

RIOTING AGAIN IN CLEVELAND

Dynamite Exploded Under a Euclid Ave. Car.

POLICE STONED BY A MOB

THEY ARE DISPERSED, BUT THE END IS NOT YET.

GENERAL TIE UP IN NEW YORK PROMISED

But it Did not Materialize, Only One Trolley Line in New York Affected. The Rapid Transit are Running Cars on Good Time.

Cleveland, Ohio, July 20.—Rioting was resumed in the street railway strike this evening, serious outbreaks having occurred in several places. About 9 o'clock a dynamite cartridge was exploded under the wheels of a Euclid Avenue car at the corner of Erie and Prospect streets. The wheels of the car were destroyed by the explosion, which was heard for a distance of two miles, and one woman, a passenger, fainted, but nobody was injured. There was no crowd in the vicinity, nor was any body seen to place the cartridge. Earlier in the evening a mob attacked a cross town car on Wilson Avenue, near the corner of Lexington Avenue. Stones were thrown and the non-union conductor and motorman fired revolvers at the crowd. It is said a woman was shot through the wrist, but the police deny this.

About the same time all available police on duty in the downtown district were called to the Humboldt Street viaduct on the Broadway line, where a riot was in progress. A crowd of a thousand men and boys were engaged in piling obstruction on the tracks. A rope was run over the trolley wires to pull them down. Only one policeman was on duty at the viaduct. He was stoned and driven from the scene and a girl was hit with a stone and seriously hurt. The patrol loads of police responded to the call and the mob was dispersed. It is feared that more damage will be done before morning.

New York, July 20.—A marvellous change has come over the strike aspect in this city. Last night there was rioting from one end of Second Avenue to the other. There was promise, too, by General Master Workman Parsons, of a complete tie up of the trolley lines in Manhattan, with its consequent inspiring effect upon the Brooklyn strikers. A general tie up has not come by any means in New York. There was little or no rioting on Second Avenue today or tonight. The cars on that line ran throughout the day almost as they had run previous to the strike. The 22d Street Avenue line, which the strike officials last night promised would be dead today, was moving right on time with only a hitch now and then far up in Harlem where a few roughs had a clear field to run.

There is no strike on the Madison Avenue line, a scheduled meeting of the far men of that line having fizzled out tonight. Practically no trolley line in New York City is affected save the Second Avenue.

In Brooklyn the Rapid Transit Company put on several hundred men, or have them ready for duty and in a general way the cars on the affected lines in that borough run on good time with what seemed to be a fair passenger traffic.

General Master Workman Parsons has called a mass meeting for tomorrow night, at which he hopes to have present representatives of 650 labor organizations of Greater New York.

The strike, according to a statement made by President Rossiter, has so far cost the Brooklyn Rapid Transit Company \$55,000, or an average of \$11,000 a day since it was started last Sunday morning.

REGRETS HIS RESIGNATION.

Manchester-by-the-Sea, July 20.—Senator James McMillan, of Michigan, who is occupying his summer residence here, gave the following statement today to a representative of the Associated Press, regarding the resignation of Secretary Alger:

"I regret that Secretary Alger felt compelled to leave the Cabinet just at this time, as I hoped that he would remain until the end of the term. I would have gladly done anything to aid him in keeping his place in the Cabinet.

"I have always felt kindly toward General Alger, and was averse to undue criticism for which he has long suffered. I have always repudiated any statement to the contrary that General Alger and I were good friends."

ANDERSON THERE TO FIGHT.

Chicago, Ill., July 20.—A special to the Tribune from Cincinnati, says:

Erigradier General Thomas M. Anderson, who is at the St. Nicholas Hotel said today:

"I believe that if we had not been held back I could have finished the war with my own division, and General Lawton, who relieved me, is of the same opinion.

"The trouble is that we fellows went over there to fight, while there were others who attend to politics and diplomacy.

"The only time that General Otis and myself disagreed was on this point. I held that the war should be pushed to completion, while his policy was still that of conciliation."

THE POLYGAMIST FINED.

Salt Lake, Utah, July 20.—Judge Morrill today imposed a fine of \$100 upon Angus M. Cannon, the defendant having by his attorney on Tuesday last pleaded guilty to the charge of unlawful co-habitation.

Mr. Cannon was not present in court but was represented by his attorney.

THE USE OF EXPLOSIVES.

What the Peace Conference Had to Say Upon This Matter.

The Hague, July 20.—The first committee of the International Peace Conference met today. M. Van Karnebeek, representing Holland, submitted amendments to the report omitting the prohibition clause from the first four points of Count Muraviev's circular, but expressing the desire that the remaining three points be made the subject of a formal convention. A long discussion followed, after which the committee unanimously supported the prohibition of firing explosives from balloons.

The delegates representing the United States and Great Britain voted together against the prohibition of the use of asphyxiating gases and explosive bullets. Because unanimity was impossible, Captain Cahlan, of the American delegation, declared that he could not modify his views, and that he would maintain his previous attitude. The American delegates explained that they voted with the British delegation on the subject of explosive bullets because they did not wish to modify their objection to any kind of restriction upon the production of war material. Captain Mahan and Sir Julian Pauncefote finally moved the suppression of the clause and proposed a formal convention upon the other three points of Muraviev's circular. This was agreed to and the amended report will be submitted to the full conference tomorrow, when it will be decided whether the conclusion of a convention upon the three disputed points is possible. A fresh convention for adapting to naval warfare the Geneva Convention of 1864 will also be submitted to the conference tomorrow.

ADOPT THIRTY-FOUR ARTICLES.

The Hague, July 20.—The third committee adopted the thirty-four articles of the arbitration scheme, with the exception of the five clauses relating to international courts of inquiry, action on which awaits the results of instructions from the Roumanian and Servian Governments to their delegates.

THE WAREHOUSE DEAL.

The Trust is Now Practically Fixed—How Danville Regards It.

Danville, Va., July 19.—The Danville Leaf Tobacco Warehouse Company, that much-talked-of trust, is now practically fixed. There were rumors of a hitch in some of the arrangements that might make the attempt to consolidate all the leaf tobacco warehouses of Danville under one management a failure. These rumors on the part of two or three of the Danville men interested grew out of some minor complication in the situation of the affairs of one of the houses proposed to be taken into the company. This complication has now been straightened out and the deeds to the purchased property and the contracts for the leased houses were forwarded today to the Produce Exchange Trust Company, in New York, which will hold the same until the stockholders shall comply with the terms of the agreement, that is, pay in the one million dollars.

Now that the whole matter is settled beyond any possibility of a failure, except by the interposition of a miracle, the company is making known by degrees its plans and purposes and the more they make known of them the more popular the trust becomes in Danville and the immediate surrounding country, and all the talk about the establishment of opposition warehouses has blown over or at least given place to a sentiment to give the big company a fair showing, and if it keeps its promises to "tote fair" with the farmers, with Danville and with the tobacco buyers, then it need not fear any building and operating of independent warehouses. The company declares now its purposes to be to make Danville the largest leaf market in the world, by concentrating all the bright leaf tobacco raised in Virginia and the Carolinas here. Where the leaf is for sale the buyers will come and hence the trust expects to have every large factory in the world that consumes the bright leaf represented on this market. If this scheme, or this part of it, works out successfully, it naturally follows that Danville's greatness as a leaf market will far exceed its present mammoth proportions.

The next important paragraph in the company's announced plan of operations concerns the farmer directly. For him they propose to greatly improve the present excellent system of handling and selling his tobacco, affording him better facilities and more advantages than he has heretofore enjoyed. The biggest item to the farmer, however, is the reasonable hope held out to him of obtaining in the main better prices for his product than he has been recently getting. And another item has removed all the wrath the farmer felt against the trust and that is the company proposes to lend him money or secure it for him at a smaller rate of interest than he has been paying. Like cotton producers, tobacco raisers sometimes have to borrow money to make their crops and they have been in the habit from time immemorial of paying 8 per cent. for this accommodation. The company promises to see to it that they hereafter pay not over 5 per cent., possibly not more than 4. These announcements have removed pretty much all of the opposition to the trust, and it is a fact that a number of well-to-do farmers who a few weeks ago were clamoring for independent warehouses to fight the trust have taken stock in the big company.

IS IT RIGHT

For an Editor to Recommend Patent Medicines?

From Sylvan Valley News, Brevard, N. C.

It may be a question whether the editor of a newspaper has the right to publicly recommend any of the various proprietary medicines which flood the market, yet as a preventive of suffering we feel it a duty to say a good word for Chamberlain's Colic, Cholera and Diarrhoea Remedy. We have known and used this medicine in our family for twenty years and have always found it reliable. In many cases a dose of this remedy would save hours of suffering while a physician is awaited. We do not believe in depending implicitly on any medicine for a cure, but we do believe that if a bottle of Chamberlain's Diarrhoea Remedy were kept on hand and administered at the inception of an attack much suffering might be avoided and in very many cases the presence of a physician would not be required. At least this has been our experience during the past twenty years. For sale everywhere. Bobbitt-Wynne Drug Co., and H. T. Hicks, Druggists, Raleigh.

ON THE DIAMOND.

Wilson, N. C., July 20.—(Special).—Tarboro won in the ninth inning one of the most interesting games of baseball played here this season. Both Kenna and Person pitched great ball. Score: K. H. E. Tarboro..... 5 8 3 Wilson..... 4 6 3 Batteries: Kenna and Luskey; Person and Brake.

NATIONAL LEAGUE GAMES.

Philadelphia, Pa., July 20.—Louisville downed the Phillies today by good, opportune hitting. The Quakers started out like winners, but after the first inning they could not successfully connect with Phillip's delivery when hits were needed. Attendance, 4,700. Score: Philadelphia... 2 0 0 0 0 1 0 0—3 10 2 Louisville... 0 2 0 1 0 1 0 2 0—6 14 2 Batteries: Magee and McFarland; Phillip and Zimmer. Umpires, Mansau and Smith. Time, 2:10.

New York, July 20.—Two bases on balls, two hits and a couple of wild throws gave four runs to the Superbas in the first inning. The Pittsburghs could do nothing with Hughes. Attendance, 2,200. Score: Brooklyn... 4 0 3 0 2 0 0 0—9 11 3 Pittsburgh... 0 0 0 0 1 0 0 0—1 6 1 Batteries: Hughes and McGuire; Leever and Bowerman and Schriver. Umpires, Swartwood and Hunt. Time, 1:50.

Washington, July 20.—The New Yorks again defeated the Chicagoas today by good batting in one inning. Both pitchers were in good shape. Attendance, 1,000. Score: New York... 0 0 0 0 4 0 0 0 0—4 6 2 Chicago... 0 0 0 0 0 1 0 0 0—1 6 1 Batteries: Seymour and Warner; Garvin and Donohue. Umpires, O'Day and McGarr. Time, 1:40.

Washington, July 20.—Both Weyhing and Knepfer pitched well today during the first part of the game, but the Cleveland twirler permitted the Senators to bunch their hits in the seventh and eighth and win. Attendance, 1,200. Score: Washington... 0 0 0 0 0 0 3 1 x—4 8 4 Cleveland... 0 0 0 0 0 0 0 0 0—0 5 0 Batteries: Weyhing and Kittredge; Knepfer and Schreckengost. Umpires, Gaffney and Latham. Time, 1:35.

Boston, Mass., July 20.—A decision by Umpire Emslie in the seventh inning, disallowing a brilliant catch of a hot liner by Collins, whereby a double play was made with Tenney, was responsible for St. Louis' victory today. The decision caused general manifestations of disapproval. Attendance 3,500. Score: Boston..... 2 0 0 0 0 0 0 0—2 4 1 St. Louis... 0 0 0 1 0 0 1 1 0—3 8 1 Batteries: Willis and Bergen; Young and O'Connor. Umpires, Emslie and McDonald. Time, 1:58.

Baltimore, Md., July 20.—McGraw's poor throw in the seventh inning lost the game for the Orioles this afternoon, and made it three straight for the Reds. It was a scrappy game, in which the players and umpires were continually arguing. Attendance 1,250. Score: Baltimore... 1 0 0 2 0 1 0 0—4 10 2 Cincinnati... 0 2 0 0 0 2 1 0—5 9 1 Batteries: Kitson and Robinson; Hawley and Wood. Umpires, Lynch and Connelly. Time, 2:00.

A NARROW ESCAPE.

Thankful words written by Mrs. Ada E. Hart, of Groton, S. D. "Was taken with a bad cold which settled on my lungs; cough set in and finally terminated in Consumption. Four Doctors gave me up, saying I could live but a short time. I gave myself up to my Savior, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for Consumption, Coughs and Colds. I gave it a trial, took in all eight bottles. It has cured me, and thank God, I am saved and now a well and healthy woman." Trial bottles free at all Drug Stores.

Regular size 50c. and \$1.00. Guaranteed or price refunded.
