NEW ADVERTISEMENTS.

Durham Fertilizer Co.—Fertilizers for Wheat. Allison & Addison—Fertilizers. Keeley Institute—What Men Say if It. Africana.

THE WEATHER.

For North Carolina—Generally fair; southeasterly winds. For Raleigh and vicinity: Fair, continued warm.

Weather Conditions.—The pressure is nearly uniform over the entire country and no distinct "low" or storm area exists. The barometer is highest in the extreme northwest and on the middle and north Atlantic coast.

CITY IN BRIEF.

It is announced that Mr. Robt. White and Mrs. Nellie Carver will be married August 11th.

The Railroad Commission yesterday ordered that a new depot be at once built at Mebane. The citizens of that place petitioned for one some months ago.

About twenty-five of Raleigh's business men will to-day have a barbecue and picnic at Tucker's pond. It is a jolly good crowd—fine fellows every one of them—and they'll have a jolly good time.

Raleigh is represented at the Fireman's Tournament in Fayetteville by Messrs. J. N. McRary, Alf. Thompson, Jr., Stanley Faison, W. S. Moyer and T. P. Lumsden. They went down yesterday.

The Boy's Brigade of the Tabernacle Sunday school will go down in a body, uniformed, to Red Springs to attend the Sunday School Chataqua there. They will carry tents and camp in regular soldier fashion.

The expenses of the last term of court here were heavier than they have been in many years—\$1,660.70. It had been a long while since two whole weeks were consumed in a court for the trial of criminal cases here.

A large delegation of firemen from Durham passed here yesterday on their way to Fayetteville to attend the tournament. Those from Greensboro and Winston went down the Cape Fear and Yadkin Valley road.

Tom Dunn, who killed Will Kelly, will be given a preliminary hearing before Justice of the Peace Roberts this afternoon, at 3 o'clock. Joseph Terry, who is charged with perjury will have a hearing Saturday at 11 a. m.

ANOTHER FORGER CAUGHT.

An Ex-Convict From the North Carolina Penitentiary in Trouble.

A graduate of the penitentiary here is keeping up his reputation in Norfolk, and the sorrow and at the expense of some of the business men there. His name is E. M. Delaney. He served a term in the State prison here for forgery and now he is in jail in Norfolk for a similar offence.

Saturday afternoon Delaney went into Messrs. Walke & Williams' store and representing himself to be C. E. Blades, of the Blades Lumber Company, of Elizabeth City, N. C., ordered five barrels of lubricating oil. He wished three barrels shipped to Elizabeth City, N. C., and two to Newbern, N. C. The order was booked and the oil sent out. Later the same day Delaney returned to the store and wished the firm to grant him a favor.

He had two checks, one for \$10 and another for \$13, signed by C. E. Blades, and drawn on the First National Bank of Elizabeth City. He requested the firm to cash these checks. Thinking the paper was straight, the money was handed Delaney and he left the store. Nothing more was heard of Delaney, or Blades, by his dupes until Monday morning.

The swindler evidently thought he had a "good thing" in Messrs. Walke & Williams. He returned to the store Monday afternoon with another check, which, unlike the others, was not cashed. The firm had suspected that something was wrong, and upon investigation had found out that they had been swindled. They reported the case to police headquarters and Detective Arrington was sent out to find the check blasher. The report was made at 6 o'clock, and in about an hour afterwards the detective arrested his man in Commercial Place.

Shortly after his arrest, Delaney made a full confession of his misdeeds, attributing his downfall all to whiskey. He was under the influence of liquor when arrested.

Delaney is no stranger in Norfolk. Some time ago he operated quite successfully in Norfolk, in his peculiar line of business—check forging. Among those who are said to have been his victims at that time are Messrs. E. V. White & Co., R. W. Woodley & Co., and the Standard Oil Company.

It is also stated that Delaney is wanted in Washington, D. C., and Baltimore for the same offense.

A day or two ago he attempted to swindle W. H. Terry & Co., wholesale druggists, in the same manner in which he duped Walke & Williams. The goods he ordered of Terry & Co. were not shipped, however, and the payment of a check tendered by him was also refused.

Delaney is a young man, apparently about 35 years of age, neatly dressed and claims Maryland as his home. He served out his term in the penitentiary here.

A. AND M. COLLEGE HOSPITAL. The site was yesterday selected for the \$5,000 hospital to be erected at the A. and M. College. It will be on the open space just south of the main building. The plans for it will be ready next week, and bids will be asked for at once.

The executive committee this morning advertised for bids for putting in the heating apparatus in the dormitories. For this purpose \$3,800 is available.

Providence, R. I., Aug. 3.—Notice was posted in the Hope and Phoenix Mills in the Pawtucket valley, that the mills would be shut down during the coming week.

STATE NEWS.

Mr. John A. March, proprietor of the March House in Lexington, is dead. He was very popular.

The receipts of cotton at Wilmington since September 1st have been 234,490 bales against 171,102 bales the corresponding eleven months last year, says the Messenger.

The Charlotte cotton mills began work Monday on a schedule of 66 hours per week. The operators will in future charge house rent at the rate of 25 cents a week for each room.

The colored firemen's State association known as the North Carolina State Volunteer Firemen's Association, will hold its annual convention and tournament at Winston three days, beginning August 10th.

The Concord Standard says the contract has been let for the brick work in the construction of the Coleman cotton mill, to be built and operated by negroes in Concord. It is expected that the factory, with 3,000 spindles and 100 looms, will be running before frost.

We congratulate Mr. C. W. Bidgood upon his promotion from the special attorneyship of the Atlantic Coast Line, resident at Fayetteville, to that of Attorney residing at Wilmington, succeeding Mr. Geo. P. Elliott; and Mr. W. H. Pope upon his appointment to succeed Mr. Bidgood in the place here.—Fayetteville Observer.

We had prepared an article regarding the status of the stock law troubles at Southern Pines, but were informed that the differences had been amicably settled, hence we deem it wise to let the matter rest. However, we will say that our people regret that there was any trouble—especially defiance of law on the part of our native citizens, and we hope to hear of no further trouble.—Charlotte Gazette.

We were very glad to see Brother Forest Smith, of Tennessee, the new pastor at Louisburg, in Raleigh last week, on the way to his field. He has come to a good State, a country that is looking up; to an Association that is not excelled on earth; to the pastorate of a goodly church, in which there is every opportunity for going forward. He is well educated, and has had good experience for a young man. We welcome him to the North Carolina brotherhood.—Biblical Recorder.

Collector Harkins has evidently not heard the new civil service regulations. He has made the following appointments: A. C. Patterson, general deputy collector to succeed H. A. McEroy; Mrs. H. S. Fanning, type writer and stenographer; State Senator Shore, of Yadkin, deputy for the ninth division; E. O. Maston, of Wilkes, deputy for the Wilkes district; Jno. F. Reynolds, stamp deputy at Winston; F. J. Axley, stamp deputy at Statesville; J. B. Spargers, stamp deputy at Mt. Airy.

What Men Who Have Tried It

—SAY OF—

The Keeley Treatment

AT GREENSBORO, N. C.

Mr. Theo. Edwards, a lawyer as well as a splendid planter, of Bull Head, Green county, N. C., writes W. H. Osborne, May 17, 1897, as follows:

"Another year has passed making four since I left the Institute cured of my thirst for intoxicating liquors, and as I have annually written you or Dorsey Battle since that time, assuring you of my faith in the permanency of the cure, I now assure you once more that time only adds faith in all good things it has done for me, and others who have taken the Treatment with a desire to reform their lives. I am glad to be able to report all the boys in Greene who have taken the Treatment to be still on the right road, and are strong in their praises for what has been done for them. I was truly glad to know that you had at the Institute a goodly number of patients. As long as there are any drunkards, I do hope you will continue full up. Every day I live I thank God anew for sparing me long enough to take the Treatment, thereby saving my life, and my soul from damnation."

WISDOM

The wise man or woman takes time by the forelock. We cannot believe that Solomon would have suffered year after year with RHEUMATISM or any other disease, when a reliable constitutional cure is procurable.

Rheumacide

Is curing 98 per cent. of the patients. Don't delay. A permanent cure can be made when the first attacks appear. Later on when the blood becomes poisoned, the chances are against a cure.

Rheumacide
