

The News and Observer.

VOL. XXXIX. NO. 29.

RALEIGH, N. C., FRIDAY, SEPTEMBER 6, 1895.

PRICE FIVE CENTS.

THE LARGEST CIRCULATION OF ANY NORTH CAROLINA DAILY.

TRIED TO KILL HIMSELF

CALVIN TILLMAN, ONE OF ELDER TANNER'S FRIENDS, ATTEMPTS SUICIDE.

STRUCK WITH A BASEBALL BAT.

John Dixon Inflicts Fatal Injuries on John Deek--A South Carolinian Takes an Overdose of Laudanum and Comes Near Dying--Mr. and Mrs. Graham in a Dangerous Runaway. Occupants of the Buggy Hurt, the Horse Killed.

Special to the News and Observer.
ASHEVILLE, N. C., Sept. 5. The remains of Mr. Malvern Hill Palmer, State Bank Examiner, who died here last night, were taken to his home in Warrenton on this afternoon's train. The deceased was thirty-three years old and leaves a wife and two children. He married Miss Jessie Arrington, of Warrenton. He was a rising young lawyer and one of the most popular men in his county.

Calvin Tillman, colored, attempted suicide today by cutting his throat with a knife. He may possibly recover. Tillman had become despondent from brooding over the case of Elder Tanner, the negro preacher whose house was visited by a negro mob Tuesday night. Tillman was supposed to be in sympathy with the elder.

John Dixon struck John Deek on the head with a baseball bat while working with him at Hildebrand's brick yard, inflicting a probably fatal wound. Dixon escaped before the crime was discovered. Both the men are negroes.

Peter T. Smith, of South Carolina, was found unconscious this morning in a vacant lot on Patton avenue. Smith had evidently taken an overdose of laudanum. It is thought this was taken simply to relieve pain and he got an overdose. His life may be saved, the physicians say.

A horse ran away with Mr. and Mrs. F. W. Graham on South Main street this afternoon. The animal ran into a telephone pole and threw the occupants of the buggy out. Mr. and Mrs. Graham were severely but not dangerously hurt. The horse fell and was so badly injured that it died within a few minutes.

A house belonging to J. R. Rich, and occupied by J. D. Brevard, situated not far north of the city, was burned to day. The furniture was saved by hard work. The building was insured. The fire started in the kitchen.

Five negroes have been bound over to court for being in the mob that visited Elder Tanner's house Tuesday night and tried to run the colored preacher out of town. The mob not only did not succeed in its work, but several of the rioters got doses of cold lead.

G. F. COLLEGE OPENS WELL.

New Daily for Greensboro--The Centes By the Co-operative Mill.
Special to the News and Observer.

GREENSBORO, N. C., Sept. 5. The Greensboro Female College has opened with unusually flattering prospects. More girls had arrived up to day than were on the bill by Sunday of last year. President Peacock is greatly pleased at the prospects.

A new afternoon daily, edited by Messrs. W. J. Underwood and A. J. Williams, will appear in this city on September 21st. It will be called "The Greensboro Times", and will be Democratic in politics.

Messrs. Cesar and Moses Cone have purchased the Greensboro Co-operative Cotton Mills which have never been in operation for lack of capital. They will equip the mills at once.

Death of Mr. J. D. Williams.

Special to the News and Observer.

FAYETTEVILLE, N. C., Sept. 5. Mr. J. D. Williams, of this city, died at 12:10 this afternoon. He was identified with every improvement inaugurated here since the war. He was seventy-seven years of age. He was President of the Clarendon Bank. He organized the Fayetteville National Bank and after the charter expired he organized the Bank of Fayetteville, which he managed for some years. He was a prominent member of the Presbyterian church, was President of the North State Improvement Company of Greensboro, and a director in the Cape Fear and Yadkin Valley Railroad.

Sugar Bounties Unconstitutional.

WASHINGTON, D. C., Sept. 5.--R. B. Bowler the Comptroller of the Treasury, today rendered an opinion on the celebrated Oxnard sugar bounty claims in which he holds in effect, first, that he, as Comptroller, has jurisdiction of the case, and second, that in his opinion the act of March 2, 1895, making the sugar bounty appropriation is unconstitutional. He, however, directs that the papers in the case be sent to the court of claims under section 1063 for the rendition of a judgment in order that there may be furnished a precedent for the future action of the Executive Department in the adjustment of the class of cases involved in these sugar bounties.

Tennessee Moonshiners Killed.

NASHVILLE, Tenn., Sept. 5.--Jay Roddy and Jim Woodlee were shot and seriously wounded at Tracey City, last night, by Deputy United States Marshal J. M. Hall, while effecting the seizure of some contraband whisky. Woodlee is dying.

COTTON MILL RECORD BROKEN.

More Southern Mills Built the Last Three Months than Ever Before.

BALTIMORE, Md., Sept. 5.--The Manufacturers' Record says that the announcement of new cotton mills projected in the South during the last three months exceeded that of any similar period in the history of cotton-mill building in this section. There were reported seventy-seven mills, which will have an aggregate of over 300,000 spindles, which, added to the 500,000 spindles to be put in mills that had been reported prior to May 31, makes a total of about 800,000 spindles to be added to the number now in operation in the South. If these mills are all built, as indications promise, the aggregate investment will represent something over \$16,000,000.

The rapid expansion of the interests of the South and the phenomenal activity prevailing in iron and coal matters, coupled with an increasing demand for farm lands for settlement by Western people, is bringing about unusually healthy business conditions throughout this entire section. With the continuation of high prices for cotton, the enormous grain crop which has been produced and these active conditions in industrial interests, the South bids fair to have the most prosperous season which it has enjoyed for many years.

DECLARED FOR FREE COINAGE.

Utah Democrats in Their First Convention Heartily Endorse the White Metal.

SALT LAKE, Utah, Sept. 5.--The Democratic Territorial Convention began at Ogden today. The possibilities for Governor cover a wide field and it is likely that a number of names will be before the convention. It is believed the convention will instruct for J. L. Rawlins, and Moses Thatcher for the United States Senate. Several county delegates have already so declared.

OGDEN, Sept. 5.--The platform is brief and is devoted mostly to territorial affairs.

On the money question it says: "We believe that the money of the constitution is now the paramount issue before the country and insist that both parties shall plainly state their respective positions upon the question in order that the voters may intelligently express their preference.

"We hereby declare ourselves in favor of immediate restoration of the free and unlimited coinage of silver and gold at the present legal ratio of 16 to 1, as such coinage existed prior to 1873, without waiting for the action or consent of any other nation, gold and silver coin to be a full legal tender for all debts, public and private."

THE BIG YACHT RACE.

Prospects for the Largest Crowd that Ever Gathered on the Water.

NEW YORK, Sept. 5.--The most interesting topic of conversation among yachtsmen today, in fact the one that absorbed all their attention, concerned the measurements of the Defender and Valkyrie I.I. There have been several estimates made on "guess" figures, but they grant to the Defender a time allowance of anywhere from one minute to two.

Indications point to the largest attendance at a yacht race that the world ever saw. Every idle steamboat and tug about the harbor will be brought into requisition Saturday, and dozens of regular liners will be taken off their usual routes to carry people to see the great marine picture. Parties from Philadelphia, Boston, New Haven, New Bedford and other places will come on chartered boats.

The Vizier Expels Turkish Boodlers.

CONSTANTINOPLE, Sept. 5.--The Grand Vizier has dismissed a number of officials of Moosh who have been found guilty of extorting taxes and treating Armenians with ruthless severity. At Bitlos, a body of gendarmes attacked a band of Kurds who had been committing depredations in the Moosh district. The Kurds sustained serious losses and were driven out from the possession of property of Armenians which they have seized.

The Oldest Engineer Dead.

BETHLEHEM, Pa., Sept. 5.--Peter Styers, said to be the oldest engineer in the country, who has been frequently honored by the Brotherhood of Locomotive Engineers, died today, aged 73 years. He ran engines on the Lehigh Valley, the Reading and Jersey Central lines for forty-six years and never had an accident. Railroaders have computed that he ran locomotives a distance equivalent to forty times around the globe.

Meeting of Pennsylvania Democrats.

LANCASTER, Pa., Sept. 5.--Representatives of the Democrats of Pennsylvania had their annual assembly here today. President Chauncey F. Black, of York, and Secretary John D. Worman, of Philadelphia, were unanimously re-elected for the seventh consecutive time. The meeting next year will be held in Erie. President Black stated that this was probably the most successful assembly the Association has thus far held.

Parliament Prorogued Until November

LONDON, Sept. 5.--The House of Commons, in response to a summons in the usual form, appeared in the House of Lords today, where the royal assent to the acts passed during the session was announced. A decree was then read proroguing Parliament until November 18th.

MAY NOT BE FRAKER.

AN INSURANCE OFFICIAL DOES NOT BELIEVE THE PRISONER TO BE THE DOCTOR.

GEORGE HORRIE'S STATEMENT.

Describing the "Drowning" Incident, He says He Does Not Believe It Possible that Fraker Could have Gotten Out Alive--But Horrie is in the County Jail at Springer, Charged With Burglary--Fraker's Orphan Cousins are Left in California.

LIBERTY, Mo., Sept. 5.--Astounding developments, it is rumored here, may be developed in the Dr. Fraker insurance case before another twenty-four hours. An official of one of the defrauded insurance companies, who is here working on the case, it is said on good authority, makes the statement that the much talked of prisoner is not the doctor. The name of the doubting official is not made public. Judge J. H. Sandusky, attorney for Judge J. B. Lincoln, executor of the Fraker estate, stated today that they had not admitted yet that the prisoner is Fraker. All Judge Sandusky will say, however, is that it may or may not be Fraker.

RICHMOND, Mo., Sept. 5.--Dr. Fraker, who is in jail here on the charge of attempting to defraud insurance companies, was recognized today by a score of people. The recognition was mutual, Dr. Fraker calling several by name and conversing with them.

RATON, N. M., Sept. 5.--George Horrie, one of the principal witnesses in establishing the death of Dr. Fraker by drowning, and who is accused by the doctor with being his betrayer, is in the county jail at Springer, charged with burglary. He makes the following statement:

"On July 10, Dr. Fraker, James Triplet, Alexander Manendez, a man named McMurray, the driver and myself went on a fishing trip. We did not reach the river near Camden until 7 o'clock that night. I saw Fraker drop into the river. It was about 9 o'clock in the evening. He sank out of sight, rose to the surface once and then disappeared. I do not believe it possible for the man to have gotten out alive. Not one of us have ever seen the doctor since that night, and I will not believe that he is living until I see him face to face. Our party remained in the neighborhood that night and next day making every effort to find the body but without success."

Mrs. Ash, who is also in jail as an accomplice of Horrie, in the burglaries, states that Horrie several times received remittances from Attorney Lincoln, of Liberty, Mo.; that Horrie made several trips to Missouri the past two years and at one time met Lincoln at La Junta, Col.

MANITOU, Col., Sept. 5.--Judge James B. Lincoln, of Liberty, Mo., executor of the will of the insurance winder Fraker, has stopped in the city en route to California and Washington, to take back to Missouri Fraker's four young orphan cousins, the principal beneficiaries of the will. He will not pursue the mission now, in consequence of the news of Fraker's capture. Judge Lincoln showed some little irritation that the insurance companies had thought it worth while to make attempts to enjoin him from paying over the money, as he expressed himself anxious to make full restitution, and says that there has been but a comparatively small amount of money paid to the beneficiaries.

TRADE UNION CONGRESS.

Samuel Gompers and P. J. Maguire Represent the United States.

CARDIFF, Sept. 5.--Messrs. Samuel Gompers and P. J. Maguire, who represent the United States in the congress were given a hearty reception at this afternoon's session. President Jenkins in welcoming the American delegates said that although geographically divided, the workers of America, Great Britain and Ireland were united on all the important questions pertaining to the elevation of their class.

Mr. Gompers, in replying to the address of President Jenkins, spoke of the solidarity of feeling and sympathy that existed among the trades unions of the countries represented in this congress, he said, were of one blood and had a common heritage. He looked forward to the day when all workers speaking the English language would unite with the workers of all countries who are struggling onward for the attainment of that end for which the whole past has been a perpetual endeavor, with an intensity of purpose that would ensure the accomplishment of great results. Mr. Gompers said that he believed that the British Trades Union Congress and the American Federation of Labor would compare favorably with the British Parliament or with the American Congress.

The Waller Court-Martial Record.

WASHINGTON, D. C., Sept. 5.--The State Department has been advised that the record in the Waller court-martial, for which the French authorities found it necessary to send to Madagascar, is expected to reach Aden, on the Red Sea, about the 12th inst. After its arrival there some time will be required for its transmission to Paris and still more before it can reach Washington, if it is decided to have it examined here, so it is expected to be at least a month before the department can be full possession of all the facts in the case.

In all probability, no further step will be taken by the department in this matter until this examination shall be made.

NEBRASKA DEMOCRATS

THE "SOUND MONEY" FACTION HOLDS ITS CONVENTION AT LINCOLN.

OF COURSE ALL WAS "HARMONY"

Cleveland and Carlisle Endorsed and this Single-Standard Convention Declared for a Single-Standard Financial Policy--Carlisle's Name Loudly Applauded, though it was Appended to a Letter Saying that He was too Busy to Say Anything.

LINCOLN, Neb., Sept. 5.--When State Chairman Martin, of Omaha, called the second Nebraska Democratic State Convention to order today, 631 enthusiastic delegates greeted him with applause, encouraged by an enthusiastic crowd of visitors. It was considered quite significant in the light of recent developments that 631 out of a total representation of 634 delegates should be present when the convention was convened, and it was early evident that while the party in the State is divided on financial lines, the so-called hard-money element lose little in numbers or dignity as compared to the element of the party which held its convention last month under the auspices of the free silver leaders of the State at Omaha. The chair first announced that he had received a telegram from Secretary of the Treasury Carlisle which he would read. The message was a brief one, to the effect that it had been impossible for him to accept the cordial invitation to meet with the convention and that owing to the immense stress of business it was equally impossible for him to dictate an extended letter. The message, however, created a great deal of interest and the signature of John G. Carlisle evoked another outburst. If there had previously been any question as to the feelings of the average delegate to the convention on financial matters, it was very quickly removed by the side remarks against free silver by different Democrats in making points of order or while occupying the floor temporarily, disposing of routine business.

The chairman of the committee on credentials reported that there were no contests, and that every county in the State was represented.

A temporary organization was made permanent. The report of the resolutions committee was greeted with repeated applause. There was no minority report. The resolutions are:

"The Democracy of Nebraska, in convention assembled, congratulate the country upon the sure signs of returning prosperity. In spite of the evil predictions alike of protectionists and silver inflationists, the country is steadily and surely gaining ground, thus justifying the wisdom of the reversal of the Republican policies of protective tariff, taxes and coinage of a redundant quantity of token dollars. The fact that the wheels of industry so long silenced in consequence of these policies by a long and depressing panic, have resumed their wonted motion and that more than 300,000 laborers are receiving the large increase in wages of twelve per cent proves this assertion.

"We send hearty greetings and congratulations to Grover Cleveland and his cabinet, not only for their wise and prudent course, which has aided so much in bringing about the better financial condition, but also for their firm and fearless adherence throughout the depression to sound policies of economy, for their unswerving fidelity in upholding and protecting the honor and integrity of the nation against organized mob violence.

"We endorse the national Democratic platform of 1892 and the interpretation placed thereon by the President, and we declare ourselves unequivocally and unreservedly for that metallic money as the standard mintage, the bullion and mint value of which are approximately the same, the purchasing power of which, regardless of government mintage, is all the least fluctuating in all the markets of the world.

"We insist upon this policy as especially necessary for the protection of the farmers, laborers and property owning debtors, the most defenseless victims of unstable money and fluctuating currency. Free coinage of silver at 16 to 1 means a poorer money and less of it; it means less wages for the laboring man and less actual money for the business man; it means bankruptcy for all save the mine owner."

The following nominations were made: Supreme Judge, T. G. Mahoney; Regents State University, W. H. Ashby and John H. Ames.

On this point Hon. W. J. Bryan, of Nebraska, addressed the convention. The convention instructed almost unanimously to support J. L. Rawlins and Moses Thatcher for the United States Senate. B. H. Roberts, of Davis county, was the only name presented for member of Congress.

For the three members of the Supreme Court the names of J. G. Sutherland, S. R. Thurman, Ogden Hiles, Thomas F. Maloney and R. W. Young were placed in nomination. Thurman, Maloney and Young were nominated on the first ballot.

The convention then took a recess.

Mission Riots at Vouney, China.

LYONS, Sept. 5.--The newspaper Missions Catholiques publishes a statement to-day that at the beginning of July the mission and orphanage at Vouney, China, were attacked by natives and burned. In the riot several Christians were killed.

TO BLOW UP ROTHSCHILDS.

A Parisian Anarchist Makes a Second Attempt on the Banker's Life.

PARIS, Sept. 5.--De Rothschild's banking house in this city was the scene today of another nihilistic attempt. At 3:30 o'clock a man entered the bank from the Rue Loffite. In the vestibule a detective who was on guard, saw the stranger trying to light the fuse of a bomb which he carried, with a cigarette. The ashes of the cigarette prevented the ready ignition of the fuse, and the man, seeing that he was observed, threw the bomb upon the carpeted floor. The weapon did not explode and the man was arrested.

At the police office the man openly professed anarchistic theories, declaring that he intended the bomb as an anarchist demonstration. The recent explosion at De Rothschild's bank, and which cost Rothschild's confidential clerk an eye, the man said was only a hoax, today's attempt being expected to have a salutary effect. The man told them he made the bomb himself. He expressed regret that he had not taken enough precautions to insure an explosion.

The Czar Guarded from Nihilists.

BERLIN, Sept. 5.--The Lokal Anzeiger's correspondent at St. Petersburg confirms the statement recently published that in consequence of the activity of the Nihilists, it has been found necessary to guard the Czar's every step as completely as the movements of his father, Alexander III, were guarded by the police at the most perilous time of his reign. The Czarina, whose acouchment is expected in October, is suffering from extreme nervousness in consequence of the danger threatening the Czar.

"RALEIGH" IN THE SQUADRON.

Drills Being Held on Board the Trim White Cruiser at Fisher's Island.

BOSTON, Mass., Sept. 5.--The cruises New York, Minneapolis and Raleigh of the "White Squadron," that have been in the harbor the past five days, weighed anchor at 11 o'clock this forenoon and started for Fisher's Island, where drills will be held. The cruises will be joined at Fisher's Island by another section of four vessels, completing a squadron. The fleet under command of Admiral Bunce will have heavy gun practice and naval brigade drill on shore.

Thousands have visited the cruises while anchored in the harbor here and the officers and men of the warships have enjoyed their stay here greatly.

"GIL" CURRY FINED \$500.

The Driver of Joe Patchen Suffers for Alleged Crooked Work.

PHILADELPHIA, Pa., Sept. 5.--"Gil" Curry, who drove Joe Patchen in yesterday's match race with John R. Gentry, at Belmont Park, has been fined \$500 by the judges for alleged crooked work in the race. There is considerable doubt as to whether the fine can be collected. Curry claims that the contract with the Belmont Driving Club simply called for a speed exhibition on the part of the two horses. Instead of a \$4,000 purse McHenry and Curry were to be given a certain percentage of the gate receipts and the amount they did receive, it is said, was \$450 each.

To-night Curry, and McHenry, who drove Gentry, left for the West.

They Want M. P.'s Paid Salaries.

CARDIFF, Sept. 5.--At the session of the Trades Union Congress today, the parliamentary committee was instructed to urge upon Parliament the passage of a bill declaring for the principle of payment of salaries to members of the House of Commons. Mr. Saxton, a delegate from Liverpool, in seconding a motion for the adoption of a resolution in favor of the prohibition of the landing of pauper aliens, said that he wished to include within the scope of the resolution royal paupers who arrived without visible means of support, but who soon found them. These, Mr. Saxton said, were the men who controlled the empire while the poor British tax-payers had no rights at all.

Boiler Explodes in Chicago Postoffice.

CHICAGO, Ill., Sept. 5.--One of the boilers which run the big dynamos in the government building, exploded late last night, and for 15 minutes the post-office building was in total darkness while the employees were huddled together in the corridors, scarcely daring to breathe for fear the old structure was going to crumble and fall on them. The explosion was heard for several blocks and caused much excitement. There is but one exit that can be used at night and toward this all of the employees groped their way. No one was seriously injured.

Cotton Statistics for the Week.

LIVERPOOL, Sept. 5.--The weekly cotton statistics are as follows: Sales, total 69,000; sales American 56,000; trade takings 46,000; actual exports 9,000; import total 12,000; import American 6,000; stock total 1,186,000; stock, American 1,056,000; afloat, total 23,000; afloat, American 14,000; sales for speculation 3,800; purchases for export 4,100.

Ka-Cheng Rioters Condemned.

SHANGHAI, Sept. 5.--The inquiry into the massacre at Ku-Cheng is proceeding to the satisfaction of the American and British consuls. There have been a number of important convictions. Among those condemned are some of the ring-leaders of the riot.

BOGUS DRAFT SWINDLE

PHILADELPHIA'S POLICE UN- EARTH A GIGANTIC SCHEME TO DEFRAUD BANKS.

ROBERT RILSON, THE PROJECTOR

He Had Printed Bogus Checks on Eleven Different Banks in Louisville, Boston, Milwaukee, Indianapolis, Chicago, and on Five Banks in New York--Rilson Says He Represents a Punch Manufacturing Firm and Had the Checks Printed for the House.

PHILADELPHIA, Pa., Sept. 5.--By the arrest of Robt. Rilson, of this city, today the police think they have unearthed a gigantic system of swindling by bogus drafts printed in the names of eleven different national banks and drawn to the correspondents of those banks in Louisville, Boston, Milwaukee, Indianapolis, Chicago, and on five banks in New York city. Last week Rilson called at the printing house of Williamson & Beecher, and representing himself as the agent of a cancelling punch for the use of banking houses, negotiated for the printing of several thousand National checks, which, he said, he meant to use in advertising his patent punch. He left an order for the printing and furnished the firm with a stereotyped fac simile of a cashier's draft in which the name of the bank was mortised, and it is believed changed. In addition to the printing of the checks in black from the cut furnished, he ordered that the name of the banks, that were correspondents of the bank upon which the checks purported to be should be printed in red ink. The checks as then produced would be an imitation of the originals used by the banks, the list of which he provided the printers.

Rilson's subsequent actions, his apparent nervousness, and his haste to have the work finished, aroused the firm's suspicions, and they notified Captain of Detectives Miller of the case. This official scented an attempt at wholesale passing of fraudulent checks and at once detailed Detectives Tate and Whitcomb, who went to the printers and awaited the arrival of Rilson for the checks. They did not have long to wait before their man arrived, and he was taken into custody. He insisted that he represented a punch manufacturing firm. Questioning led him to admit that he had not been selling cancelling punches for over a year.

He stated also that he had sold a punch to the Third National Bank, but as the cashier of the bank was in Capt. Miller's room at the time the statement was made it was promptly branded as a falsehood. The police are of the opinion that Rilson and others entered upon a scheme of wholesale forgery. The prisoner's familiarity with the banking business in this city is apparent from the fact that he selected the proper foreign correspondents for the banks in this city whose names were on the face of checks.

Rilson was held in bail to answer a charge of conspiracy with unknown persons by means of bogus checks.

THE GOLD RESERVE BROKEN.

The Treasury Reports the Gold on Hand as Less Than \$100,000,000.

NEW YORK, Sept. 5.--The treasury's gold reserve as reported from Washington to-day, at \$99,127,567, shows the first break below the \$100,000,000 since June 25. Its lowest point was \$41,340,181 on February 13. It first exceeded the limit after the syndicate contract was made on June 2, when it touched \$100,830,357. The reserve reached its highest point, \$107,571,230, this year on July 10. Of course, the daily treasury statement reflects conditions which prevailed two days ago, so actually the reserve owing to the week's deposit of syndicate gold is now above the \$100,000,000 limit, to-day's figures really applying to the statement of the treasury on Tuesday.

BASEBALL YESTERDAY.

At New York: 0 1 0 0 0 0 0 0-1 3 5
Cleveland, 2 3 0 1 1 0 0 0-1 7 0

Batteries: Kennedy and Dailor; Moran,
Hart and Merritt. Attendance, 2,200.

Atrocities by the Spanish in Cuba.

NEW YORK, Sept. 5.--Cuban headquarters today received a letter from Juan Maspos Franco, chief of staff under General Gomez, alleging terrible atrocities committed by Spanish troops in the city of Baire, early in August. He says after the Cubans had captured the city and it had been retaken by the Spanish troops the latter massacred thirty-seven citizens, mostly women and children. The people were pursued into their houses, maltreated and butchered in cold blood.
