The boats were promptly got over the sides, the crew working as if they were at drill. The safety of the ladies and children was the first consideration. As the fire had by this time consumed the greater part of the passengers' belongings they had to get into the boats as they had come up from their bunks, and some were in very light raiment.

The scene was a striking one, with some touching aspects, as husbands and fathers parted from wives and children. Although everything was carried out under/the most trying conditions, thanks to the great coolness of the captain and the crew, there was no panic, all of the passengers being gotten into the boats and into the two fishing boats said to belong to Yarmouth, which had come up in the meantime.

Captain Frolich and the crew, but the latter preferred to remain by the vessel so long as there was any chance of saving her, although there was the greatest danger in doing so, her hull being red hot at the time and there being every evidence that she would burn for a considerable period.

The passengers say they heard from the officers that Captain Frolich hope to put his steamer ashore at some point the coast where there will be a pos sibility of salving her.

## The Dukes Buy Florida Land.

A firm of real estate dealers at Orlando, Fla., reports the sale of ninetyfour thousand acres of land in Lake county, that State, to "Duke & Sons of Durham, N. C., the well known manufac turers of Bull Durham, Duke's Mixture and Duke of Durham cigarettes.

In reply to the question by a reporter of the Jacksonville Times-Union and Cititzen, "What do you think the Duke people are going to do with the land?" one of the real estate men said:

"They are after the lumber first. Lumber is scarce, and prices are advancing every week, while the demand is increasing. I do not know what they intend to do with the land after they have taken off the lumber, but in all probability they will extend their plantations and grow tobacco on this land, which is well adapt

ed to tobacco culture. I understand that they intend to build a railroad across th country where they will connect with the Florida East Coast Railway system, either at Titusville or Mimms, and as a portion of the estate purchased is close to Lake Charm, they may also connect with the Florida Central and Peninsula Railroad of Oviedo.

"I consider the sale of the 94,000 acres of land to the Duke concern of much importance to Florida. They are financially able to open up that really fine section of Florida which is now flatwoods and turpentine forests.

Goebel gained 52 votes this afternoon on the official count of the returns from this city. It was in the first precinct of the eighth ward. Aside from this there was no change anywhere in the State today. It is thought the canvassing of the Jefferson county vote will be completed in a few days. Then the whole question will be put before the State board which will meet at Frankfort some time between now and December 4th.

One vote is the plurality credited to Goebel in the State by the Courier-Journal in its table of election returns corrected up to a late hour last night This table includes a gain of 133 votes in Harrison county, where the county commissioners threw out two Taylor precincts.

The Commercial's figures show no change yesterday, Taylor being given a plurality of 3,134.

DEMOCRATIC CONFIDENCE. Frankfort, Ky., Nov. 15.-It is conce led here that the Kentucky election will remain a tangle until the meeting of the State Election Commissioners, the date of which has not been set but which

will occur in the last week of this month. County election commissioners in Knox ounty who certified to the vote in that county will file a supplemental state ment with the State board, stating that

fraud and intimidation were practiced by the Republicans in every precinct and that the county commissioners were overawed and forced by a mob of drunken men to certify the vote and will conclude by recommending that the entire vote be thrown out. General Taylor received 1,384 majority in Knox county. There is renewed confidence around

ably as a result of the decision of the Court of Appeals today dealing an un-expected blow to the Republicans by a y in advance the mandamus suits filed by Taylor's attorneys in several counties to compel the county election comnissioners to certify the vote. It is probable now that the Jefferson board, which includes Louisville, will proceed to throw out several precincts in that city contested on grounds of fraud, espe cially where the State militia were present or near the polls on election day. may now be almost wiped out.
