## Mechanics and Investors Union

OF RALEIGH, NORTH CAROLINA.

A LOAN AND INVESTMENT COMPANY.

ORGANIZED MAY, 1893. BY

J. C. DREWRY, Pres.; J. S. WYNNE, V-Pres.; B. S. JERMAN, Treas.; GEORGE ALLEN, Secy.; J. N. HOLDING, Atty.; W. S. PRIMROSE and C. G. Latta, (all are Directors) aided by many other valuable stockholders.

This is one of the most successful and profitable Investment Companies in North Carolina, and for the following reasons:

1. It is operated under plans carefully prepared by financial and legal experts, in exact accordance with the State Laws. The plan requires one hundred payments from the investing or borrowing member, which completes the transaction and closes the contract. The investor will have paid \$66.00 and will receive \$100.00. The borrower will receive (including the loan) all that he has paid to the Union, less an amount equal to six per cent. per annum on amount loaned for one-half the time.

2. The contracts with the investing and borrowing members are liberal and equitable; both parties share in the profits of the company, and are fully protected by the "GUARANTEE FUND," making it impossible for the family to lose the investment or the "HOME."

3. The funds and income of the company are invested in first mortgage bonds on desirable residence property, and said securities are held in trust by B. S. Jerman, treasurer, for the protection and final settlement with the members.

4. The company does a cash business, owes no debts, has no outside transactions of any kind, has well secured assets for every dollar due its members, has money with which to make advances to its members, and by special provisions in by-laws it cannot be damaged by panics.

5. The utmost economy in salaries and expenses, consistent with a safe, proper and vigorous management of the business.

The managers, relying upon their most excellent plan, confidently expect with continued careful management to carry each monthly series to successful maturity within the promised time of one hundred months, and feel that they are offering to the citizens of North Carolina, a safe and profitable investment in the stock of the Union.

## ENGRAVING!

"Advertising an Art."

First-class illustrations are as necessary in illustrated ads as cleverly worded reading matter. Money spent on poor engravings is money thrown away, besides often ruining the sale of the article illustrated.

We engrave by all modern methods and guarantee our cuts to please in every sense of the word. Upon request will quote prices and send samples in any line. Also will take pleasure in submitting pencil sketches of labels, ads, etc.

We cordially invite those who have not made our acquaintance to test the claim that we make the highest grade of work at the lowest prices.

PROMPTNESS, First-class Work,  
and Reasonable Prices

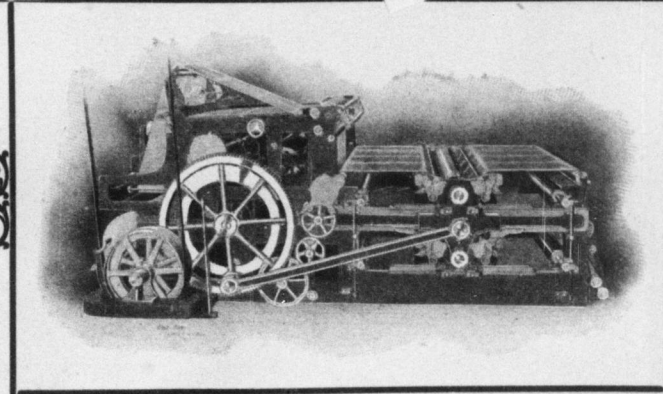

Are the Special Advantages we Offer.
