

THE DRUGGISTS MEET

PROCEEDINGS OF THE TWO DAY'S SESSION AT MOREHEAD CITY.

THE REVENUE ACT DISCUSSED.

A Committee of Two Appointed to Investigate it and Engage the Services of an Able Lawyer if it is Deemed Necessary—Resolutions in Reference to the Appointment of Practicing Physicians as Pharmacists—Election of New Officers.

Special to the News and Observer. MOREHEAD CITY, N. C., July 12. The Pharmaceutical Association of North Carolina has just closed a two days' session here, July 10 and 11.

The recent Revenue Act, putting a tax on seeds and drugs elicited quite a discussion. Mr. John P. Stedman, of Oxford, stated that he had information from proper authorities that this Act had not been ratified, and was therefore no law.

A committee of two was appointed to thoroughly investigate this Act and was authorized by the Association to engage the services of an able lawyer if it should be deemed necessary.

The recent appointment of Dr. Carr to succeed Mr. Adams, a competent pharmacist and a member of the Association, was regarded as an outrageous act of discrimination against the profession.

A protest against this practice of the directors of the different State asylums of filling the pharmacy departments with physicians was made, and the following resolution to that effect were passed without a dissenting vote:

"WHEREAS, There are 51 States and territories in the United States having pharmacy laws to test the qualifications of those desiring to practice pharmacy. The two professions of pharmacy and medicine have made such rapid advancement in recent years as to be regarded as distinct and separate professions.

"Resolved, That this Association disapproves and respectfully protests against the practice of filling the pharmacy departments at our State Institutions with other than legally qualified and competent pharmacists, and we believe it to be the best interest of these Institutions that such a course be adopted.

"That the secretary be instructed to send a copy of this resolution to the Board of Directors of the Institutions." Dr. John B. Carr applied for membership to the North Carolina Pharmaceutical Association but not having received a single recommendation, his application was returned not acted upon.

Ten applicants appeared before the Board of Pharmacy for registration by examination. As to how many were successful has not been reported as yet.

The sailing and fishing were greatly enjoyed and participated in by all to a great extent. The election of officers resulted as follows: P. W. Vaughn, Durham, President; Augustus Bradley, Raleigh, first Vice-President; John P. Stedman, Oxford, second Vice-President; H. M. MacDonald, LaGrange, third Vice-President; H. E. Horne, Fayetteville, Secretary; A. J. Cook, Fayetteville, Treasurer.

William Simpson was elected a member of the Board of Pharmacy to succeed himself. The Association will meet at Morehead again next year in August.

Airy; Miss Gertrude Bush, of Raleigh; Misses Maggie Horne, Lou Horne, Julia Bynum, Lizzie Foushee, Misses Williams, Merritt, Moore, Wiggins and Denson, of Raleigh; Misses Cowan, Martha Cowan Hill, Kathleen Bryan, of Newbern; Messrs. The Old Curiosity Shop.

Can you locate it? You ought to be able to because you live in it. This world is the biggest curiosity shop that we have known anything about up to date. Jupiter or Saturn may be able to discount it. Perhaps, and perhaps not. It is pretty full of people who are continually tinkering with themselves—patching themselves up—so to speak, in a medicinal way. If they are constipated, bilious or dyspeptic they rush to the nearest druggist for a violent purgative. If they are malarious they fly for relief to that ancient but ineffectual reliance—the sulphate of quinine. This is what they shouldn't do. What they should is to begin and pursue a course of Hostetter's Stomach Bitters, the prime of alteratives and anti-malarial specifics, particularly valuable also for rheumatism, neuralgia, nervousness and debility, and a promoter of sleep and appetite, beneficial to all chronic invalids.

Prof. W. E. Hidden, who discovered the beautiful hiddenite, is at Brindleton, Burke county, and has spent several thousand dollars there this year in labor alone. The Herald foots up \$150,000 spent every year by State institutions, factories, lumbermen and miners for labor, farm products, timber, &c., in Burke that was unknown fifteen years ago, and yet, adds the Herald, "we have some unconscious humorists here of the Populist type, who say with all seriousness 'times are harder in Burke than they ever were before.' Is this true or is it not?"

Weak, Weary and Worn

Dizziness, Impure Blood—Cured by Hood's.

Many weak and worn-out women know just what this means. In totally unfit condition for work, they force themselves through the daily routine of duties, almost too discouraged to even look for relief. But it is to be found in Hood's Sarsaparilla, which makes the blood pure, builds up the nerves, makes the weak strong and gives a cheerful spirit. Read this: "I have suffered more than tongue can tell from dizziness and severe pains in my head. I also felt so low spirited that I often said I wished I was dead. A friend suggested that I try Hood's Sarsaparilla. I gave it a trial and was more than surprised to see what a great change came over me after I had taken the first bottle. I felt better right away. I have now taken Hood's Sarsaparilla. It will cure." Miss Wm. Smith, 219 E. 23rd St., N. Y. City.

Hood's Sarsaparilla Cures. Nearly five bottles and am happy to say I am entirely cured. I would advise all suffering on account of impure blood to try Hood's Sarsaparilla. It will cure." Miss Wm. Smith, 219 E. 23rd St., N. Y. City.

THE CHRISTIAN ENDEAVOR.

One Thousand Delegates Present at the Opening of the Convention.

Boston, Mass., July 12.—One thousand delegates were present in the Church of the Unity at the opening of the sixth annual convention of the National Young Peoples' Union of the Universal Church to-day. Secretary Canfield reported that the National Union now included 436 subordinate unions, 93 of which were formed last year. The aggregate membership is 16,000.

All Boston has sounded with the enthusiasm of the great army of young Christians now within her gates. The splendid welcome that to-day was officially extended to the 53,000 delegates to the Grand Christian Endeavor Convention has gladdened their hearts and to-night three divisions of the multitude praised God in song and prayer. Even the immensity of the enthusiasm that prevailed to-day at the mammoth meetings in Mechanic's Hall and in the two great tents, Wildstone and Endeavor, was exceeded to-night. Addresses were heard by 29,900, for in each of the tents the Endeavors were 10,000 strong, and at Mechanic's Building were gathered 9,000 more. The story it contained was one of success that exceeded hopes almost audacious in their extent and it provoked the most enthusiasm which was expressed in such hosannas as modern Athens has never heard before. The meeting in Tent Wildstone to-night was perhaps the greatest of the three. The address of Rev. Russell H. Conwell drew a great crowd; an address by Rev. Tennis Hamlin, D. D., of Washington, D. C., whose subject, "Washington '96" was a very strong effort, while Mr. W. H. Pennell, of Washington, D. C., spoke in tent Endeavor on the same subject.

Addresses by Dwight F. Morey, at the Mechanic's building and by John G. Wolley, the noted Chicago temperance lecturer, who spoke in tent Endeavor on the "Christian Endeavor vs. the Saloon," were also great attractions. The choruses, too, at all three meetings surpassed all that has yet been attempted in music since the meeting began. Eight hundred singers were included in that at Mechanic's Hall and each of the tents had a quota of not less than six hundred.

The report that the tobacco firm of P. Lorillard & Company has joined the American Tobacco Company Trust is positively denied by an active director of the Lorillard Company.

HOW IS THIS?

The Spectator of (of N. Y.) tables for 1895 have appeared, showing the rate of interest earned by the 27 leading life insurance companies. They show that the Union Central Life Insurance Co., of Cincinnati, O., ratio for 1894 is 7.01 per cent, against 5.96 per cent, the highest of any other company, and 4.99 per cent, the general average. This is an extraordinary showing for the Union Central, being 1.35 per cent above the ratio of any other company. That is to say, on an equal amount of money invested the Union Central earns as much as the best of the other companies and nearly one fourth more.

Extending the comparison for twenty years, from 1875 to 1894, the average of the Union Central for all that time is 6.66 against 6.33, the highest of any other company, and 5.58 the general average.

The Union Central average per cent of death claims for thirteen years, compared to mean amount of insurance in force, has been 0.65, or 65 cents for each hundred dollars insured. The lowest average of any other company has been 0.78 and the highest 2.10. The average of the twenty four other best companies has been 1.36. The above are the vital points of management in a life insurance company, and from the actual records we can grant all any other company claims and still have a margin left in our favor. The results of high interest and low death rates are for the benefit of the insured. By these excessive virtues the old Union Central (now with more than \$13,500,000 assets) has been for over eight years paying the full face of their policies to those who insured with us from 18 to 24 years ago, though they paid us but the same premium usually collected for a policy payable only at death. We paid over \$125,000 in 1894 to the living holders of these policies, so we have thoroughly demonstrated that you do not have to "die to win" a cheap life rate policy with the Union Central, though our rivals for 15 years claimed it could not be done by any company. No company excels the liberality of our policy contract as to cash at your command, paid-up policy, extended insurance, etc. There is no restriction as to residence or travel. State age and write for cost, etc. Agents wanted for important fields. CAREY J. HUNTER, Supt. Va and N. C. Raleigh, N. C.
