A HAND TO HAND FIGHT.

Manila, Feb. 10.-7:40 P. M.-The American forces at 3:40 this afternoon, made a combined attack upon Caloocan and reduced it in short order.

Spanish warshing At a signal from the tower of the De La Lome church, the United States double turreted monitor Monadnock opened fire from the bay with the big guns of her fore turret on the earthworks, with great effect.

Soon afterward the Utah battery bom barded the place from the land side. The rebels reserved their fire until the bombardment ceased, when they fired volleys of musketry as the Montana regiment advanced on the jungle.

The Kansas regiment, on the extreme left, with the Third artillery de ploying to the right, charged across the open and carried the earthworks, cheering under a heavy fire. Supported by the artillery at the church, the troops further advanced, driving the enemy, fighting every foot, right into the town line, and pentrated to the Presidencia, and lowered the Filipino flag at 5:30
