"Secretary of the Navy, Washington: "October 8th, Elliott, with 300 ma rines, at request of General Otis, at tacked insurgents outside Noveleta, carried outposts and town while General Schwan took Old Cavite and approached Noveleta at right angles. Elliott's ad-vance effected junction with Schwan at Noveleta; after resting returned naving accomplished most difficult task, highly creditable; Spaniards found Noveleta impregnable, once lost entire regiment here. Petrel shelled country ahead of Elliott, but marines subject hot fire from insurgents, two officers and nine men wounded, one man since died; fifty temporary heat prostrations.

(Here followed the names of the wounded.)

"Callao's light draft enabled her to take position whence she effectively shelled fleeing insurgents. Langhorns wounded early while dressing Hill's wound, continued caring for wounded and sick entire day, deserves highest praise.

# THE INDUSTRIAL CONVENTION.

#### Some Papers and Resolutions of Great Importance.

Huntsville, Ala., Oct. 10 .- Although the first day's session of the Southern Industrial Convention was something of a disappointment to its projectors in the matter of attendance, the two sessions were productive of considerable discusmuch merit. Governor Joseph E. Johnston, who welcomed the delegates at the morning session spoke during the afternoon on the resources of Alabama. He believed diversity of agri culture was the solution of all the difficulties and said that such diversity was bound to bring manufactories.

Hon. W. L. Chambers, of Sheffield, Ala., former chief justice of Samoa, participated in the discussion which followed one of the papers.

He said that with the opening of the Nicaragua Canal and the demand in the Philippines and other Eastern islands for iron and wood to be used in constructing buildings it would fall to the States of the South to furnish the material. This he said, would pass through cent car, the Elsmere.

Before attending the banquet of the Commercial Club tonight the President proceeded to the labor meeting which was the hall and took his seat in a decortroduced as one of the best friends labor ever had, spoke in part as follows:

# 'Mr. President and my fellow citizens:

"When labor is being employed at fair wages, homes are made happy. Well employed labor brings light and hope to American homes. The labor of the United States is better employed, better paid and commands greater respect than is found in any other nation in the world. (Applause.) Your children, your families, your boys and girls are very close to your heart strings, and the word I would leave here tonight, is that you avail yourselves of the opportunity offered your children by the splenddi schools of the city of Chicago. Give your children the best education obtainable and that is the best equipment you can give any American. Integrity wins its way anywhere, and what I don't want the workingmen of this country to do is to establish hostile camps and divide the people of the United States into dasses. I don't want any wall built against the ambitions of your boy, and I don't want any barrier put in the way of ais realizing his ambition to occupy the highest places in the gift of the public." Tonight's banquet given in President

McKinley's honor by the Commercial Club of Chicago was held in the banquet coom of the Auditorium Hotel. The club is limited in membership and not over 200 were present tonight, but they comprised the men most prominent in the commercial life of Chicago Cyrus H. McCormick presided and .n his opening speech, announced that while according to the usual custom of the club there would be no toasts, a list of speakers had been prepared of whom the first would the President, Mr. McCormick made a very neat speech introducing the President who spoke upon the material and industrial advance of Folmaterial and industrial advance of the Republic.

Following President Kinley, VicePresident Mariscal of Mexico told of the good work President Diaz has done for that country.

### DEWEY AT HOME AT LAST.

Shelburne, Vt., October 10.-Admiral Dewey is home at last. The fact that the Admiral is finally in Vermont was signalled tonight on tall mountain peaks by bon fires and searchlights from one end of the State to the other. Admiral Dewey is the guest of Dr. Seward Webb at has magnificent country residence, Shelburn Farms, and will not becom the State's guest until Thursday, at the capital, Montpelier. He came here on a special train from New York city this morning, occupying Dr. Webb's magnifi-

the rest of the world as if they had been inside a big circus tent.

Shortly before 12 o'clock the committee boat, which had gone outside to take a last look around, returned and reported no indications of a change in the weather, so the formal announcement was made that there would be no race today. Aboard the Erin, the Englishmen were in the dumps. A fluke or two they could stand, but such beastly luck crushed them. Some of them have engaged passage on the Oceanic which will sail tomorrow and consequently they will go home without having seen a race. Sir Thomas, disappointed as he was, maintained an outward show of good humor.

"I thought you clever Yankees could do anything," he shouted over the rail to some of his newspaper acquaintances, "but you don't seem able to pro-pitiate old Boreas. When you come over on the other side next year to bring back the cup, I'll guarantee you at least two races a week and more if you want them."

Shortly after one o'clock, after con-sulting with Sir Thomas and Mr. Iselin, it was decided to abide by the decision of yesterday not to sail a race tomorrow. The next attempt, therefore, will be made on Thursday, and there after daily until the series is completed. Later in the day, it cleared up and though the weather bureau's prediction of a fresh breeze was not realized, there was enough air stirring for the Columbia to hoist her sails and make a 15minute spin to try her new club topsail how her newly cut mainsail and Both were pronounced perfect by fit. the experts.

resenting Colonel Parker, a little dog being led by a string by Governor Foster and labelled "Me Too. ' About three o'clock this afternoon 'O'Malley came out of his office accompanied by Parson Davies and walked only a few yards, when Parker who was across the street conversing with some friends, turned and saw him. He started towards O'Malley and the men seemed to know that trouble was expected and began exchanging 45-calibre bullets, each firing until his pistol was empty. By the time the duel was over, the men were only about thirty feet apart, and each walked away to get attention. Parker received a ball in the side, which is a dangerous wound, and one in the shoulder. O'Malley was seriously wounded in the groin and also received bullet in the leg. A newsboy fully hundred feet away was shot in the head by one of O'Malley's bullets. The boy will recover. Both men are resting easy tonight. O'Malley has been in several shooting affrays, and Parker wounded Mayor E. A. Burke, then State Treasurer, in a famous ducl in 1882.

SCHLEY WILL GO TO GEORGIA.

And Remain There Until the Chicago is

# in Proper Shape.

Washington, Oct. 10.-Rear Admiral Schley called at the Navy Department today to arrange with the officials for the detail of his staff, and some other matters relating to the assumption of his duties as commander of the South Atlantic Station. The Admiral asked for the detail of Lieutenant Commander Sears and Lieutenant Wells, as flag lieutenant and secretary respectively. These officers held similar connection with the Admiral during the Spanish War.

The Admiral was informed it will require two weeks time to put the Chicago into shape for her cruise, so it was arranged that she should sail on the 25th instant. Meanwhile, Admiral Schley has arranged to pay a visit to some of his friends in Georgia.

TRAGEDY AT ALEXANDER CITY.

Two Physicians Fire Upon and Dangerously Wound Eeach Other,

Birmingham, Ala., October 10.-A special to the Age-Herald from Alexander City, a town on the Central of Geor-gia Railroad, 88 miles from here, says a tragedy occurred at Allen's saloon tonight about seven o'clock, in which Dr. H. J. Cameron, of the Romanoff Land and Mining Company, and Dr. P. D. Mahoney, oculist from Covington, Ga., were the principals.

Ten shots were fired, two striking Dr. Mahoney, one in the abdomen and the other in the thigh. Dr. Cameron was shot in the under jaw and in the back. The cause of the quarrel is unknown. No bad feeling was known to exist between them. Both men are danger-

nal Revenue, the appeal has been per rected and it will be taken before the Supreme Court of the United States.

The question involved is the legality of the additional tax collected under the war tax bill on tobacco already stamped. The case, in which many tobacco dealers are interested, went against Patton in the lower court.
