They Appeared Before the City Council and Succeeded in Having the New'y Formed Ordinance Killed. Police are Now Helpless.

Atlanta, Ga., July 17 .- The tempest which has raged in religious circles the past week over an attempt to regulate street preaching was stilled tonight by the city council refusing to pass an ordinance restricting the spread of the gospel to those who secured permits from the mayor. Marietta street, one of the theroughfares of the city, is nightly the rendezvous of preachers explaining their creeds, and on Saturdays and Sundays REFUSES TO ADDRESS THE DEM CRATIC the pastors of several churches here have addressed the people from gospel wagors The police committee several days ago decided that street preaching is a muis-

COMPLAINT AGAINST BREWER.

Sequel to Sensational Hearing of the Case of Senator Gallinger.

Washington, July 17 .- As a sequel to the sensational scenes which accompan-ied the hearing before Civil Service Commissioner Brewer last week in New Hampshire, when Senator Gallinger of that State was charged with having violated the Civil Service law in soliciting campaign subscriptions from Federal officeholders, Senator Chandler, it is understood, has lodged a formal complaint with the President against Mr. Brewer. All information as to how far the complaint goes, whether it asks for his removal or not, is refused at the White House. In fact, it is not even admitted there that Senator Chandler has addressed a communication to the President on the subject.

During the progress of the hearing in New Hampshire, Senator Chandier openly denounced Mr. Brewer's course, and was quoted as having said that he would demand his removal.

GEORGIA CROPS SUFFER.

Cotton Burning in the Field and Corn Much Affected.

Atlanta, Ga., July 17 .- Many reports received at the Department of Agriculture show that throughout the State corn and cotton is suffering because there has been no rains. State Entomologist

"In the eastern middle portions of the State, cotton is burning in the fields, and the corn is suffering from the drought. A good rain would practically save the crop, yet there will be great loss to the farmers. The sun has practically sealed the fate of the cotton crop in the State for the intensity of the heat has brought the plants to maturity long before the full growth was attained. Cotton has attained what has been call ed the stunted growth and further growth is impossible now even though the best seasons were to prevail."

MEETING AT THE AUDITORIUM.

Declares it Absurd to Welcome Those Distinguished Men Under Auspices of a Self-Constituted Committee.

Chicago, Ills., July 17.-Mayor Carter Harrison today sent the following letter to the committee in charge of arrangements for the Democratic meeting at the auditorium, July 20:

W. F. Cooling, Esq., Chairman Committee of Arrangements.

Dear Sir.: Replying to your favor of the 14th inst., in which you ask me to hand. He is in a critical condition. deliver an address of welcome at the auditorium July 20, to the National Democratic Committee and "a large number of other prominent Democrats of America," I regret my inability to accept. In ordinary circumstances I should be only too glad, both as mayor of Chicago and as a Democrat to welcome the National Committee or any number of prominent Democrats to Chicago, the city in which the platform of 1896 was framed, and in which W. J. Bryan was elevated to his present leadership of the national Democracy. cannot but think, however, it would be an absurdity to welcome those distinguished men under the auspices of a self-constituted committee whose per-sonnel is too obscure to be known even in its home city. Had this meeting been organized under the direction of Democrats of regular type and known party standing, it would have afforded me great pleasure to be present. In the existing circumstances, while thanking you for the honor. I must beg leave to be

CARTER H. HARRISON. When a copy of Mayor Harrison's letter was shown ex-Governor Altgeld, the latter said:

"I am sorry the mayor looks at it that way. He has made a grave mistake. He has lost a golden opportunity. Should he come to the meeting and make a rousing Democratic speech, he would place himself at the head of the Democratic party of the State. But he has lost the chance now. I'm sorry

When Mr. Cooling read the mayor's letter he made the following statement: "We have given the young man in the city hall the opportunity of his life, which he has failed to appreciate.

"There is a tide in the affairs of men which taken at the flood leads on to fortune-the son of Carter Harrison has ceased to be a Democratic possibility."

Democrats Denounce the Methods by Which Goebel was Nominated.

Lexington, Ky., July 17.—A special to the Herald from Mount Sterling, Ky.,

"A meeting of between four and five hundred Democrats today unanimously adopted resolutions denouncing the methods by which Wm. Goebel nominated at Louisville, and the Goebel election law. The resolutions call for a meeting at Lexington August 20, to consist of from one to three representatives from every county in the State, to call a State Democratic convention. THE TWO WERE RIVALS

HOUGH CHOKED HIS FOE INTO UNCONSCIOUSNESS.

With a Razor.

Chester, Conn., July 17 .- Harry Chadwick, twenty-four years of age, of New Britain, was murdered last night by Joseph Hough, thirty years of age, who then attempted to kill himself by cutting his throat. Chadwick's body has not been found, and the details of the tragedy are not fully known. Chadwick came here Saturday night to visit Miss Mary Smith, to whom he was paying attention. Hough, who boarded with the Smith family, was also enamored of the young woman.

Late this afternoon it was stated that Hough had admitted to Alden Smith, a brother of the girl, that he killed Chadwick and hrew his body into the river. He is said to have stated that he sought to scare Chadwick, and that an altercation resulted, during which Chadwick drew a razor and cut him on the side of the face. He then choked Chadwick until he was supposed to be unconscious, but later found he was dead. He then dragged the young man's body to the river, where he threw it in. Riding home, he took his own razor from a drawer intending to commit suicide. when he felt himself growing faint and called for help. When the family enter-

It is believed that Hough left house before Chadwick and waited for him at the top of a hill up which Chadwick would be obliged to walk. It is thought that an altercation took place during which the younger man was killed and his body was then dragged to the river, where from a boat it was thrown overboard. The river is now be-

ing dragged for the body.

Hough, who was better tonight, has made a full confession to the coroner.
