## M'KINLEY TO THE **BLUE AND THE GRAY**

Their Reconciliation was Baptized in Blood.

#### BOTH TRUE TO THE FLAG

IT WAS ON THESE POINTS THE PRESIDENT SPOKE.

HE WAS CHEERED TO THE ECHO BY VETS

A Heavy Rain Was Falling but This Made no Difference. Blue and Gray Struggled for First Place to Shake the President's Hand.

Evansville, Ind., Oct. 11.-President McKinley and his Cabinet came from Chicago this morning to attend the National Reunion of the Blue and Gray. A heavy rain was falling, but despite this, 1, 000 veterans and visitors thronged about the railroad station and the veterans in Gray vied with the veterans in Blue in tendering a tremendous ovation when the Presidential party arrived. Lucy swarmed about the President and Cabinet officers, cheering and extending their hands for a grasp of welcome. At the same time a presidential salute of 21 guns boomed from Camp Farragut, at the tri-State fair grounds. This was the signal for whistles and bells throug'rout the city to join in.

Owing to the short stay of the President, the party was at once escorted by the Cleveland Grays, and reception committee to the fair grounds, where President McKinley delivered an address.

Mayor W. M. Akin, presided and in-

troduced C. A. DeBruler, of Evansville, who welcomed the distinguished guests and veterans to the city. Governor Mount followed with an address of welcome on behalf of the State and intro-duced President McKinley, who delivered a short speech.

The President said:
"My fellow citizens: It gives me very great pleasure to participate with you, men of the North and men of the South, in this glad reunion of hearts. We are already united; the peace which Grant and Lee made at Appomattox has been kept, not by law or restraint, but by love and fraternal regard. The Union today rests not on force which may fail, but rests in the hearts of the people, a union that never can be severed.

"If I have been permitted in the slight-est degree to help in the work of reconciliation and unification, I will esteem it the greatest honor of my life. Ovnen I made the call for troops to prosecute the Spanish war, men from the North and South, without regard to political belief or religious creed rallied to standard of the Union. The lest men of the South came; the sons of old Confederate soldiers. The best men of the North came, the sons of the old members of the Grand Army of the Republic. All came together in heart and hand to follow the flag of their country wherever it might lead. We have been reconciled; more than reconciled, for our reconciliation has been baptized in the best blood of both sections of our beloved country. If a Northern soldier put the flag up at Santiago, a Southern soldier, the gallant Brumby, of Georgia, put it up over Manila. It rests with us to look to the future, putting the past be-hind us. And this Government relies upon the patriotism of the country, North and South, to stand by the pur-poses of the Government and follow in the pathway of its destiny.

M am glad to meet and greet you; we come together not as we came a third of a century ago, with arms in our hands, but with love for each other in our

### PEACE AND PATRIOTISM. These, With Prosperity, the Subject of

McKinley's Vincennes Speech. Vincennes, Ind., October 11.-The

President was greeted by a large crowd at this place. He spoke as follows: "My fellow citizens:

"I thank you for this most warm and generous welcome. We ought to be a very happy people. We are a very happy people. The blessings which have been showered upon us have been al-most boundless and no nation in the world has more to be thankful for than

"We have been blessed with good crops and fair prices (a voice: "And good times"). Wages and employment have waited upon labor and, differing from what it was a few years ago, labor is not waiting on the outside for wages. Our financial condition was never better than now. We have good money and plenty of it circulating as our medium of exchange. Banks may fail, fluctuation in prices may come and go, but the money of the country remains always good; and when you have a dollar of it you know that dollar is worth one hundred cents, because back of it is the Government of the United States.

"Not only have we prosperity, but we have patriotism and what more do we want; we are at peace with all the nations of the world and we were never on better terms and closer relations with each and every one of them than we are today. We have a little trouble in the Philippines, but the gallantry of brave boys who have gone there will, I trust, soon put down the rebellion against the sovereignty of the United States."

CASTORIA For Infants and Children. The Kind You Have Always Bought VIRGINIA'S TOUCHDOWN.

Scores it On Pennsylvania Just After Time is Called.

Philadelphia, October 11.-The University of Virginia today surprised themselves possibly more than they did the three thousand spectators by scoring a touchdown on the University of Pennsylvania half a minute after time was called, the final score being University of Pennsylvania, 33; University of Vir ginia, 6. It was the same old trick which was worked on Pennsylvania by Lafayette in 1896, when the latter defeated the Red and Blue eleven by the

score of 6 to 4.

Coombs had kicked the ball to Coleman on Virginia's 30-yard line. Cole carried it back five yards. Virginia sparred for wind. On the next line-up the Virginia quarter signalled "tackles left." The tackles dropped to the left end of the Southerner's line and with Gradiner, Pennsylvania's left end, allowed himself to be caught by the trick and swung over back of Pennsylvania's right end. The ball was snapped back and the Red and Blue line swerved toward Virginia's left end. Gerstle came like a hurricane, grasped the ball from Shibley, skirting Pennsylvania's left end, and was off like a flash and running like a scared door, never allowed the Pennsylvania runners to get within 10 yards of him. Coleman kicked the goal.

### LOUISIANA TRAGEDY

JUDGE BRAZIL LAPLACE KILLED BY A MASKED MOB.

Woman Involved in the Case. The Judge Married Man Who Died Under a Father's Vengeance.

New Orleans, La., Oct. 11 .- The killing of Judge Brazil Laplace was one of the most sensational which has taken place in Louisiana in years. The report in the vicinity is that a young lady was involved. Her father was connected with the plantation and left there yesterday seeking to take his daughter with him. She escaped from him and remain-ed behind. About 10 o'clock at night some one came to the door and called for the Judge. He came out and while walking down the high stairway to the road, a mob with white masks suddenly rose around him, seized him and pinioned his arms. He was led some distance. when the crowd halted, one man placed a pistol to Laplace's back and sent a bullet through his kidneys, killing him instantly. She body was left in the road, rain fell upon it during the night and it was rescued from the mud by relatives who went up from New Orleans this morning. These relatives aver that the killing was political, but the woman story is generally known, and the mob's action was based upon the fact that morow.

### A CHARMING MUSICAL.

Given by Ministering Circle of King's Daughters Last Evening.

The entertainment furnished by the Ministering Circle of the King's Daughters at the hospitable home of Mrs. McKimmon was excellent, both in the situation and rendition of the members, and was greatly enjoyed by all who were fortunate enough to be present. The "Medly of Coon Music" furnished by the amateur orchestra during the evening was loudly applauded and greatly enjoyed. The ochestra was composed of Miss Johnson, Mr. McRae and Mr. Vass, violins; Mr. Snow, cello; Mr. Eberhardt, cornet; Miss Vass, piano. Their proficiency for an orchestra gotten together simply for the occation, was remarked by the many cultivated musicians present, and the hope expressed that the organization would kept up.

Miss Turner's vocal solo was a treat of which the audience showed their appreciation by a generous encore.

Mr. Ashe sang one of those lovely old melodies which always touch our heart strings. Miss Alice Jones gave two coon rec

THE INDUSTRIAL CONVENTION DISCUSSES HOW BEST TO PROMOTE IT.

Ex Governor McCorkle Says Get Down to Business. Our Timber Interests and Mineral Resources Papers Read.

Huntsville, Ala., October 11.-The Southern Industrial Convention laid iside its regular programme for a part of the day and gave the afternoon session to impromptu speeches in support of the objects which the delegates are advocating. Congressman Bankhead, of the Sixth Alabama district, a member of the House River and Harbor Committee, was called upon during the discussion over the matter of increas-ing the South's exports from her own ports. Colonel Bankhead thought the South had been liberally treated by the committee. "Business and not politics controls and governs this committee," said the Congressman. "Out of the 35,-000,000 dollars appropriated by the last River and Harbor Bill one-third went to the Southern States. Alabama for her rivers and harbors received nearly \$2,000,000 and Georgia, Florida, Texas and other States along the Atlantic and laws and authorities and neither directly Gulf Coasts were liberally provided

Congressman Bankhead said he had no doubt the next Congress would make a liberal appropriation for the improvement of the Tennessee River, over which the committee recently made a

trip. W. G. Sadler, of Nashville, upon phosphates in the South. His paper related for the most part to that industry in Tennessee.

Judge S. G. McLendon, of Thomasville, Ga., delivered a forceful address on the railroads of the South and their relation to industrial development, and ex-Governor MacCorkle pleaded with his fellow Southerners to lay aside sentiment and politics and get down to busi-

Missouri has a strong delegation here. John P. Coffin represented Governor Bloxham, of Florida, reading a paper at the morning session on the varied resources of his State.

Edwin B. Brobston, of Brunswick, delegated by Governor Candler, of Georgia, spoke of the advantages offered by Georgia in her stores of minerals and

G. R. Desaussure, of Atlanta, formerly vice-president of the Exchange Bank, gave his lideas on how to make Southern prosperity permanent.

An interesting paper on the timber interests of the Southern States by Erwin Craighead, of Mobile, Ala., was read by Secretary Thompson.

M. V. Richards, land commissioner of

the Southern Railway Company, Washington, read a paper on immigration. Tomorrow's discussion in the Industrial convention is expected to be extremely interesting relating as it does to the race question. The problem bears almost directly upon the industrial progress of the Southland, and it will be brought to the attention of the delegates several of its noted champions.

Prof. Booker T. Washington, President of the Normal school at Tuskegee, will speak upon the question during the morning session.

Former Governor W. A. MacCorkle, the race question.

It is expected that these speeches will bring on a heated and lengthy discussion, and Colonel N. F. We must now make South Africa free or the white man's grave. The Republic's forces include all nationalities, among them a strong American corps showing it is not a case of Boer against Uitlander, but all corps showing it is not a case of Boer against, uitlander, but all nations against the English. In subscribing to the oath those who wish to remain undertake to behave in a calm, submissive manner, to remain obedient to the nor indirectly to do aught against the independence of the country or the people. BRITONS HOT TO FIGHT. London, Oct. 11.-A dispatch from New Castle, Natal, says that at a meeting held there in the interest of peace, a crowd of patriots invaded the hall, stormed the platform and moved and carried a resolution to support the Government in the war. The police were

called upon to restore order and finally cleared the hall. TO OCCUPY NEWCASTLE.

Durban, Oct. 11 .- Authentic information from Ladysmith confirms the report that it is the intention of the Boers to occupy Newcastle immediately.

HE SAYS WAR HAS BEGUN. London, Oct. 12.-A dispatch to the Daily Telegraph from Ladysmith dated Wednesday, alone among the specials received, declares that war has begun by the Boers in Natal. The correspondent savs:

'Free State burghers have seized a train at Harrismith , which was the property of the Natal Government. Last night a mounted patrol was stoned by Boers. The men's orders were not to fire unless they were fired upon."

The other dispatches only represent that hostilities are imminent.

ENGLAND'S INTERESTS THERE.

The United States Will Look After Them-Americans There.

Washington, Oct. 11.-It is practically settled that the United States will look after the interests of Great Britain in the Transvaal in the event of war. Although Great Britain has made no forof West Virginia, who is president of the convention, will deliver a speech on mal request for such action on the part of the United States up to a late hour this afternoon, it is believed that there is a perfect understanding to that effect between the representatives of the two Governments. Mr. Tower, the British Charge d'Affaires had another conference with Secretary Hill at the State British interests in the Transvaal in case the withdrawal of the British representatives was made necessary by a declaration of war.

The United States representatives in the Transvaal, and also in the British Colony of Natal and Cape Colony, as well as the consuls in the Free State will be very busy men in the event of an outbreak of hostilities, for in addition to the British interests which will be confined to their care, their attention must be directed to those of American citizens. These are by no means inconsiderable in extent and value. The best information the State Department has been able to gather tends to show that first time in more than ten years spirits there are no less than 1,000 American turpentine was quoted at 50 cents a citizens in the Transvaal and Free State citizens in the Transvaal and Free State alone, and these Americans are, as a ders to the Forty-fifth regiment at Fort Snelling, Minn., to start for San Francisco, October 22nd to embank the rule, men of standing, representing in the interests of American capitalists who have invested in the gold and dia- Phones mond fields to the extent of many mil
