Been Drinking Hard--They Have a Bad Record and Have Already Slain Many Men--The Dead Men Were Inoffensive Italians.

SANFORD, Fla., April 23.—At Marti City, a suburb of this place, last night Henry Suber shot and killed Leopold O. Rinone and A. E. Odoldo, and his brother Charles dangerously wounded Antonio Taffoletti.

Henry and Charles Suber went into Taffoletti's store and ordered something to eat. While waiting for the order to be filled, Rinone and Odoldo came in talking in Italian. Not understanding the language, Henry Suber asked if they were "cussing him." They answered, "No," but Suber drew his pistol and began shooting, one bullet striking Rinone near the heart and another striking Odoldo in the forehead, killing them instantly.

Taffoletti rushed up and seized Henry Suber's pistol when Charles Suber shot him in the throat, making a dangerous wound.

The Suber brothers then mounted horses and escaped. A posse is in pursuit.

Henry Suber is a desperate man and has killed several men. He was the husband of the Mrs. Suber who, with her child, was killed in the railroad wreck on the East Tennessee, Virginia & Georgia at Scotland, Ga., about six weeks ago, and he recently received \$4,000 from the railroad company as damages. He has been drinking hard since getting the money.

THE INCOME TAX REHEARING.

Consideration of Petitions Reserved Until May 6 Before a Full Bench.

WASHINGTON, D. C., April 23.—At the opening of the Supreme Court this morning Chief Justice Fuller made the following announcement: "The consideration of the two petitions for a re-hearing of the income tax cases is reserved until Monday, May 6th, when a full bench is expected; and in that event two counsels on a side will be heard at a time."

This statement does not mean that a rehearing of the cases has been granted, but on that date the court will hear counsel upon the question whether or not a rehearing shall be granted.

The announcement of the Chief Justice was made after an hour's consultation in the conference room, to which the Justices were invited yesterday. It is assumed that at this conference confidential assurances were given of Justice Jackson's intention to be present on the day named. That it is not certainly established he will be present is evident from the Chief Justice's manner of making the announcement "when a full bench is expected."

ECKLES WILL NOT BE EDITOR.

The Comptroller Offered \$10,000 a Year on a Chicago Paper.

WASHINGTON, D. C., April 23.—H. H. Kohlsaat, the new owner of the Chicago Times-Herald, offered Mr. Eckles, the Comptroller of the Treasury, a large salary, said to be nearly \$10,000 a year, to go to Chicago and become financial editor of that paper.

In view of the importance of financial questions in business circles and politics, Mr. Eckles saw in this editorship an opportunity to wield great influence in the West, and was at first much inclined to accept Mr. Kohlsaat's generous offer.

On consultation, however with other members of the administration he deemed it his duty to remain in his present office until the expiration of Mr. Cleveland's term, and wired his declination this afternoon.

BILL COOK GOES TO ALBANY.

He Was Sent in a Steel-lined Car With 19 Other Prisoners.

FORT SMITH, Ark., April 23.—This afternoon Bill Cook began his journey to Albany, N. Y., where he will serve 45 years in the penitentiary.

Cook left in the special car which is lined with sheet iron and the windows are heavily barricaded. In the special coach were 19 other prisoners of the penitentiary at Albany.

Among them were Enoch Thomas, James and Ed. Keeton, who got ten years each for manslaughter. Henry Buffington, a cousin of Cherokee Bill; Thomas Mowell, who with Jim French and John H. Beck, a Cherokee attorney, convicted of working fraudulent certificates of Cherokee citizenship just before the payment last year. The others were cattle and horse thieves and whiskey peddlers.

Millers Strike for Higher Wages.

RICHMOND, Va., April 23.—The Coopers in the Gallego Flour Mills have struck for higher wages. They demand 10 and 12 cents per barrel, as against 7 and 10 cents, the present schedule. The number of men involved is comparatively small.

THE CHRISTIAN ENDEAVOR.

State Convention to be Held in Winston This Week.

Special to the News and Observer.

WINSTON-SALEM, N. C., April 23.

The first State Convention of the Christian Endeavor Societies will be held in Winston-Salem this week, from the 26th to the 28th inst. Rev. A. D. Thaeler, who is manifesting great interest in the convention, announces the following programme to be carried out: Mass meetings will be held on Friday, Saturday and Sunday nights at the Home Moravian church, Salem. The business sessions will be held in the Methodist Protestant Church, Winston. On Saturday afternoon there will be committee conferences at Calvary church; there too, a sunrise service will be held on Sunday morning. At 2:30 in the afternoon a mass meeting will be held at Centenary M. E. Church. At the same time and place there will also be a large junior rally. There will be splendid, ringing addresses by good speakers, among the number being Prof. J. F. McCulloch, of Greensboro; Rev. T. M. Johnson, of Henderson; Mr. H. H. Clark, of High Point; Bishop Rondthaler, of Salem.

District Attorney Glenn tells me that the Federal court which closed Saturday was the best one yet held since he has held his present office. Judge Dick sentenced four to the Albany penitentiary, two of whom were government distillers. The other two violators were sent on for resisting revenue officers. The jury acquitted Deputy Collector Hunt, of Davie county, for shooting at a moonshiner.

Mayor Gray has disposed of Winston's remaining \$60,000 of the \$160,000 bonds, voted last year for the purchase of the Winston water-works. They were disposed of at a premium—\$101 on the hundred and accrued interest.

It is learned here that Mrs. Gentry, wife of Walnut Cove's Mayor, accompanied him to Danbury. Louis Poindexter is the name of the negro whom the Mayor is charged with killing. It is a sad affair. Mr. Gentry was willing to go to jail, but it is said that after reaching Danbury, the Sheriff consented to keep him at his house under guard, and not send him to jail. The negro, who was drunk at the time of his arrest, was an inoffensive old man.

It is announced that there will be a balloon ascension from the top of the Pilot Mountain on Memorial Day, May 10th. The managers claim that the balloon will rise to a height of \$6,000 feet, with the parachute leap will be made.

Winston shipped over 200,000 pounds of manufactured tobacco last week and paid out over \$12,000 to Uncle Sam for stamps.

Mr. C. A. Hege, one of Salem's leading citizens, and one of the owners of the Salem Iron Works, was married to day to Miss Mattie Spangh.

Winston's city fathers advertise for more than one million brick with which to enlarge the reservoir for the water-works.

Col. W. F. Henderson (Windy Billy), of Lexington, went up to Wilkesboro yesterday to look after his farm.

The street railway here is being equipped with "lightning arresters," a new invention by Superintendent McClement. He claims that his invention will protect the cars during storms and that with the "arresters" cars can be run with safety to passengers, conductors and motemen. He has applied for a patent.

The Methodists of Winston are talking of erecting a handsome church in the West End as early as practicable.

Mr. Walter S. Liddell, of Charlotte, made his annual visitation here last night to Piedmont Commandery, No. 6, Knights Templar Masons.

The University Glee Club arrived here to-day. It will give one of its pleasing concerts at the Opera House to-night.

The South Side Land Company here proposes to give a handsome site and ten thousand dollars in money for the permanent location of the Lutheran Theological Seminary, which is now provisionally located at Newberry, South Carolina.

TRUE BILL AGAINST WILDE.

Believed That he Will Plead Guilty to the Charges Against Him.

LONDON, April 23.—The grand jury this morning returned to the Central Criminal Court, old Bailey, a true bill against Oscar Wilde and Alfred Taylor. The prosecuting witnesses in the case are being lodged with a number of policemen in a house in Croydon street to prevent them from being molested.

The Exchange Telegraph Company says that Wilde will probably plead guilty of one offence.

The Sun says it is expected that Wilde's counsel will apply for an adjournment for a month and ask that Wilde be admitted to bail in the meantime.

Wilde's Collection to be Sold.

LONDON, April 23.—Oscar Wilde's valuable collection of prints, Moorish pottery, bric-a-brac, etc., will be sold at auction to-morrow. The articles to be sold include Carlyle's writing table.

Two Murderers Sentenced.

BIRMINGHAM, Ala., April 23.—Judge Green of the Criminal Court to-day passed sentence on the Harris and Abe Mitchell, the self-confessed murderers and condemned them to hang on the seventh of June, both at the same drop of the gallows.

Harris and Mitchell are two of a gang of negroes who for several months terrorized this city and community. Harris confesses to having been implicated in nearly all the crimes committed in Birmingham in the past few months.

ENGLAND MEANS WAR

THREE WAR SHIPS SENT TO NICARAGUA TO ENFORCE HER DEMANDS.

PRES. ZELAYA ASKS FOR TIME.

He Requests that Hostile Demonstrations be Deferred till the Proposition of Compromise Sent by Nicaragua Can be Considered--No American War Vessel in Nicaraguan Waters, But some of our Squadron Could Reach there in Four Days.

MANAGUA, Nicaragua, April 23.—The government is advised of the arrival of three British warships at Corinto to enforce the British ultimatum.

President Zelaya has cabled Lord Kimberley, British Secretary of State for foreign affairs, asking him to defer hostile demonstration until the proposition of compromise sent by Nicaragua through the Salvadorean Minister in London can be considered. Much surprise is expressed that there is no American war vessel at Corinto.

No Official Information.

WASHINGTON, D. C., April 23.—As far as can be learned the British government did not take the United States officials into its confidence as to its intention to send its entire available Pacific squadron to Corinto at this juncture.

Both the State and Navy Departments declare that they have received no official confirmation of the movements of the British vessels although it was well known that the British ships under rear admiral Henry F. Stephenson, met at Panama two weeks ago, the Satellite, which had been there some time, being joined by the flagship Royal Arthur, which had spent the winter in Chilean waters, and by the Wild Swan from Callao.

The Wild Swan is a sloop of 1,130 tons, in all respects like the U. S. S. Alert; the Satellite is a third rate cruiser, somewhat smaller than the U. S. S. Montgomery, and the Royal Arthur is like the Columbia and Minneapolis in dimensions and armament, but inferior to them in speed.

Of American vessels on the Pacific available for possible emergency in Nicaraguan waters, the Alert is at Panama, the Ranger at Beuena Ventura, Mexico, and the Monterey at Acapulco, where she stopped yesterday for coal for her voyage to Callao. She will probably now remain at Acapulco for orders. She could reach Corinto in four days if necessary.

BASEBALL CLUB BOYCOTTED.

Brotherhood of Carpenters and Joiners Wage War on the Orioles.

BALTIMORE, Md., April 23.—The Brotherhood of Carpenters and Joiners have decided to wage war on the Baltimore baseball club and from now until the trouble be settled, all union men affiliated in any way with the federation of labor are requested by the carpenters to taboo the champions.

The trouble grew out of the construction of the new grand stand. The contractor employed some non-union carpenters, although paying union wages. President Hanlon was appealed to by the Brotherhood, but his best efforts failed to bring about harmony. The carpenters assert that Mr. Hanlon should have protected the union by a clause in the contract, as he failed to do so it was decided last night to push the boycott in every city where the Baltimore team appears.

It is confidently predicted by the management, however, that the boycott will soon be declared off.

Missouri Legislature in Extra Session.

JEFFERSON CITY, Mo., April 23.—The Legislature convened in extra session at noon to-day. Governor Stone's message was very lengthy and asked the passage of laws in favor of pure elections and for the relief of railway employes. The Governor also made a severe attack on the lobby.

THE RESULT OF THE WAR.

European Trade Will be Unable to Compete With Japan.

PARIS, April 23.—The Journal de Debats publishes a report of an interview with Mr. Sone Arasuke, Japanese Minister to France, upon the results of the Chino-Japanese war.

The Minister declared that European trade would be unable to withstand the competition of Japan. This, however, he said, was purely a pecuniary question, and could be modified in accordance with the adoption by European countries of a bi-metallic standard or the retention of the existing standard. Japan, he said, does not project any conquests. Her one ambition is to advance in the path of progress and develop the trade and industries of the country she has recently acquired.

The fears of Spain that Japan will encroach upon the Philippine Islands, the Minister said, are groundless. Japan is perfectly satisfied with the possession of Formosa.

Modifications in the Treaty.

LONDON, April 23.—A dispatch to the Central News from Shanghai says Pekin advices state that some modifications in the Chino-Japanese treaty of peace have been agreed upon.

Of the five new commercial ports to be opened it has been decided to substitute Nankin for Pekin and Woo-Chow, on the west Canton river, for Huchow. Wei-Hai-Wei is also to be garrisoned by Japanese at China's expense for a term of years. Nankin, although included in the existing treaty ports, has never been proclaimed open.

THE HONEST MONEY LEAGUE.

Will Flood the State With Its Literature Within the Next Ten Days.

CHICAGO, Ill., April 23.—A systematic effort will be made by the "Honest Money League," recently organized in this State, to capture the Cook county delegates to the State Convention, which is to define the position of the State Democracy on the monetary question.

At a meeting of the executive committee of the league, held at the Palmer House yesterday, it was the general sentiment that a contest with that object
