

THE LARGEST CIRCULATION OF ANY NORTH CAROLINA DAILY.

NEW STORM SIGNALS

WARNING TO BE GIVEN OF THE APPROACH OF TROPICAL HURRICANES.

RED FLAGS WITH BLACK CENTERS.

The Signal Will be Displayed at all Weather Bureau Offices Along the Gulf and Lake States and at Other Points--From the Frying Pan Shoals Lightship and at Southport, North Carolina--Red Meteor Rockets Will Also be Used.

WASHINGTON, D. C., July 16.--With the object of giving warning of the approach of tropical hurricanes, as well as the severe and dangerous storms that pass across the Lake region and Atlantic coast, the Weather Bureau has adopted a special signal to be known as two red flags with black centers, displayed one above the other. This signal will be displayed at all weather bureau offices and wind signal display stations on the Atlantic Gulf coasts and the great lakes and at numerous other points at sea and lake ports and along these coasts.

In a number of instances arrangements have been made with steamship and steamboat lines to display the signal on their vessels. Special efforts have been put forth to provide for the warnings in sections beyond the reach of telegraphic communication, along the South Atlantic and Gulf coasts, and the adjacent islands, and arrangements have been made in many of the most exposed and thickly settled of these locations whereby the tugs, pilot boats, revenue cutters, or other steam vessels will pass through the waters in the vicinity, displaying the hurricane signal by day and firing rockets by night, and blowing their whistles to attract attention there-to.

Among these districts are west Florida coast from Tampa Bay south and the coasts, islands and bays of Virginia, North and South Carolina and Georgia. The flag signals will also be displayed from the Frying Pan Shoals Lightship off the North Carolina coast, warnings being conveyed thither by a tug from Southport, N. C.

Chief Moore, of the Bureau suggests that in all localities where hurricane storms are liable to cause great destruction, arrangements be made by citizens for distribution of the official warnings to points beyond telegraphic communication or sight or sound of the signals.

This, it is suggested in an official circular promulgated to-day, may be done by means of couriers on horseback, or firing rockets. The bureau has decided to use for this purpose red meteor rockets, which ascend 300 or 400 feet high and emit a brilliant red star which burns to the ground or water's edge.

DOESN'T WANT A THIRD TERM.

When the Time Comes Cleveland will Make Himself Mighty Clear.

PORTLAND, Ore., July 16.--Ex-Congressman Ben. T. Cable, of Illinois, in an interview to-day, speaking about the President and a third term, said:

"When the proper time comes the President will make himself mighty clear on the subject if necessary. He will not be before the convention, nor would he run if nominated."

Continuing, Mr. Cable said: "Silver will not have any formidable support in the next Democratic National Convention. The craze is dying out. William R. Morrison will be supported by the Illinois delegation for president."

ROOSEVELT ATTACKS HILL.

Combats the Statement that Crime Has Increased in New York.

NEW YORK, July 16.--In a speech before one of the good government clubs to-night Police Commissioner Theodore Roosevelt combated the statement that crime has increased in New York city under the administration of the Police Department. He produced statistics to show that the number of arrests under the new administration had been greater than under the old.

Speaking of Senator Hill, he said: "I do not usually ascribe motives, and I would ordinarily hesitate in speaking of a United States Senator, to say that his governor and his legislature (for he controlled them both, absolutely) deliberately enacted a law which they deliberately intended to be dishonestly executed; but I do not have to ascribe motives in this case, for Senator Hill's letter is in effect a frank avowal that these were the motives which actuated the Tammany Legislature that passed the present law. This law is now being honestly enforced and Senator Hill's assault upon the honest enforcement is tantamount to the admission, in the first place that it never has been honestly enforced before, and in the second place, that he had never expected it to be honestly enforced."

SHE POISONED HER PARENTS.

A Young Girl's Sweetheart Persuades Her to Become a Murderer.

SEYMOUR, Ind., July 16.--Fleming Sarver and wife, of Uniontown, had an adopted daughter, Dollie Belknap, aged 14. The couple are sixty years old, rich and well off.

The girl has been keeping company with Hayes Robins, the son of one of the wealthiest farmers of that section. Saturday Mr. and Mrs. Sarver were taken ill. Upon investigation it was found that poison had been placed in the coffee.

Later Dollie confessed that she, upon the advice of her lover, had poisoned the old folks so that she could inherit their property. Mr. Sarver died last night. When Mrs. Sarver heard of her husband's death, she took a relapse and is not expected to live.

Warrants have been issued for the arrest of Hayes Robins and two Derringer girls, who are also supposed to be concerned in the case.

TOO MUCH RAIN FOR COTTON.

But the Corn Crop in the South is the Finest for Years.

WASHINGTON, July 16.--The Weather Bureau, in its report of crop conditions for the week ended July 15th, says:

Cotton has been injured by too much rain in the low lands of Southern Missouri, Arkansas and Northern Texas and has suffered to some extent in Oklahoma and Tennessee. Georgia, Alabama and Mississippi report improvement over the previous week in the condition of cotton, while in North Carolina the crop continues in poor condition. In Southern Texas rain would prove beneficial.

In the Southern States the finest crop of corn for years is promised. The outlook for tobacco in Maryland is excellent and in Kentucky the crop is improving rapidly; it is doing well in Tennessee and Missouri and is being cut in the Carolinas.

TORTURED AND ROBBED THEM.

Two Old People Bound by Robbers and Burned With Matches.

ASHLAND, Ohio, July 16.--Late last night four masked men went to the house of John Miblin, living a few miles from this place, and on being refused admittance, battered down the door with a fence rail. They then bound and gagged Miblin and his wife, and on falling to find the amount of money they believed to be in the house, they tortured the couple, holding burning matches to their feet and hands. The robbers secured \$13, all the money in the house.

Miblin and his wife who are both very old and almost blind, did not succeed in releasing themselves until 9 o'clock this morning. There is no clue to the identity of the robbers.

STAMBOULOFF DYING

THE EX-PREMIER'S CONDITION IS NOW CONSIDERED HOPELESS.

THE VICTIM OF A POLITICAL PLOT.

Returning From His Club the Bulgarian Minister Was Set Upon in the Streets of Sofia by Four Men With Knives and Pistols--Received Fifteen Sword Cuts on His Head and One of His Eyes Was Destroyed--His Coachman and Police Accused.

LONDON, July 16.--A dispatch to the Pall Mall Gazette, from Sofia this afternoon says that the condition of ex-Premier Stambouloff, who was murderously assaulted yesterday evening, while returning home from the Union Club by four persons armed with revolvers, knives, etc., is hopeless. About 1 o'clock this afternoon, M. Stambouloff was still alive, but his condition is pronounced to be hopeless. He has fifteen sword cuts on his head and one of his eyes has been destroyed.

Everybody seems to be convinced that the police were in the plot to assassinate the ex-premier, as five members of the police force who were near him when the attack was made, made no attempt to interfere. One of the Stambouloff servants chased one of the assassins, but the man was stopped by the police.

M. Stambouloff's coachman, who fired his revolver, but missed hitting anybody when the ex-premier's assailants attacked the carriage last night, is also believed to have been one of those who plotted against the statesman life, as he made no attempt to whip up his horses when the attack was made.

The police and detachments of cavalry paraded Sofia throughout last night, but they seem to have found no trace of the assassin except some daggers, which were found in the streets.

It developed during the day that M. Stambouloff has long been convinced that he would fall a victim to the vengeance of the friends of Major Panitz, whom he caused to be executed after he had been found guilty of treason, in 1890, in conspiring against the life of Prince Ferdinand.

Since the refusal of the government to give M. Stambouloff his passport to Carlsbad, representatives of the diplomatic corps here have frequently called the attention of the government to the fact that they had become aware that an attempt upon the ex-premier's life was impending. It is strange to add that not a single member of the cabinet has called upon M. Stambouloff since the latter was wounded last night.

M. Stambouloff received several wounds in the head, and lost a quantity of blood. The assailants attacked the carriage, compelling the coachman to stop. M. Stambouloff's servant fired his revolver, but missed the mark. M. Stambouloff jumped out and received only a cut, which almost severed his hand from the wrist. M. Stambouloff then tried to escape, but was followed and stabbed in the head and received a revolver shot, when he fell to the ground, where his assailants continued their stabs, badly wounding his head and other hand. M. Petcoff, running to his assistance, was also stabbed. M. Petcoff declares that he saw gendarmes running away, as well as the assassins.

The shots were heard at Union Club, and the friends of M. Stambouloff came and found him covered with blood and surrounded by several persons and by gendarmes, none of whom professed to have noticed where the assailants had fled.

M. Stambouloff was taken to his house and was laid upon a sofa. The doctors declare that one or perhaps both of his hands must be amputated.

THE CONSERVATIVES CONTROL.

The Net Unionist Gains up to This Time are 20 Seats.

LONDON, July 16.--At ten o'clock to-night the result of the general election was as follows:

Conservative 166, Unionists 23, total 189; Liberals 29, Parnellites 4, McCarthyites 12, Labor 1, total 46. The net Unionist gains up to this hour are 20 seats.

The gains which the Unionists have secured in the elections thus far held inure them a majority of 92 in the house even if the remainder of the seats to be voted on remain as heretofore. Dadabhai Naoroji, the Liberal member for the Central division of Finsbury, who was once referred to by Lord Salisbury as a black man (he being an East Indian) was defeated.

The chief event of the day was the dismissal of ex-Postmaster Morley, making the fourth ex-minister in Lord Roseberry's cabinet who has been sent into seclusion.

In Northampton, which is deemed a radical stronghold, Henry Labouchere had a majority greatly reduced, and the conservatives won the other seat.

Sir William Vernon Harcourt, the Liberal leader who was recently defeated by Mr. C. Drage, Conservative, at the election held for members of Parliament to represent the two seats of Derby, has accepted the offer of Mr. C. N. Warrington, Q. C., who was recently nominated to stand for election in West Northamptonshire, to retire in his favor. There was to be no opposition to the candidacy of Mr. Warrington and Sir William Vernon Harcourt will be nominated in his place to-morrow.

USED WOMEN AS SHIELDS.

How a Gang of Horse Thieves Escaped From a Posse of Farmers.

HENNESSEY, O. T., July 16.--The posse of farmers organized at Sheridan to capture Yeagers' gang of horse thieves, found the trail twenty-five miles west of Waukemia and ran part of the gang to cover in a log house. They surrounded the house, captured the desperadoes' horses and saddles and some arms.

After twenty hours siege the outlaws, five in number, forced two women, living there to walk ahead of them as shields to keep the posse from shooting and each, drawing a brace of colts' revolvers, made their escape to the heavy timber, firing a number of shots to keep the posse from pressing them too closely.

They released the women after making them walk over a mile, and stealing horses from farmers made their escape. They headed for their rendezvous in a section of Olos Mountains, known as "The Bott," where they are known to have a fortified stronghold. The posse is still determined and being recruited daily.

ANOTHER ACQUITTAL

END OF THE MOST NOTED TRIAL IN THE CRIMINAL ANNALS OF MARYLAND.

THE FARRALL MURDER CASE.

The Jury Arrived at their Verdict with Very Little Discussion and General Approval is Expressed at the Result--Hearty Applause Swept Through the Court House When the Verdict was Announced--The Trial Cost the County Upwards of \$6,000.

LA PLATA, Md., July 16.--Mrs. Bella Farrall, accused of the murder of her husband, was acquitted this afternoon.

Judge Mitchell for the State, concluded his argument at 12:30, and after receiving brief instructions from Judge Briscoe, the jury retired. At 1:30 the 12 men arrived at a conclusion. The excitement in court when the verdict was announced was intense. The Judge looked graver than at any time before or during the trial. There was no indication in the faces of the jurors what the verdict would be. The Messrs. Farrall, brothers of the man whom Mrs. Farrall was charged with murdering, sat back in the audience, fully believing the woman guilty and hoping for a verdict of murder.

When Clerk Turner read the verdict there was stillness as the crowd waited eagerly for the announcement. When its import had been understood a remarkable scene ensued.

Mrs. Farrall broke down and wept for joy. She became hysterical. She sprang to meet Col. Wilmer, her chief counsel, who was advancing to meet her. She threw both arms around the stalwart Colonel's neck and kissed him.

Judge Briscoe had enjoined that there be no demonstrations of approval or disappointment at the announcement of the verdict, but there was no restraining the crowd. Hearty applause burst out and swept spontaneously over the audience.

Friends of Mrs. Farrall gathered round her and congratulations were showered on her. In all the excited crowd nobody was happier than Court Bailiff Hicks, Mrs. Farrall's brother-in-law. He has listened closely to all the evidence, and has asserted her innocence clear through.

The news quickly spread through the village, and knots of men stood discussing it. General approval was expressed at the verdict. It is understood the jury arrived at the verdict with very little discussion. There was not much sentiment among either spectators or jurors in favor of a conviction.

Mrs. Farrall looks much broken now that the case is over. The long strain has ended and her nerves show the effects of it. She has kept her self-possession remarkably, but it has been an heroic effort. The trial has proved one of the most noted in the criminal annals of the State, and it is estimated, cost Charles county upwards of \$6,000.

INDIAN UPRISING FEARED.

The Governor of Wyoming Asked to Send Troops to the Scene.

The nearest troops are at Fort Washakie, over four days' march for cavalry from the scene of the expected trouble.

THE NAVAL MILITIA DRILL.

The North Carolina Reserves will go to Sea Next Week.

WASHINGTON, D. C., July 16.--Secretary Herbert has been busily engaged to-day in trying to arrange a program for taking the naval militia out to sea for their annual drills that will not interfere to any serious extent with the plans for manoeuvres of the North Atlantic squadron. It is hoped that a satisfactory arrangement can be made.

According to the present program the Massachusetts militia is to go out from Boston on the 29th inst. The New York militia goes out next week from New York and the militia from Brunswick, Ga., Wilmington, N. C., and Charleston, S. C., will start to sea at the same time.

MAY HAVE BEEN LYNCHED.

Four Cattle Thieves Captured Sunday by Vigilantes.

BUTTE, Neb., July 16.--There is a general belief that the "Rustlers" captured by the Vigilantes Sunday have been lynched. The Vigilantes had been after the "Rustlers" some time and found them camped in the stockade at "Fair" and all ready to protect their stolen property. The fort was quickly surrounded and the men realizing the futility or resistance, surrendered. They were quickly disarmed, bound hand and foot, and placed on their horses and started west, presumably for Keyapaha county.

The men captured are: Louis Zealand, a resident of Spencer, Neb.; S. C. Clark, C. S. Murphy, and O. H. Jackson who lives west of Springview. Nearly 100 head of cattle were found.
