

# MILWAUKEE WILD OVER ROOSEVELT.

### "For President in 1904," on Its Banners.

## HIS SPEECH TO CHAMBER

#### THE FUTURE OF THE NATION LIES WITH THE WEST.

### DANGERS OF THE CORRUPT POLITICIAN

#### The Brave Man if a Fool is not Worth Knocking on the Head, Said the Governor.

##### A Most Enthusiastic Reception.

Milwaukee, Wis., June 28.—"He won with our boys in blue, and he will be our President, too." Thus ran one of the banner inscriptions displayed today in Milwaukee's flower parade, of which Governor Roosevelt was the center of attraction. But this, apparently, did not interest the Governor half as much as did that other, displayed everywhere and on every lip:

"Our Teddy."  
The Governor's part in the flower parade was to lead it in the unadorned carriage of Captain Fred Pabst, accompanied by President Hackett, Governor Scofield and Lieutenant Ferguson. He was driven to where the parade was formed, and preceded by a mounted escort and a band, started on a carriage journey through the ranks of 250,000 spectators drawn up on both sides of Grand and Prospect avenues.

In the hats of hundreds of men were little white cards on which were printed: "Teddy 1904."  
Time and time again the shout went up from street corners and crowded office windows: "Roosevelt for President."  
A bumpkin individual, standing on the curb, called to him: "Where's Platt?" Most promptly the Governor replied: "I'm here."

The cheering at every part of the line was tremendous and of this the Governor said:  
"They don't know me as they do in New York, hence I am popular."  
Governor Roosevelt was escorted to the Milwaukee Chamber of Commerce today just before the hour of closing and given a most enthusiastic reception. In addressing the bulls and bears, the Governor said:

"At the end of the nineteenth century, as this country moves along on the road to greatness, she has many serious problems to face, and when she needs men to carry out her purposes she can call upon men of the best thought and wisdom, just such men as I am now addressing. You, of the great West hold in your hands the future of this nation. It rests with you and you will, I know, show yourselves equal to the task. We always have with us our home problems, and we should aim always to get into public life men of courage, of common sense and of honesty. No amount of genius or brilliancy can atone for a lack of the element of fearlessness, of decency and horse sense, and no one or two of these will avail unless the man has all three. The ablest man alive, if corrupt, is a danger to the country or community, to just the extent of his brilliancy and ability, and you, gentlemen, are in honor bound to allow him to feel the weight of your disapproval."  
"I don't care how brave a man is, if he is a natural born fool he is not worth knocking in the head."  
"If a man is lacking common honesty, he is not fit for public life, no matter how brilliant he may be."  
"We have certain important foreign problems which confront us. The United States has evidently as great a destiny on the Pacific as on the Atlantic ocean, and, whether we live on the former or the latter, we must be equally interested in the welfare of the nation upon every foreign question, we should all see that the nation rises on the Pacific as on the Atlantic and we have a right to demand of all good citizens to stand by the President, as he upholds the honor and the glory, and the greatness of the flag, no matter what the individual ideas may be regarding the Philippine question. We cannot fool with any one who bears arms against our rights and our destiny; the people of the world must be made to realize that we fear none and that we must be obeyed whenever we are contending for our rights. We must treat those who are against us as they deserve, and when we have proven to them the right and justness of our cause, then we must treat them with humanity and liberality, and because of their weakness we should be more than ordinarily generous and just with them. And we want to make it understood that while we fear no nation and shirk no duty, we desire above all things peace, and we feel that there are things peace, and we feel that there are things together. These are America, England and Germany. These should work hand in hand for the solution of the questions that now confront us in the Pacific. Gentlemen, I thank you."

Milwaukee ended the Governor's swing around the circle. During this journey he ignored the politicians and cultivated the people.  
"I return to New York," he said, "more conscious than ever of what the heart of the American people is."

### INDULGED IN A FREE FIGHT.

The Belgian Chamber Cleared by the Soldiers.

Brussels, June 28.—A disturbance occurred in the Chamber of Deputies today when the order of the day of the Right was adopted, expressing confidence in the President of the House against the vote of the Socialists. The announcement of the vote was the signal for a general uproar, all the deputies rushing to the center of the floor, where a free fight took place.

M. Guchenaere, Catholic Labor member from Ghent, was badly beaten by Socialists. A guard of soldiers on duty finally cleared the galleries and the session later was suspended. The Minister of War, M. J. H. P. Van Den Peereboom, was the object of great abuse by the Socialists, who blamed him for originating the uproar.

### RIOTING IN THE STREETS.

Brussels, June 29, 1 a. m.—At a late hour the demonstrators assembled in the neighborhood of the parliament house, the government offices and the palace, all of which were protected by the police. The efforts of the latter and of the civic guard to disperse the people were fruitless. Finally a body of mounted gendarmes repeatedly charged the crowd, greatly incensing the demonstrators who hurled stones and other missiles at the gendarmes, who thereupon discharged their revolvers. This failed to scatter the crowd, and the gendarmes finally charged with fixed bayonets and drawn swords. Two gendarmes and several rioters were wounded.

### HOW THEY PERISHED.

Details of the Drowning of Five Soldiers.

Victoria, B. C., June 28.—Details of the drowning of five men of Company G, Twelfth Infantry, United States army, in the Pasig river, June 3rd, were brought from the Orient by the steamer Empress of China.

A number of soldiers, under the direction of an officer, were crossing the river on a small raft made of bamboos, lashed over small boats. The men were crossing in regular squads, but at the time of the accident the raft was overloaded and rapidly filled until it sank about ten feet from the bank. The water was full of struggling men, fighting against the swift current and heavy equipments, and before they could be rescued five had gone down for the last time.

Four bodies have been recovered, as follows:  
Corporal E. Herman, Jasper L. Whims, Nels Anderson, Joseph Numville.  
They were buried in the new national cemetery adjoining the old Spanish cemetery. Since February 3, 256 soldiers in all have been buried there. Within each coffin is placed a corked bottle containing details and cause of death.

### COLLIS BRANCHES OUT.

Donates 1,300 Acres of Land for a Colored Reformatory in Virginia.

New York, June 28.—Collis P. Huntington has bought a tract of land of 1,350 acres in Hanover county, Va., where, at his expense, a well equipped building, with the latest modern improvements, is to be erected for the reformatory of juvenile offenders of the negro race.  
The purchase was made on the recommendation and through the agency of Doctor H. B. Friess, principal of the Hampton Institute. Mr. Huntington retains the title to the land, and will make it over to the trustees of the institution after he is satisfied that it is being conducted on correct methods. There are now 3,000 colored boys and girls confined in the prisons of Virginia and compelled to associate with the vilest and most degraded adults.

Governor J. Hoge Tyler has promised that he will transfer the young prisoners to the reformatory as soon as it is built.

Thomas Rhoads, Centerfield, O., writes: "I suffered from piles seven or eight years. No remedy gave me relief until DeWitt's Witch Hazel Salve, less than a box of which permanently cured me." Soothing, healing, perfectly harmless. Beware of counterfeits. Bobbitt-Wynne Drug Co., W. H. King & Co., Adams & Moyer, Wm. Simpson.

A woman who weeps is not a pleasing object, but it must be consoling to some husbands to know that women who are addicted to the tear-shedding habit never throw flatirons.

### THE COLUMBIA A CLIPPER.

Defeated the Old Defender Ten Minutes in Thirty-eight-Mile Race.

New London, June 28.—In a thirty-eight mile heat to windward today the new yacht Columbia beat the old champion Defender, eight minutes, beside giving the old champion a two-minute handicap. Yachtsmen from New York and hereabout are jubilant for the yacht's sterling qualities must come out in a race to windward.

The race was from Breton's Reef Lightship, off Newport, to New London, a good thirty-eight miles. The Defender was given a two-minute start. Thirty-two miles of the long stretch of water was a heat to the windward with such stiff breeze blowing that neither yacht cared to carry a working topsail, and it was in this kind of work that Columbia gained such a long lead, averaging more than quarter of a minute to the mile faster than the Defender. The water was very rough, but the boat rode easily and did not buffet the waves as much as the Defender.

After the race, the managing owner of the Columbia, W. Butler Dinean, rovel over to the Columbia and congratulated Mr. Iselin on the splendid showing the new boat had made in today's racing.

Mr. Iselin and everybody aboard the Columbia were delighted at the racer's speed. To an Associated Press representative, Mr. Iselin said he had nothing to say other than that he was more than ever satisfied with his boat.

## CUBAN CARLISTS ACTIVE.

Their Organ Asserts That Spain is on the Verge of Revolution.

Havana, June 28.—The Regeneracion Espanola, the Carlist organ, sneers at the Madrid telegrams published in the local papers here. It says: "The Spanish censor is doing his best to deceive the world regarding the true situation in Spain. The pretended riots are merely ripples before the genuine revolt in favor of Don Carlos."

Rumors that the Carlists have taken the field are rife in Havana and are earnestly considered in the clubs and cafes. The stock exchange is affected seriously and Spanish futures fluctuated with no buying. Contract purchases for future delivery of wines, oil, olives, beans and corned goods were offered but no sales were reported.  
There is a general feeling of uneasiness among holders of Spanish values.

### A HORROR RECALLED.

Damages for a Life Lost on the French Liner La Bourgoine.

Paris, June 28.—The action for damages brought by Madame Rosal, as a result of the loss of her husband by the sinking of the French line steamer La Bourgoine, in collision with the British ship Cromartyshire, July 4, 1898, off Sable Island, Nova Scotia, has resulted in a verdict against the company of 100,000 francs.

The court found the company responsible for the acts of the captain, who was declared to be at fault in not bringing his ship to a standstill after the collision, in losing time in launching the boats and in not furnishing the passengers with life boats.
