Preparing to Advance SHELLING OF THE NATIVES AT CALOOCAN.

Caught Throwing Up Works to Enfilade an American Position—Firing at San Pedro Macati.

Manila, March 11.—3.15 p. m.—Extensive preparations are being made for a general advance of the American forces.

At daylight the rebels were caught working on enfilading a trench at Caloocan and were shelled by a battery.

Desultory firing also took place at San Pedro Macati.

The United States cruiser Charleston has relieved the armed transport Buffalo, off Paranaque.

The last batch of Spanish soldiers, numbering 885 men, excepting a few who are in the hospitals, were embarked on board the transport Buenos Ayres today.

MANILA UNSAFE FOR THEM.

Officers' Families Will not be Permitted to Go There.

Washington, March 11.—The War Department today issued the following: "Adjutant General's Office.

Washington, D. C., March 11, '99. "Commanding General, Department of the East, Governor's Island, New York:

"The following cablegram received from General Otis:

"Manila not safe places for officers' families. Great difficulty experienced caring for those now here and their safety one of the chief causes of anxiety. Officers' families should remain in the United States.

(Signed) "OTIS."

"Under such conditions the Secretary of War regrets that no more families of officers or enlisted men will be permitted to accompany troops. Families of officers and all non-commissioned officers for which quarters are legally provided will be permitted to remain at their quarters at the posts from which troops depart according to the provisions of memorandum circular dated Adjutant General's Office, January 19th, 1899.

"By command Major General Miles. (Signed) "H. C. CORBIN, "Adjutant General."

A copy of this order has been sent to all generals commanding departments of the army.

WOULD PUT ASIDE HONORS.

Admiral Higginson and Lieut. Ward's Modest and Generous Requests.

Washington, March 11.—Two things, in the opinion of Secretary Long, so creditable to the naval service have occurred recently that they deserve to be made public. One is the request of Admiral Higginson, which is contained in the following letter:

"Washington, D. C., March 10, 1899. "Sir: I respectfully request to be allowed to resume my former number on the naval list after Rear Admiral Kempff. While deeply grateful to the President and yourself for my nomination for work done off Santiago, I do not regard my own services as so conspicuous as to warrant my advancement while the other commanding officers nominated at the same time as myself go unrewarded. They were a gallant band of naval officers and certainly deserved well of their country, and if their services are to go unrecognized, I desire to share the same fate.

"Very respectfully, (Signed) FRANCIS J. HIGGINSON, "Rear Admiral U. S. N."

"To Hon. J. D. Long, Secretary of the Navy."

Admiral Higginson's name was on the long list sent in by the President for advancement for gallant service off Santiago. Probably by inadvertence Admiral Higginson's name was confirmed apart from the rest, which the Senate adjourned without confirming.

Secretary Long has addressed the following: "Admiral: Will you let me express my high appreciation of your very handsome and considerate conduct in asking to resume your former number on the navy list, rather than to accept the advancement which places you above other officers who for their gallant services in the recent war, deserved recognition, but failed to receive it owing to the failure of the Senate to act upon their recommendations sent in by the President. The spirit which you manifest is so admirable that I hasten to write you this letter."

The other is the case of Lieutenant Aaron Ward, who was recommended by the board of promotions for advancement. On learning of this, he wrote to the Department declining advancement, inasmuch as it gave him precedence over his class-mates, Lieutenant Staunton, stating that he did not feel that the actions in which his vessel were engaged were of so great value as to justify him in availing himself of the opportunity.

"It is impossible," said he, "for me

willingly to accept the promotion which might deprive such an officer of a commission in the highest grade."

The recommendation made by the board of promotions in the case of Lieutenant Ward was not sent in to the Senate; all the promotions recommended by that board having been held back to wait the result of those which had been pending since the opening of the session and which the Senate adjourned without confirming.

GENERAL LEE NO CANDIDATE. Does Not Want His Name Used in Connection With Senatorship.

Richmond, Va., March 11.—The following letter from General Fitzhugh Lee averted the question of his candidacy for the United States Senate, was given out for publication today:

"Headquarters Seventh Army Corps. "Camp Columbia, Near Havana, Cuba, February 22, 1899. "Col. B. O. James, Attorney at Law, Richmond, Va.

"My Dear Colonel: I have received both your letters. My duties as commander of a large body of troops have occupied so much of my time that I have not been able to give to the subject you mention the careful consideration it deserves. Many letters from numerous friends in Virginia are being constantly received by me in which they urge my prompt return to the State in order to arrange to make a canvass of the whole State, so that the people may be informed, so far as I can enlighten them on the political issues involved in the selection of the next Senator to represent the State in the United States Senate.

"These letters have placed me under some embarrassment, because I have not been able to say when I can leave the present important work I am engaged in, and, because, too, I cannot say how long my stay will be prolonged on this island.

"In view of these uncertain conditions I think it best to relieve my friends and the Senatorial situation by authorizing you to say that it is my desire that my name shall not be considered in connection with the United States Senatorship.

"I am quite sure my friends generally will support for the seat now occupied by Mr. Martin any candidate who can secure the greatest support from the people or their representatives. In conclusion, I express the hope that the people of Virginia will be given in the near future the opportunity for the selection of a Senator to represent their interests in the Senate of the United States and that no man shall occupy that high position unless he can read his title clear.

"Yours very truly, (Signed) FITZHUGH LEE."

KILLED ON THE TRACK. YOUNG WHITE MAN STRUCK BY SOUTHERN TRAIN THIS MORNING.

His Identity Unknown - He is Evidently a Lumbee Man and Lives at or Near Cary.

The Southern train bound for Norfolk which arrived here this morning at 2:40 killed an unknown white man just this side of the John Mills railroad switch. He was struck by the cow-catcher of the locomotive and thrown several feet from the track. His neck was broken and his chest crushed in.

The engineer says that he was sitting on the cross-ties and he thinks the man must have been asleep.

He was a young man and appears to be about 25 years of age. He has a very good looking face and has a mustache. His clothes were good and he has on a brown colored woolen shirt.

There was nothing on his person to reveal his identity. Some memorandum books were in his pocket relating to lumber accounts and it is thought that he must live at Cary or in that vicinity. His hands indicate those of a man who handles lumber. The skin is very white and soft. There are no indications to show that he is a tramp. He was not drunk and there was no evidence of whiskey. The body is in charge of the railway officials.

A RUNAWAY HORSE.

The horse of Messrs. G. W. Marsh and sons, attached to a delivery wagon created a great deal of excitement yesterday on Fayetteville street. He made a dash as if to run into the store of Julius Lewis Hardware Company, but was prevented from doing so by the delivery wagon of the company, which stood in front of the store. He ran on the sidewalk.

The wagon ran against a telegraph pole and was smashed and broken in pieces. The horse continued his flight by the side walk, making people scatter in all directions. He was caught on a neighboring street and he was uninjured.

The idea is to form a link across North Carolina that will give a system in competition with the Southern road, the Seaboard Air Line and the Atlantic Coast Line. Mr. Newgass, the owner of the Atlantic and Danville, is credited with being the prime mover in the new road, and is said to be heavily backed by English capital.

ITALY GIVES CHINA FOUR DAYS. To Answer the Despatch Asking for a Concession.

Pekin, March 11.—The Italian Minister here, Signor Martin, addressed a note to the Foreign Office, yesterday evening, making a request to take back the Italian despatch asking for a concession and notifying the Foreign Office to accept it as a demand, adding that he was willing to enter into friendly negotiations as to the details, but insisting upon an answer within four days. This note was couched in courteous terms, but the Chinese regard it in the nature of an ultimatum, to which they will probably yield.

BAILEY ON IMPERIALISM

SPEAKS IN BUFFALO AS GUEST OF THE INDEPENDENT CLUB.

Why Should we Aggravate the Race Question The Party Against Empire that of the People.

Buffalo, N. Y., March 11.—Representative Joseph W. Bailey, of Texas, was the guest of the Independent Club at their March dinner tonight. About three hundred members of the club and invited guests assembled in the banquet room of the Elliott Club to welcome the distinguished Congressman.

Mr. Bailey was heartily applauded, and it was some minutes before he could speak. His theme was "Imperialism."

He repeated his well known views on the subject and incidentally referred to the tariff, free silver and other questions of public interest.

The Filipinos, he declared, could maintain as good a government as some of the South American States. If, as Admiral Devey has declared, the Filipinos were capable of governing themselves as the Cubans, why not let them govern themselves?

He would say to them assemble peacefully, form your government and we will recognize you. There should be no taxation, however, without representation. "Our friends, the enemy," he continued, "had had some difficulty in keeping the peace in the Southern States and I have had some difficulty in assisting them. Why shall we aggravate the race question further. The Southern negro is a prince compared with the Filipino."

He then referred to the recent Presidential campaign and the epithets applied to each party, and said it is light we want now, not heat. Referring to the increase of the army, he said every negro in this country had participated had been won by volunteers, and yet the powers that be would destroy this patriotic feeling by employing hired soldiers to fight its battles. Referring to the future title of President, he said it would probably be the "President of the United States and Emperor of the Philippine Islands."

In conclusion he said he would pledge his life to his independence, which he valued more—that the party that stands for the Union against empire will command the suffrage of the American people.

Mr. Bailey's remarks were frequently interrupted by applause.

Letters were read from Whiteleaf Reid and Senator-elect Beveridge, of Indiana, regretting their inability to accept invitations to address the club.

The Register of Deeds yesterday issued a marriage license to Mr. Ambrose Hobbs, aged 50, of Holly Springs, and Miss Francis Corina Horton, aged 25, of the same place.

Mr. C. C. Winston, of Youngsville, arrived in the city yesterday.

Impeachment of Gomez

REMOVED FROM COMMAND OF THE ARMY.

Passionately Charged by Assembly With Failure in His Duties and Disobedience to Supreme Authority.

Havana, March 11.—The Cuban Military Assembly, in public session, this afternoon, impeached General Maximo Gomez and removed him from his command as general-in-chief of the Cuban army, the first ballot taken resulting in twenty-six votes being cast in support of the motion to impeach and remove General Gomez against four in opposition. The meeting lasted from two o'clock until seven.

General Gomez's only supporters were General Cespedes and General Nunez. The original motion, which was introduced by Senator Manuel Sanguilly, provided for the abolition of the grade of general-in-chief, but an amendment was offered to this by Senator Aguerro which read "to abolish the grade of general-in-chief, and to remove General Gomez for failure in his military duties and disobedience to the assembly."

Senator Aguerro declared that Gomez was insubordinate and should be punished, because he had taken upon himself the arrangements for the payment and disarming of the Cuban troops independent of the assembly and because he had declared to the assembly that he would observe its rulings in so far as he considered them beneficial to Cuba.

The assembly again declared that the \$3,000,000 was insufficient and that it has not yet accepted the proposition. The discussion of this question will soon be taken up, now that General Gomez has been removed.

Senator Gonzales de Quesada, who accompanied Mr. Porter in Cuba, was attacked by Senator Gualberto Gomez, Sanguilly and Aguerro, who declared that he had acted in bad faith and had deceived them. Senator Aguerro likened the present conditions confronting the assembly to those that confronted the French Chamber when it was proposed to impeach President MacMahon.

Colonel Moran, and General Nunez declared that the present step was useless and would make the assembly ridiculous in the eyes of the world. Among the principal speakers were Senators Sanguilly, and Rade, Aguerro, Gualberto Gomez, Cespedes, Nunez, Villalon and Lastra.

Tomorrow General Gomez will be officially notified of the assembly's action. General Gomez is believed to be stronger than the assembly in the affection of the Cuban army. Many privates are anxious to leave the army and go to work, especially when they are able to obtain money to start them in life anew.

The position of the assembly is notably weak as the military administration supports General Gomez as do also the planters and property owning element, who are tired of the Cuban army, which subsists half upon charity and half upon contributions levied by means of threats.

THE ASSEMBLY CENSURED.

General Gomez Says He Enjoys the Situation.

Havana, March 11.—General Gomez received at Molinas this evening a telephone message announcing to him the assembly's decision. He answered calmly, "All right; I enjoy the situation."

He then came to Havana to keep a dinner engagement with his daughter at the house of a friend. The termination of the session of the assembly Senator Lastra strongly criticised some of President Andrade's rulings and was sharply called to order by President Andrade, who immediately declared the meeting over. A violent discussion ensued between Senator Lastra and the President.

Senator Santa Maria, formerly President of the Cuban Republic, was the second man signing the Sanguilly motion for impeachment as amended by Senator Aguerro.

The news of the action of the assembly is all over Havana, and the cafes around the plaza are filled with excited men discussing the subject. The general expression is one of strong censure of the assembly. The next meeting of that body will be held on Monday.

The surrendered arms of the Cuban troops will, in accordance with an agreement between Governor General Brooke and General Gomez, be stored at Havana and Santiago, in the general custody of the United States, but under the immediate charge of Cubans in the employ of the military government. Every Cuban soldier must give up his arms,

TO RECEIVE HIS REMAINS.

Arrangements Being Made to Receive The Remains of Lieut. Shipp.

The last issue of the Lincoln Journal contained the following item that will be read with interest all over the State: "A meeting of the citizens of Lincoln and Lincoln county will be held in the court house here on Wednesday, March 29th, which will be presided over by Judge W. A. Hoke.

"The object of the meeting is to arrange for the reception here of the remains of Lieutenant William E. Shipp, U. S. army, with the history of whose heroic death at Santiago all our people are familiar.

"As stated by the Journal, Lieut. Shipp's remains will be laid beside those of his mother in St. Luke's churchyard at this place. The meeting on the 29th is to arrange the details of the reception and interment.

"It is not known just when the remains will arrive. The transport Romania, which was dispatched to Cuba and Porto Rico to bring home the dead arrived at Santiago March 2nd, with the bodies of those who fell in Porto Rico. The dispatches state that she is now taking on the bodies of the dead at Santiago, which will require her remaining there three weeks, or until about the 25th. From Santiago, the Romania will go to Guantanamo for the dead at that place. So, that it is not probable that Lieut. Shipp's body will reach here before some time in April—somewhere between the 1st and 15th of the month. The War Department will, doubtless, announce very soon the date upon which the Romania will arrive at N. W. York."
